How It Works

1. Download .epub file to a compatible device
2. Open Amazon Send to Kindle link and sign in: https://www.amazon.com/sendtokindle
3. Send to your Kindle by dropping the file, submit, and wait for it to load on your Kindle
4. Queue the file when it appears on your Kindle for it to download
5. Before turning off Kindle remember to select file and have "Cover on Lock Screen" selected in Settings

all done!
