November 20, 2023

Dear Landlord:

Kaitlyn Hyatt is my patient and has been under my care since 4/27/2023. I am familiar with her history and with the functional limitations imposed by her mental health diagnoses.

Due to her mental health diagnoses, Kaitlyn has certain limitations regarding anxiety and social interactions. In order to help alleviate these difficulties, I am prescribing an emotional support animal that will assist Kaitlyn in coping with her mental health diagnoses.

Should you have additional questions, please do not hesitate to contact me. I will discuss any concerns you may have with a signed release from my patient.

Sincerely,

Christopher J. Worlton, PMHNP-BC

A handwritten signature in blue ink, appearing to read "Chris Worlton PMHNP-BC", is written over the printed name.

Emotional Support Animal Name: Oakley

Emotional Support Animal Breed: Labrador Retriever

Emotional Support Animal description: Black, Female, 8 Years Old, Spayed
