MIRACLE®**

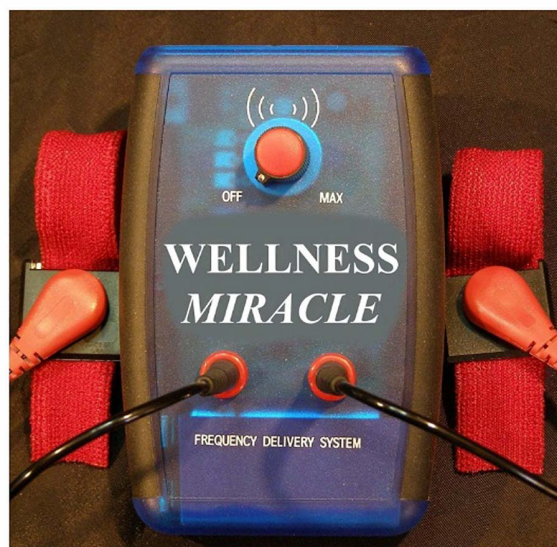

The Wellness Miracle® is a third generation frequency delivery system. Users say their symptoms disappear in as little as 10 minutes. It combines the work of four different researchers to deliver a powerful harmony of energy to help the body restore itself to homeostasis.

It **uses research done at the Einstein College of Medicine** and delivers over 30 times what they found to be effective.

It **uses what Dr. Hulda Clark says is effective** to destroy bacteria, viruses and parasites by delivering up to three times what Dr. Clark specifies.

Mr. **Ed Skilling** and Dr. **Bob Beck** use an electronic "hammer" which is incorporated into the Wellness Miracle to effectively "pound" micro-organisms in the body like a prize fighter would pound his opponents.

The Wellness Miracle® delivers a thousand times more than the usual frequency specific micro current that researchers use for "blood cleaning".

K. Ladubec indicates, "Your brain cells reset their sodium & potassium ratios when the brain is in the Theta state, corresponding to a restful, near sleep condition". The Wellness Miracle operates in that range to help your body "recharge" its immune system.

A Zyto **blood scan** couldn't detect any Herpes, Hepatitis B, or other viruses after using the Wellness Miracle for three 15 minute sessions in a 12 hour period in spite of a scan showing 27 different viruses the previous day including Herpes and Hepatitis B.
