1. Introduction (Page 3-4)

Welcome to your guide on how to earn an extra \$3700 a month! This comprehensive guide provides detailed, actionable strategies for creating and selling digital download products. Whether you're a busy mom, side hustler, or someone looking to boost your income, you'll find practical tips and real-world examples to help you succeed.

2. Understanding Passive Income (Page 5-6) Passive income is money earned with minimal effort after the initial setup. It can come from digital products, investments, or rental properties. Unlike active

income, which requires continuous effort, passive income allows you to earn money while you sleep. This guide focuses on digital download products as an ideal way to generate passive income.

3. Why Digital Download Products? (Page 7-8) Digital download products are perfect for generating passive income because they require a one-time effort to create and can be sold repeatedly with minimal ongoing maintenance. Examples include e-books, printables, online courses, digital art, and software. These products can be distributed easily online, have low overhead costs, and provide a scalable way to earn income.
