## Chapter 1

Luo Yi was packing his schoolbag when someone suddenly grabbed his butt. He turned around in shock and saw Chu Chen's bright smile.

He was dazzled for a while by this smile. Chu Chen's hand then went from his butt to his shoulder, practically leaning his whole body weight on him.

Chu Chen was still laughing, "Ah Tu, you're so fun to mess with. I surprise you every time."

Chu Chen was a head taller and stronger than Luo Yi. With Chu Chen pressing his entire weight on him, Luo Yi could barely stand steadily and only balanced himself after wobbling and grabbing the desk.

But after this, it looked like Chu Chen was holding Luo Yi in his arms.

The male students passing by whistled, "Hey, Chu Chen. You're teasing Ah Tu again!"

Chu Chen raised his eyebrows and proudly rested his chin on Luo Yi's shoulder, but said, "Go away, how dare you call him by Ah Tu! Call him class monitor!"

As he spoke, his breath kept brushing Luo Yi's cheek. Luo Yi's body was burning up as he felt Chu Chen's body temperature through their school uniform.

Yet for some reason, Chu Chen leaned closer to his ear and whispered, "Ah Tu, come to my house later. My parents aren't home today."

Luo Yi's entire face flushed, and he quickly pushed Chu Chen away, "Let me go, you're so damn heavy, and it's so hot!"

Chu Chen let go of him and leaned on Luo Yi's desk, smirking at him.

Luo Yi's face was burning so much that he didn't dare to look at him at all. Instead, he frantically shoved everything into his schoolbag, but Chu Chen took it as soon as he buckled up his schoolbag.

Chu Chen carried his schoolbag and urged him, "Let's go, let's go!"

There was a group of boys waiting at the door. They started howling when they saw Chu Chen walking out, "Ah Tu, hurry up!"

Chu Chen walked towards them and started quarreling, "I told you to call him class monitor!"

Luo Yi stood there watching them laugh and couldn't help sighing. He knew it would be like this...

Teenage boys were always restless. This kind of restlessness could be reflected in different forms, and sex.... was the most important for them.

Everyone was curious, and after satisfying their curiosity, they became addicted.

Luo Yi found out that Chu Chen was the most addicted one out of them all, so addicted that his house had become a base for the boys in the class to watch porn.

Luo Yi was captivated by it, but what intrigued him wasn't the porn that Chu Chen secretly stashed, but Chu Chen himself.

Under the influence of porn, the boys had terrific speed and soon arrived at Chu Chen's house in no time.

The doors were locked, the curtains were drawn, the porn was ready, and the tissues and snacks were in place.

Within a few minutes after playing the porn, the boys on the big sofa in the living room took out their penises one after another, among which Chu Chen took off his pants the fastest.

Luo Yi sat beside him and could clearly see the wetness on the tip of his erected penis. Chu Chen stared fixedly at the porn on the television screen, slightly panting while his hands moved up and down. Then, as if he felt Luo Yi looking at him, Chu Chen suddenly turned around.

It's too late for Luo Yi to look away, and he was caught red-handed. His heart thumped in fear that Chu Chen could see through his concealed feelings.

Chu Chen leaned over with a smirk and asked him in a low voice, "What do you think, is it big?"

Luo Yi felt what Chu Chen said was incredibly shameless, but he couldn't say anything to deny them because... it's indeed big....

Chu Chen didn't need Luo Yi to answer him, and he straight up grabbed Luo Yi's pants, "Ah Tu, don't be embarrassed...."

While he repeated the same words, Chu Chen took off Luo Yi's pants regardless of his struggle and accurately grabbed that vital part.

Luo Yi already had a semi-erection when listening to Chu Chen's movements and seeing his cock. Now that Chu Chen grabbed his member, that warm and wet touch made him completely erect and almost ejaculated instantly.

Chu Chen's hand... That wet feeling was Chu Chen's...

Luo Yi was blushing so hard, and his brain was buzzing. However, Chu Chen didn't stop there and proceeded to skillfully move up and down with his hand, apparently using all the techniques he grasped on Luo Yi.

Although Luo Yi had masturbated on his own before, his techniques were way lesser than Chu Chen's, and his whole body was trembling when Chu Chen touched him.

Of all times, Chu Chen kept asking him, "How is it? Does it feel good? Does it feel better than you masturbating on your own?"

Luo Yi bit his lips and glared at Chu Chen, wanting him to let go.

It so happened that he was a little short-sighted and had tears in his eyes. Everything looked a bit hazy and watery, and he didn't look threatening at all.

Chu Chen knew that Luo Yi must be feeling good from how he reacted. He then moved closer and pulled Luo Yi's hand towards his lower body.

When Luo Yi was forced to touch that hot and erect cock, he could feel himself exploding, "Chu Chen! You..."

Chu Chen's entire body was literally pressing against him, and his hot breath sprayed on his face, "Ah Tu, your hand is so soft... It feels so good... Touch me... I'll help you too."

His hand didn't stop moving when he said that, making Luo Yi's waist soft and his limbs weak. He could only follow Chu Chen's hand movements and give him a hand job.

Realizing that his hand's movements were getting smoother and wet, Luo Yi knew that Chu Chen must be enjoying it as well.

However, Chu Chen was not satisfied as Luo Yi's hand job was not up to par. He withdrew the hand that had been holding Luo Yi's hand and put both hands on Luo Yi's penis, "Ah Tu, copy what I'm doing."

Then his fingertips started fondling with Luo Yi's glans, and even his testicles weren't ignored.

Luo Yi never experienced such fondling before and couldn't care less copying Chu Chen's movements. He could only move his hands recklessly and bite his lips with restraint, swallowing back the moans that were about to escape from his throat.

Chu Chen saw Luo Yi's hands shaking from the pleasure and muttered under his breath, "Then I'll help you first, and you can help me later..."

Probably thinking about getting Luo Yi to ejaculate first, so Luo Yi could focus on stroking him, Chu Chen used all his techniques on Luo Yi.

Luo Yi, the little virgin who didn't even masturbate that much on his own, couldn't withstand Chu Chen's fondling, and it soon delivered its goods.

Luo Yi leaned back on the sofa, panting. The sound of his racing heartbeat after an orgasm filled his ears with his classmates' heavy panting and the porn stars' moaning on television as the background noise.

The whole scene was incredibly lewd.

In front of him, Chu Chen was complaining while wiping his face with a tissue. His semen got onto Chu Chen's face due to his sudden ejaculation.

Luo Yi was at a complete loss at what he did, but it made him feel bewitched.

That was Chu Chen...

Chu Chen wiped his face clean, then moved closer to hold Luo Yi's hand again and said with evil intentions, "I'm going to cum on your face later."

## Chapter 2

Luo Yi was blushing so hard as he stammered, "It's not... not like I did it on purpose!"

"I don't care. I'm going to cum on your face anyway,"

Chu Chen said while guiding Luo Yi's hand towards his prick.

Luo Yi's penis was still exposed, and he hurriedly said, "Wait, let me put on my pants first!" Chu Chen refused to wait and said evily, "What's wrong? Are you embarrassed?"

"I'm not embarrassed!"

Luo Yi increased his volume, which attracted the energetic students who were masturbating at the side to look at them, "What's wrong?"

Chu Chen shamelessly said, "It's nothing. I want Ah Tu to give me a hand job, but he's embarrassed! So you guys are not allowed to look!"

Luo Yi really wanted to strangle him. How could he say that out loud!

The boys themselves were getting excited, and after causing a short uproar, they plunged into the exciting porn. Unfortunately, they didn't have the mood to care about them.

To prove that he's not embarrassed, Luo Yi braced himself for Chu Chen was guiding his hand to help him masturbate.

Chu Chen's palm was already hot enough, but his excitement increased the temperature of his hand. Coupled with the hot temperature of his erection, Luo Yi felt like his hand was burning.

His eyes couldn't help but glance at Chu Chen's dick. His member was so much thicker and longer than his, and his reddish glans was dripping with precum.

Luo Yi dropped his gaze, feeling his mouth parched and tongue scorched. He tried his best not to look at it, but his eyes couldn't help glancing there.

It's also Chu Chen's first time receiving a hand job from someone, and it felt so much better than masturbating on his own. The only thing he was unhappy about was that Luo Yi kept trying to withdraw his hand.

"Ah Tu, don't withdraw your hand. I'm having a good time, and you have to move your hand too."

Luo Yi listened to his heavy panting, gritted his teeth and endured the urge to withdraw his hand, finally accepting his fate and started jerking Chu Chen off.

Chu Chen saw that although Luo Yi's face was facing sideways and his gaze dropped, his movements were more cooperative than before. He then asked for more, "Touch my balls and my glans. Just like how I touched you just now."

What he said reminded Luo Yi how it felt when Chu Chen jerked him off just now, and his heart felt itchy and empty.

Luo Yi thought with a guilty conscience. If Chu Chen knew his feelings towards him, would he still do what he did right now, helping each other to masturbate?

He definitely won't!

Luo Yi's heart trembled with fear and then realized that he was the one with sinful intention. So technically, it was him taking advantage of Chu Chen!

So he tried to remember how Chu Chen helped him and did his best to jerk Chu Chen off.

Chu Chen wasn't well-behaved at all. He asked Luo Yi to grab harder for a while, then asked him to move faster.

Luo Yi's hand was already sore, yet Chu Chen hadn't finished. He couldn't help saying, "Are you done yet? My hand is sore."

Chu Chen was originally squinting his eyes and panting, then smiled smugly when he heard what Luo Yi said, "How is it? Did it last longer than you?"

Although what he said was true, Luo Yi was still a man in the end and couldn't admit something that affected his dignity as a man.

"Any more nonsense, and I'll leave you!"

Chu Chen was about to reach climax. But, when he figured out that Luo Yi was furious, he shut up quickly, fearing that he couldn't ejaculate in the end.

So he turned to watch the porn on the television. The porn was reaching its climax as the blond and blue-eyed actress was being sandwiched between two handsome actors.

Chu Chen stared at it intensely, and his breath became heavier.

Luo Yi clearly felt that the shaft in his hand seemed to enlarge and become harder. But before he could react, Chu Chen pushed away his hand.

Completely surprised, Chu Chen stood in front of him with his hand quickly jerking off his dick, and a stream of hot semen shot out from his glans and splashed onto Luo Yi's face.

Luo Yi's eyes widened in surprise, and his lips gaped open. Then, before he could recover from the shock of being ejaculated in the face, some semen was ejaculated directly into his mouth!

Chu Chen's brain buzzed when he saw this scene. Then, like he was possessed by a ghost, he grabbed Luo Yi's chin and thrust his penis into Luo Yi's slightly opened lips.

Although this situation came down suddenly, Chu Chen still remembered how to force Luo Yi to open his mouth so that he could penetrate deeper.

Luo Yi's mouth was hot, and his tongue was very soft. Chu Chen thrust forward forcefully and ejaculated every bit of his semen against Luo Yi's throat!

Their oral interaction was only half a minute long, coupled with the fact that the porn on the television was playing its most exciting part. So no one noticed Chu Chen retreated from Luo Yi's mouth.

Luo Yi covered his mouth, coughing while glaring at Chu Chen. He couldn't believe what happened just now.

Chu Chen, too, couldn't believe that he had thrust his cock into his best friend's mouth!

After seeing Luo Yi glaring at him, Chu Chen quickly and awkwardly took a tissue from the table and handed it to him. He then whispered, "Quickly spit it out!"

Luo Yi was furious. Spit, my ass! Chu Chen had just now ejaculated down his throat. How could he spit it out!

Chu Chen saw that he didn't take the tissue from his hand. His face turned pale for a moment, then red when he suddenly realized something.

Luo Yi... swallowed...

Swallowed... Swallowed... Swallowed...

Luo Yi felt even more annoyed when Chu Chen was staring at him. Finally, he snatched the tissue from Chu Chen's hand, wiped his face, and stood up to put on his pants.

Chu Chen knew that he was angry at him, and he subconsciously pushed Luo Yi back on the sofa.

Luo Yi's strength was no match compared to Chu Chen's, and he was easily pushed back to the sofa. Then, after failing to escape by struggling, he landed a solid kick on Chu Chen.

Chu Chen grunted in pain. Luo Yi stopped struggling for a moment, then snarled angrily, "Let me go!"

Chu Chen looked at him pitifully, "Ah Tu... Ah Tu, I'm sorry...."

"Ah Tu, please don't get mad at me. I was out of my mind just now and got caught up in desire... Why don't you beat me up?"

Luo Yi almost forgave Chu Chen when he was talking in this manner. But the thought of what Chu Chen did to him boiled his anger again, "Let me go!"

"I'm not letting you go! Unless you're not mad at me anymore...."

Luo Yi was so angry that he scolded, "You bastard!"

"Yes, yes! I'm a bastard! Ah Tu, don't be mad!"

Luo Yi stayed silent. In fact, he's not as angry as Chu Chen thought. It's just that his mind was a mess, and he needed time alone to calm down.

Chu Chen thought Luo Yi didn't want to talk to him anymore. So he let go of Luo Yi, stood up then forcefully brought Luo Yi upstairs.

Luo Yi was literally dragged upstairs. After Chu Chen dragged him to his room, he closed the door and locked it.

Before Luo Yi could react, he felt a cold breeze over his lower body. Then he watched as Chu Chen squatted down and sucked his cock...

## Chapter 3

Luo Yi let out a big gasp. What happened right now in front of him was something that never appeared even in his wet dreams!

His stunned look gave Chu Chen plenty of time to act. He tried hard to lick Luo Yi's softened manhood while his hands were fondling his testicles.

Luo Yi's cock soon erected from the heat of Chu Chen's mouth, the stimulation of his tongue, and the fondling on his testicles.

He leaned against the door with his legs trembling. His legs felt so weak that he could barely stand.

“Chu Chen... You... Let me go!”

Luo Yi’s restrained voice had a sobbing tone. This unfamiliar and overpowering stimulation was too much for him to handle.

He wanted to push Chu Chen away, but Chu Chen was too evil. Whenever Luo Yi tried to push him away, Chu Chen would suck him harder, and his lips and tongue movements became more intense.

Luo Yi’s cock was still inside Chu Chen’s mouth, so he didn’t dare to struggle hard. His hands that were pushing Chu Chen’s shoulders became more and more powerless.

To be honest, Chu Chen’s blowjob was far behind compared to his hand job. But how could Luo Yi, a pure and innocent virgin who couldn’t even stand a hand job, withstand such a fierce battle.

The temperature in Chu Chen’s mouth, his soft lips, his tongue applying different pressure, and his teeth that accidentally brushed across his penis caused Luo Yi a little pain. Just thinking about how Chu Chen was the one giving him a blowjob was enough to provide him with a sensation that felt like it was the end of the world.

Both psychologically and physically, Luo Yi was experiencing extreme excitement at this moment.

His hands stopped pushing Chu Chen and instead used them to cover his mouth. But even so, he could hear his shameful moans spilling out from his mouth.

His thighs were trembling so much that he couldn’t stand, and he was about to slide down along the door.

Chu Chen took the opportunity to slide in between his legs. He lifted one of Luo Yi’s legs, ripped off the pants hanging from his ankles, and set his leg onto his shoulder.

Chu Chen was also feeling a little dizzy at the moment. At first, he just wanted to give Luo Yi a blowjob to make up for his reckless behavior just now.

But listening to Luo Yi's uncontrollable and sobbing tone. He couldn't control himself any longer, and he wanted to hear more.....

Chu Chen suppressed the urge to gag and tried hard to send Luo Yi's penis deeper. He carefully avoided his teeth and sucked harder. And of course, what he did exchanged more suppressed moans from Luo Yi.

His hand unconsciously groped Luo Yi's smooth leg, and it naturally went to touch Luo Yi's ass.

Luo Yi's figure was relatively slender for a teenager. But his ass was somehow extraordinarily fleshy, round, and curvy. It felt superb to the touch.

Chu Chen usually couldn't help himself touching his ass in regular times. Now that Luo Yi's ass was naked, it's even harder to control himself not to touch it.

Once he touched it, there's no going back. His other hand went to touch Luo Yi's ass as well. He felt that the two pieces of ass cheeks had a suction, and it made him couldn't take his hands off once he put his hands on them.

In the end, what was originally a touching action turned into a kneading and groping action, almost like playing with dough.

Luo Yi felt embarrassed as he could clearly feel his ass cheeks being kneaded and separated from time to time. The hidden place between his two ass cheeks curled up, shivering because of its contact with the air.

He wanted to tell Chu Chen to stop kneading, but as soon as he removed his hands from his mouth, he was startled by his moans.

So Luo Yi could only cover his mouth tightly to ensure that shameful voice wouldn't come out again.

Chu Chen heard that clearly, and he could feel all the blood in his body suddenly rushing to his lower body. His dick hardened so fast that it hurt.

After that, his hands that were kneading Luo Yi's ass cheeks couldn't resist the urge to grab those two pieces of flesh and pressed them towards himself. His entire face was buried under

Luo Yi's crotch, and his cock went deeper inside his throat, so deep that it's like he was itching to swallow those two testicles as well.

Luo Yi finally cried out. He was terrified at the indigestible pleasure, and the muscles of his thighs couldn't stop twitching. He didn't fall to the ground due to Chu Chen supporting him. After Chu Chen deep throated him, Luo Yi couldn't help ejaculating into his mouth.

The pleasure of ejaculation made Luo Yi's brain go blank, and his hand slipped down from his mouth. Chu Chen then teasingly sucked his softened member, causing him to sob and arch his waist.

When his shaft slipped out from Chu Chen's mouth, Luo Yi felt like he had just come out of a lake. His white T-shirt clung to him as sweat wetted his upper body.

After Chu Chen let go of Luo Yi, he leaned on the door and slowly sat down on the carpet.

He then saw Luo Yi's tear-stained face as if he was bullied hard with both of his eyes reddened and watery. He looked like a small rabbit, both pitiful and cute.

His lips were red as well, with his bottom lip a little swollen. Maybe it's because he bit them too hard just now.

Thinking about how the rosy lips of Luo Yi swallowed his own semen just now, Chu Chen couldn't help but take a big gulp.

There's still the smell of Luo Yi's semen in his mouth. It tasted a little bland, probably because he already ejaculated once recently. But at this moment, its taste was extraordinarily aphrodisiac.

Luo Yi hadn't recovered from the orgasm after getting a blowjob. His mouth gaped open while breathing heavily, and his chest was rising and falling violently.

Chu Chen inevitably noticed the two points on his chest sticking out from Luo Yi's sweaty T-shirt. A thought suddenly flashed in Chu Chen's mind. That place of Ah Tu looks so tender... And pink...

Chu Chen thought in his mind. I want to touch it. In the end, he really touched it.

And he directly reached in from the hem of the T-shirt!

Luo Yi was stunned. He hadn't even recovered, and Chu Chen was doing it again!

He asked, dumbfounded, "What... What are you doing?"

Chu Chen was a little dumbfounded as well, "I... I just want to touch it...."

Luo Yi didn't know how he should react, so he could only glare at him.

Chu Chen's mind was actually in a perilous state because he had some thoughts in his mind. I feel comfortable touching Ah Tu... Every part of him feels comfortable to touch...

His small nipples are very soft at first, and they turn hard after touching them... His skin is so smooth... His ass is so soft...

In the end, Chu Chen's penis that was already erected until it hurt him became even harder.

Chu Chen's gaze moved from Luo Yi's chest to his face again. To be more precise, his gaze shifted to his rosy lips.

As if his brain was invaded by aliens, he said, "Ah Tu, can you give me a blowjob...."

"....."

Luo Yi calmed down and asked, "What did you just say?"

"Give me a blowjob!"

Luo Yi was irritated, "Blowjob, my ass! Chu Chen, you're a bastard!"

After he finished cursing, someone suddenly knocked on the door he was leaning against behind him, and he heard his classmate's voice from outside, "Ah Tu! Ah Chen! Are you two quarreling? Are you guys okay?"

Luo Yi's whole body froze, fearing that his classmates outside would know what they had done just now.

Chu Chen didn't think twice before shouting, "Get your ass back to jerking! Why are you such a busybody! Don't disturb me from coaxing Ah Tu!"

He stood up as he shouted back, and he moved his erected penis towards Luo Yi's mouth. His eyes shone with eagerness.

## Chapter 4

Luo Yi heard his classmates shouting from outside of the door, "Ah Chen, don't you dare bully Ah Tu!" At this moment, Chu Chen's glans had touched his lips.

Chu Chen had just ejaculated before, and he didn't wipe himself after ejaculating. At this moment, all Luo Yi could smell was a smell full of male hormones and aggressiveness.

That wet glans was rubbing against his lips, and it felt hard and hot.

Luo Yi's whole body was stiff. He believed that Chu Chen must have gone crazy!

He glared at Chu Chen, and Chu Chen was looking back at him. But the way he looked at him was so intense that it made Luo Yi shiver.

Chu Chen rubbed his glans against Luo Yi's lips while whispering, "Ah Tu, open your mouth. I don't feel comfortable...."

Luo Yi's lips became wet due to his rubbing. His red and swollen lips became more attractive.

Chu Chen could feel his throat dry and thirsty, "Ah Tu...."

His voice is deep with a bit of hoarseness. It didn't sound unpleasant. Instead, it sounded bewitching.

Luo Yi felt someone tugging at his heartstrings. He looked away and finally opened his mouth, sucking the glans that kept rubbing against his lips.

It's salty and had a fishy smell of semen. It's really not something that tasted good.

And... To be honest, it's a little too thick. It's pretty difficult for him just from sucking the glans, not to mention that bastard, Chu Chen, couldn't wait to thrust deeper after entering his mouth.

Luo Yi's mouth was so stuffed that it almost reached his throat. There's still a massive chunk of Chu Chen's penis outside of his mouth!

What's the point of having such a long and thick cock! It's causing him so much trouble! Was this bastard trying to choke him to death! Why are you still thrusting inside!

Luo Yi fiercely glared at Chu Chen, pushing him with his two hands to stop him from going too deep as he was on the verge of vomiting.

But what Chu Chen saw from his point of view was Luo Yi's teary eyes, trembling eyelashes, flushing face, and his mouth stuffed with his prick.

He captivatingly caressed the corners of Luo Yi's mouth. He stepped backward from Luo Yi's pushing but quickly thrust inside when Luo Yi took the time to pant.

That little mouth of his was so hot and soft inside. It's making him feel so good...

Luo Yi, who was on the verge of rolling his eyes, couldn't wait to bite off his dick. Was he seriously treating him as a masturbation cup! Why was he thrusting so deep!

Although that's what he was thinking inside, Luo Yi carefully made sure that his teeth didn't touch Chu Chen and tried his best to endure the nausea of deep throating.

He didn't know when his classmates outside of the door left. He almost lost half of his life just from coping with Chu Chen.

Never mind him thrusting into his mouth. The point was that his hands weren't well-behaved as they kept touching his ears and neck!

Chu Chen was clearly aware of how ticklish he was! How dare he still touch him! He felt so itchy!

After Chu Chen almost thrust inside his throat once again, Luo Yi finally couldn't stand it anymore. He slapped away Chu Chen's hand that was caressing his neck and moved his head to the side, spitting his dick out from his mouth.

Luo Yi panted with his hands propped up on the carpet. The soreness of his mouth was so dreadful that he couldn't feel his mouth, but Chu Chen came over and hugged him while constantly rubbing against him.

As soon as he was about to say something, he felt something hot and hard, initially rubbing against his ass, going to his ass crack.

Luo Yi's whole body was on fire, and he roared furiously, "Chu Chen!"

Chu Chen didn't say a word and continued to hug him tightly. His coarse and rapid breathing was just behind his ear, making Luo Yi itchy and uncomfortable.

Chu Chen's wet cock was rubbing against Luo Yi's ass crack. As he moved faster and faster and Luo Yi could feel the pulsating shaft, he knew that Chu Chen was about to ejaculate.

Chu Chen couldn't help licking Luo Yi's earlobe and sucking that delicate skin when he was on the verge of orgasming.

This kind of behavior was really way out of the line... Luo Yi closed his eyes, gritted his teeth, and kneeled over there, letting Chu Chen's dick thrust quickly between his ass cheeks.

The entire world seemed to be only left with Chu Chen's heavy breathing in his ears and his own heartbeat. Luo Yi shamefully realised that he had an erection from Chu Chen's rubbing.

His thrusting between Luo Yi's ass cheeks suddenly stopped, and Chu Chen hugged him harder. His strangling made his arms hurt.

Luo Yi felt a stream of hot and humid liquid filled the space between his ass cheeks, then it flowed along the crack to his testicles, then to his hard cock.

Luo Yi listened to Chu Chen's breathing gradually calming down, and his member between his ass cheeks turned soft. But Chu Chen was still hugging him and refused to let him go.

Luo Yi shouted at him impatiently, "Let me go!"

Chu Chen let him go and retreated to the side.

Luo Yi's eyes reddened, pursed his lips, and stood up. Semen trickled down his fair legs, and he couldn't even put his pants back on with his erection.

Chu Chen was staring at him in the back. Luo Yi's asscheeks were plump and curvy, and his upper body was covered with red marks. Even his ass was reddened and wet with semen by him.

And those two slender legs... They could literally kill him just by looking at them...

Luo Yi stood there for a long time and finally couldn't resist, "Chu Chen, you've gone too far today!"

His voice was shaking, and he sounded aggrieved.

Chu Chen didn't know what to say. He of course knew he went too far today.

If he just stopped after giving Ah Tu a blowjob, then his intention was just to make up for his reckless behavior when they were downstairs. But then, not only did he force Ah Tu to give him another blowjob, but he also rubbed against his ass cheeks and ejaculated on it...

In retrospect, Chu Chen thought that what he did was a dick move, but... But he couldn't help himself at all!

Chu Chen rubbed his face, thinking that he acted like a beast. He opened his mouth, and some words seemed to have reached the edge of his mouth, but he didn't know what those words should be.

After a while, he then said, "Ah Tu, I'm sorry. I won't do it again."

Luo Yi blinked rapidly, trying to hold back his tears, but failed. Tears soon slid down his cheeks.

He liked Chu Chen and could do many things for him. But this kind of thing wasn't included, because Chu Chen had no feelings for him!

Chu Chen watched as Luo Yi stood there for a long time without moving and suddenly panicked. He quickly got up from the floor and turned Luo Yi around by grabbing his shoulder, only to see tears on his face.

Chu Chen was terrified, and he felt his heart stop beating and throbbing in pain, "Ah Tu! Don't scare me! I definitely won't do this anymore in the future! Don't... Don't scare me...."

Luo Yi's tears couldn't stop flowing at all, and his lips were constantly shaking, "You went too far...."

How could he do this... Chu Chen obviously didn't like him, so why did he still do these kinds of things to him...

Thinking about the small stack of porn that Chu Chen had collected; The protagonists on them were all beauties with huge breasts and thin waists. There's not the slightest possibility that Chu Chen would like him at all.

Luo Yi wasn't feeling well, and his pale face was full of tears.

Chu Chen panicked and quickly hugged him, "Ah Tu, it's my fault. I'll listen to whatever you say in the future. If I do this again, you can ignore me forever. Ah Tu, please say something. I know what I did was wrong...."

Luo Yi leaned his face against Chu Chen's chest and said after a moment, "Chu Chen, let's keep our distance in the future."

Chu Chen was startled, and he yelled reflexively, "No way!" Luo Yi calmed down and continued, "Chu Chen, listen carefully."

Chu Chen's body jolted. He had a feeling that what Luo Yi was going to say next would be severe. He was afraid that Luo Yi would break up their friendship, so he reflexively hugged Luo Yi tighter.

Luo Yi leaned against him, enjoying the last few moments of intimacy, then said, "Chu Chen, I like you. Not as a friend, but romantically."

Chu Chen froze. The weight of the information he had received was too great for him to digest.

Ah Tu likes him... Likes him... Likes him...

Ah Tu actually likes him!!!

Luo Yi said, "I'll misunderstand the situation if you treat me like this. If you don't like me, then stay away from me from now on."

After Luo Yi finished speaking, he felt relaxed, as if letting go of a burden that he carried for a long time. But his heart felt empty, and there's an indescribable pain.

Luo Yi planned to not tell Chu Chen about his feelings for him forever, and they could still stay together as they had since they were children.

But today, he just realized that it's too difficult.

Chu Chen didn't hear clearly what his following sentence was. He was still immersed in the last sentence Luo Yi had said.

Ah Tu likes him...

Just thinking about it, Chu Chen felt like he had fallen into a pile of cotton. Everything around him was so fluffy.

Chu Chen stammered and asked, "Ah Tu... Do... Do you really like me?"

Luo Yi gave him a yes and then asked, "Do you find it disgusting?"

Chu Chen continued to stammer, "No... No, I think.. think that...."

Luo Yi bit his lips and waited for Chu Chen's following sentence.

Then he heard Chu Chen clenching his back teeth and said word by word, “I think I’m pretty happy!”

He didn’t know why, but he really felt.... happy!!!!!!!

## Chapter 5

What Chu Chen felt right now was like a violently shaken Cola. Both sweet and surging after opening the can, and those feelings couldn’t stop flowing out.

Ah Tu liked him.... That’s nice....

Chu Chen hugged Luo Yi. The moment he thought about how Luo Yi liked him, he could feel himself flying.

On the other hand, Luo Yi thought that he must be hallucinating and he asked, “What did you just say?”

Chu Chen said in a cheerful tone, “Ah Tu! I feel so happy! Very happy!”

Luo Yi asked weakly, “Why are you happy?”

Although his tone was weak, Luo Yi’s heart was beating wildly. He knew the answer was so close to being disclosed, yet he still wanted Chu Chen to personally confirm it and made sure that it’s not his imagination.

Chu Chen froze, he hadn’t thought of why he felt happy?

Why? Because Ah Tu liked him! But why was he so happy that Ah Tu liked him?

Chu Chen stayed silent. He was usually quick-witted, but his brain suddenly couldn’t function well. Why?

For a moment, the room was only left with their breathings. Luo Yi's beating heart gradually slowed down. So it's just his imagination after all....

Chu Chen then suddenly said with uncertainty, "Ah Tu... I think.... I like you too..."

Everything seemed to make more sense now. No wonder he wanted to touch and hug Ah Tu whenever he saw him and always found him excellent in every way.

So it's because he liked Ah Tu too! He already liked Ah Tu long ago!

Chu Chen suddenly got excited and he picked up Luo Yi easily. He couldn't wait to go outside and run two laps with Luo Yi in his arms.

Luo Yi was startled and grabbed Chu Chen in a hurry, fearing that he would fall down.

Chu Chen hugged him hard and buried his cheek in Luo Yi's neck, "This is nice. You like me, and I like you too."

Luo Yi was in disbelief when he heard Chu Chen murmuring, "Ah Tu, I like you so much too...."

Chu Chen's voice was right next to Luo Yi's ear. His breath brushed against the skin on his neck and it tingled like an electric current, which made him shrink his neck.

Luo Yi blushed and felt that everything was unreal like a dream, and he asked in a low voice, "Didn't you like girls with slim waists and long legs?"

Chu Chen said, "Ah Tu, your waist is quite slim! Your legs are long too!"

Luo Yi wanted to bite him to death, "Is that what I'm asking! I'm asking that aren't you used to liking girls! Didn't you say you wanted to find a girlfriend with big breasts!"

Chu Chen remembered what he said to Luo Yi before and his back suddenly stiffened. He then said, "Actually, I still like them...."

"...."

Chu Chen realized that he said something wrong and immediately continued, "But Ah Tu, I like you even if you have no breasts!"

Chu Chen was afraid that Luo Yi would be angry again, and quickly added, "Ah Tu, you're different! Whether you're a boy or a girl! I will still like you!"

He didn't know that he liked Ah Tu before, and he always thought that girls with big breasts, a slim waist, slender legs and a pretty face were what he liked.

But he realized today that no matter how good other people were, they were incomparable to Ah Tu. Ah Tu was good everywhere. It didn't matter whether he had breasts or that he's a boy.

The important thing was he's Luo Yi. His Ah Tu.

Chu Chen sounded a little pitiful, "Ah Tu, you have to believe me. I didn't know my feelings before. If I knew it, I would definitely....."

"Definitely what?"

Words stuck in Chu Chen's throat and he couldn't continue speaking. He had already treated Ah Tu like this when he didn't realize his feelings for Ah Tu before. If he had known....

Luo Yi didn't hear Chu Chen's reply, but he felt the changes of a certain part on Chu Chen's body.

Blood started to rush to that originally flaccid part, and it pressed hard against Luo Yi's thigh.

"Chu Chen! Are you a beast!!!"

What the hell was this man thinking! How did he become erect in such a situation!!

Chu Chen was embarrassed. He knew he liked Ah Tu, his and Ah Tu's lower body was hugging each other in naked, and their penis was pressing against each other.

He had erected just by thinking about it!

Chu Chen made a sad face and started rubbing against Luo Yi while hugging him in his arms, "Ah Tu.... I can't help it... The moment I think about you being naked and rubbing against me... I'll have a boner..."

Never mind that he got a boner, the thing was he still used his dick to rub against Luo Yi.

A man's cock was already sensitive enough, not to mention the person doing it to him was Chu Chen. Luo Yi was angry and embarrassed, but still had a boner after a few strokes.

Chu Chen couldn't hold back anymore after realizing Luo Yi had a boner. His hand that was on Luo Yi's back moved towards his naked ass.

Just like what he did recently, Chu Chen kneaded and squeezed Luo Yi's ass, and kept pressing him towards himself.

The two cocks rubbed against each other, and their breathing became rapid.

Luo Yi protested in a low voice, "Stop kneading...." But it was useless. Chu Chen rubbed his cock against him harder and harder, and he increased his kneading strength on Luo Yi's ass.

When Chu Chen kissed him, Luo Yi was not ready at all. By the time he reacted, Chu Chen's tongue had already reached inside.

It's his first kiss, and Chu Chen was inexperienced as well. The two kissing each other were more like two puppies gnawing on each other. Half of their faces were covered with saliva, yet neither wanted to stop.

After they finished kissing, Luo Yi's entire face was flushed and his lips were a little swollen.

Luo Yi was feeling shy and he heard Chu Chen saying, "Ah Tu, let's do a 69!"

"...."

Sure enough, he's a beast!!!

No matter what Luo Yi thought, the two of them still ended up rolling onto the carpet. Chu Chen's cock was stuffed into his mouth and of course, his dick was sucked by Chu Chen too.

Luo Yi had difficulties in adapting to the intense stimulation of oral sex. He then recklessly licked the cock in his mouth, trying to relieve the overpowering pleasure.

While Chu Chen was sucking Luo Yi's dick, he too couldn't help kneading that spectacular ass with his hands.

Then he saw the fleshy pink mouth between Luo Yi's ass cheeks, which was contracting.

Chu Chen was staring at it.....

The next day at school, everyone watched as Luo Yi walked with his head down while Chu Chen followed him like a bum beetle. He stuck closely to Luo Yi, but Luo Yi just ignored him.

Chu Chen kept saying, "Ah Tu, can you give me more attention. Don't ignore me.. You can talk to me..."

Luo Yi glared at him fiercely, and then continued on walking with his head down, without the slightest intention of talking to him.

Chu Chen had no choice but to continue following him and glued himself to Luo Yi.

Luo Yi was furious. Yesterday, he said that he couldn't ejaculate any more but Chu Chen still continued! Finally, he even put his fingers into his ass!

It caused him to... caused him to finally... pee while crying....

As long as Luo Yi thought of this, he could feel his anger boiling. Chu Chen was indeed a bastard! Why in the world would he like him in the first place!

For the next two days, Luo Yi still refused to talk to him while Chu Chen persistently circled around him. Their classmates that were close to them couldn't stand Chu Chen's ingratiating look, and they all came over to persuade Luo Yi.

"Ah Tu, even if Ah Chen made you angry. It's already been two days, so it's time for you to get over it, right?"

“That’s right. You know Ah Chen the best. He just doesn’t have a brain. He didn’t make you angry on purpose!!”

As the top student, Chu Chen, who always dominates the top three grades in the school nodded hard at the side, “I didn’t mean it! Ah Tu, please talk to me!”

Luo Yi was forced to do something on the spot. It’s not like he could tell everyone what the bastard, Chu Chen, did. In the end, he finally had no choice but to “reconcile” with Chu Chen with gritted teeth.

After their classmates left, Luo Yi gritted his teeth and said, “Listen to me. If something like the day before yesterday happened again, I’ll ignore you for the rest of my life!”

“It definitely won’t happen again!” Chu Chen behaved like an obedient little sheep because Luo Yi ignored him for two consecutive days. He just had to follow what Luo Yi said.

Although Luo Yi was skeptical, at least they already talked things through. In fact, he was not as angry as that day.

In retrospect, he felt more embarrassed... He actually peed after Chu Chen used his fingers to finger him twice...

Luo Yi lay down on the desk with his face flushed. He tried it with his fingers for the past two days, but he didn’t feel anything. Why couldn’t he stand it when Chu Chen did it?

Chu Chen thought he was still angry at him, so he whispered to him, “Ah Tu...”

Luo Yi’s brain was full of how he peed from Chu Chen’s finger thrusting into his ass. He didn’t know how to communicate normally with him, so he said sullenly, “I don’t want to talk to you yet.”

Chu Chen then asked with a pitiful face, “So when do you want to talk to me?”

“This afternoon.”

Chu Chen looked at the back of Luo Yi’s head and silently sat back in his seat, but still glanced at Luo Yi from time to time.

Luo Yi did talk to him in the afternoon and seemed to communicate normally. But his expression was unnatural, and his eyes often dodged Chu Chen's gaze.

When he returned home after school, Chu Chen got rid of all the porn he had collected.

The next day, Luo Yi found that Chu Chen had become especially... Well, especially well-behaved?

He wasn't sure when Chu Chen started to abruptly touch his ass. Except for those two days when Chu Chen didn't have the balls to do so. At other times, Chu Chen didn't miss a day not to do so.

To his surprise, Chu Chen didn't do anything at all even after they made up.

If it weren't for recess when there's no one in the classroom, and Chu Chen whispered to him that he wanted to kiss him, Luo Yi almost thought that Chu Chen regretted and didn't want to be with him anymore.

When Chu Chen approached him, Luo Yi slightly opened his mouth in cooperation. But he was feeling really nervous inside since anyone could come into the classroom after all.

Surprisingly, Chu Chen only gave him a quick kiss on the lips and then retreated.

Luo Yi was surprised. He watched as Chu Chen clenched his fist and turned his face away from him, panting for breath and obviously looked like he was enduring something.

If the quick kiss during recess was because he was afraid of being seen by someone. It would be difficult for Luo Yi not to notice Chu Chen's abnormal behavior after school.

The two were in the same room, and Chu Chen only kissed him twice while hugging him. His hands were also well-behaved and only touched his waist.

After the two separated, Luo Yi looked at Chu Chen's crotch, where there's a huge bulge.

But Chu Chen didn't make any demands. He didn't even ask to use his hands to jerk him off. He actually waited until it softened on its own.

Luo Yi was shocked. What's wrong with Chu Chen?

He didn't ask him directly at the moment, but silently observed. After a few days of observation, when Chu Chen kissed him and had a boner, Luo Yi asked him, "Don't you want me to touch it for you?"

Chu Chen was obviously aroused, but he gritted his teeth in the end and refused, "No!"

Luo Yi blinked, "You don't want it?"

Chu Chen actually really wanted it! Just thinking about it made his penis hard, and it was about to rip through his pants.

But as soon as he thought of the days where Luo Yi gave him the cold shoulder, he was immediately discouraged and said. "You don't like it...."

Luo Yi pursed his lips, looking at the sad Chu Chen in front of him. He hesitated for a moment before saying, "Let's do it."

Chu Chen didn't respond because he thought he was hallucinating.

Luo Yi had finally said that with great difficulty, yet Chu Chen didn't react at all. He then kicked him angrily, "Did you hear what I said!"

Chu Chen then realized that he wasn't hallucinating and he said incoherently, "Ah Tu... You... I... You said... What did you say about us...."

"I said let's do it! Did you hear that! Not just touching! It's making love! Do you know what is making love!"

Chu Chen was shocked, "I... I know..."

## Chapter 6

Luo Yi blushed after yelling at him, causing Chu Chen to stare straight at him.

Luo Yi was even more embarrassed by his stare and he said sternly, "What are you looking at! Don't you know how to take off your clothes?"

"Oh..." Chu Chen replied and reached out to peel Luo Yi's clothes.

Luo Yi, like a frightened rabbit, immediately scurried back, "What are you doing!"

Chu Chen showed an extremely innocent look, "Didn't you ask me to take it off...."

"I asked you to take your own clothes off!!!"

"Oh!" Chu Chen then took off his T-shirt, revealing his upper body that looked quite impressive because of exercising from time to time.

Luo Yi saw his neatly arranged abs and subconsciously touched his own belly. There's nothing over there and it's so soft.

This caused him to stop taking off his T-shirt, but Chu Chen had already stripped himself clean in this short period of time.

When Luo Yi came back to his senses, he looked at the naked Chu Chen, who was looking back at him with his erected penis and glowing eyes. Luo Yi suddenly had stage fright, "What are you looking at me for!"

Chu Chen's expression was very sincere, "Ah Tu, you look so good!"

Luo Yi's face suddenly turned even redder. Seeing that Chu Chen was so excited and it was he who started it, it seemed to be a little too much if he backed out now.

Luo Yi finally raised his hand and took off his T-shirt.

He's different from Chu Chen. Luo Yi didn't like to move around and he's afraid of both the cold and the heat. When Chu Chen was playing basketball, he always watched him from the side.

That's why Luo Yi's skin was very fair. The moment he took off his T-shirt, he's so white that it almost dazzled Chu Chen's eyes.

It's not that Chu Chen had never seen Luo Yi naked before. They're boys after all and usually changed their clothes in front of others without worrying about anything.

But he didn't realize he liked Luo Yi before. He only thought of how white Ah Tu was, how different he looked from himself, and how he would have the urge to touch him. But his feelings definitely weren't as strong as he was at this moment.

Chu Chen's hands couldn't refrain themselves from touching Luo Yi. His skin felt delicate and smooth at first, and like a soft magnet, he could no longer take his hands off Luo Yi.

Luo Yi was suddenly touched by Chu Chen, and his whole body trembled. He wanted to dodge at first, but held back the urge to do so at last.

Chu Chen's kiss landed on his lips, very soft and incredibly gentle.

Luo Yi's anxiety gradually disappeared with the gentle kiss. The person in front of him was Chu Chen, what was there to be afraid of....

So he took the initiative to wrap his arms around Chu Chen's neck and opened his mouth to welcome Chu Chen's probing tongue. Their tongues soon intertwined.

Chu Chen caressed Luo Yi's body with his hands, feeling the delicate and smooth skin inch by inch, and finally slid down to the back of his waist and slipped into Luo Yi's pants.

He grabbed those two cheeks with his two hands, squeezing and kneading them. He could feel Luo Yi's breathing became rapid and his muscles tense.

After finishing kissing, Chu Chen landed a kiss on Luo Yi's lips again, "Don't be afraid, Ah Tu."

Luo Yi argued back with a soft voice, "Who's afraid..."

Chu Chen smiled cunningly and then reached out to take off Luo Yi's pants.

Luo Yi was instantly shocked, and reflexively wanted to dodge. After seeing Chu Chen's smug face, he became annoyed and yelled, "I'll take it off on my own!"

Then he boldly took off his pants. Now there's nothing left on his body.

After taking it off, he realized he and Chu Chen were both completely naked....

Luo Yi could feel blood rushing to his face, but he forced himself to stay calm and asked, "Do you have any lubricant?"

Chu Chen was taken aback by his sudden question, and then realized what he was talking about. He took out a bottle of vaseline with only half of the bottle left from his bedside table.

Luo Yi knew that was what Chu Chen usually used to masturbate. So he nodded and then asked, "Do you have any condoms?"

Chu Chen didn't move this time and instead, staring straight at Luo Yi.

Luo Yi felt embarrassed by his stares. He and Chu Chen were two little virgins. How could they have things like condoms? This was a stupid question.

Luo Yi endured the embarrassment and tried his best to say in a very professional and formal tone: "Then you can't cum inside me later."

Chu Chen looked at him eagerly, like an innocent and pitiful puppy.

Luo Yi was irritated, "The intestines are very fragile! Do you know you can easily get infected and have a fever if you don't deal with it properly! Do you know you have to clean it up afterward if you cum inside!"

Chu Chen nodded his head vigorously, "I got it!"

Luo Yi sulked and glared at him before whispering, "Remember to buy a condom next time...."

When Chu Chen heard him saying that there would be a next time, he could feel his body exploding. He pounced on Luo Yi and pressed him against his bed.

Luo Yi wanted to say something but was kissed fiercely by Chu Chen. This kiss was completely different from the previous one, as this kiss was more intense and erotic.

Chu Chen's lower body moved fiercely and the two penises rubbed against each other. Luo Yi's tone already changed when their lips separated.

Chu Chen looked at Luo Yi's aroused expression and his lust was even more difficult to restrain. He went along Luo Yi's slightly raised chin and started kissing all the way down, nibbling at his tiny Adam's apple.

Luo Yi felt Chu Chen part his legs and wrapped them around his waist. The two of them rubbed their lower bodies against each other. Chu Chen's delicate kisses landed on his chest, and then sucked one of his nipples.

Luo Yi never knew that his nipples would be so sensitive. He couldn't help moaning when Chu Chen held it in his mouth.

Chu Chen had been paying attention to all his movements, and he sucked even harder as if trying to suck milk out of that flat chest.

His lower body was rubbed, his asscheeks were also kneaded and played fiercely, and his nipples were sucked and licked by Chu Chen. Luo Yi couldn't help but scream.

"Chu Chen.... Ah Chen, gentler... Uhh... Don't..."

His voice was trembling, with a bit of sobbing in his tone. He looked pitiful, but it stimulated Chu Chen's lust even more. Chu Chen then pressed Luo Yi's asscheeks towards himself and their lower bodies were even closer to each other. He then rapidly thrust his waist.

Luo Yi couldn't handle it anymore. He wrapped his hands around Chu Chen's neck, leaned in, and kissed him, wanting to end this stimulation quickly.

But it seemed to encourage Chu Chen, and his actions were even more ruthless and only stopped after Luo Yi ejaculated.

Luo Yi gasped violently for air after ejaculation. The red and swollen nipples on his chest were extremely eye-catching.

Chu Chen once again couldn't help himself but open his mouth to bite the hardened nipples. This time he didn't forget the other nipple that was left out in the cold, pinching and twisting it with his finger in exchange for a whimper from Luo Yi.

After a while, Luo Yi finally eased from the pleasure of his orgasm, and he reached out to push Chu Chen who was still licking and tweaking his nipples.

"Don't touch there.. It feels weird..."

Although Luo Yi said that it felt weird, his voice was trembling slightly.

Chu Chen let go of his nipples, but his tongue continued licking and fiddling with the nipples that had turned bigger because of all that sucking. He then said vaguely, "Ah Tu's little nipples are so sensitive.. So delicious..."

As if to prove his words, he moved to the other side, feeling satisfied after sucking and biting the nipple until it was swollen.

Luo Yi's penis was already erected long ago and he bit his lips while moaning in a soft voice.

Listening to Luo Yi's moans, Chu Chen's lower body swelled that it hurt, yet he continued to kiss Luo Yi's body and slowly moved down.

Luo Yi felt Chu Chen's kisses landed on his belly before his semi-erected penis was licked. He couldn't help but gasp in shock and his penis had turned completely erected.

Chu Chen's goal wasn't Luo Yi's cock, but the small, pink and fleshy mouth hidden between Luo Yi's cheeks.

Chu Chen parted Luo Yi's legs and placed them on his shoulders. Luo Yi was still in a daze until a hot and wet tongue licked his opening and he cried out, "Chu Chen!"

Chu Chen ignored his cries and pried open the flesh on his asshole, and tried to squeeze in his tongue into that tight little mouth.

Luo Yi was so ashamed that tears started flowing down from his face, "Chu Chen! It's dirty there!

Chu Chen retracted his tongue and gently bit Luo Yi's asscheeks, "I know you already washed it, how can it be dirty. Ah Tu is not dirty anywhere. I want to lick it for you....."

Luo Yi's whole body was flushing in red. Before he came over to Chu Chen's house, he indeed washed there.....

He stammered and asked, "How.. How did you know?"

Chu Chen said, "You took a shower before you came over."

Was that all? Of course not.

Chu Chen knew Luo Yi through and through. Luo Yi was the type of person who would figure out and settle all the fine details when he was certain about doing something.

Although Chu Chen didn't have any experience in sex, he watched so much porn that he of course knew that one had to clean the anal first before anal sex.

Judging from Luo Yi's personality, he would learn everything first from the lubricant, the condom and to the terrible consequences caused by ejaculations inside the anal. How could he not know to wash himself beforehand? Coupling with the fact that Luo Yi's body was spotless and the fragrant orange smell of Luo Yi's shower gel, how could Chu Chen not know?

Chu Chen's tongue probed into that tight little mouth again. He thought in his mind, Ah Tu belonged to him. No one could take him away from him.

Luo Yi felt embarrassed the moment his most secretive place was licked and stimulated. He wasn't sure if he was already that sensitive in the first place or because it was Chu Chen that was doing it to him. He found that place so hot and itchy.

Obviously, it shouldn't be this way. Luo Yi gasped violently, and groans unconsciously overflowed from his mouth.

His mind was feeling drowsy as everything he had read before suddenly flashed across his mind. The sphincter was sensitive, but the intestines should be very slow in reacting to pleasure. Most of the pleasure of anal sex came from the prostate...

But why would he feel so good when he was treated like this by Chu Chen?

Not just his entrance. As long as a spot licked by the tip of Chu Chen's tongue, it would itch like an electric current passing through.

When Chu Chen's fingers were soaked in lubricant and inserted into Luo Yi's ass, he literally felt like he was ejaculating right there and then. This time, the sensation was stronger than when Chu Chen's fingers were inserted into him the last time.

He panted, feeling Chu Chen's fingers thrusting in his body and carefully expanding his inside.

Chu Chen's fingers fumbled inside him. The moment he reached a specific spot, Luo Yi's whole body trembled.

Chu Chen observed his reaction the whole time, and he knew he had found the right place. He continued pressing that spot again and said in a hoarse voice, "Ah Tu, this is it, right?"

Luo Yi nodded indiscriminately, knowing that Chu Chen had reached his prostate, and the unfamiliar stimulation made his entire scalp numb.

Chu Chen's fingers didn't stop pressing there as his movements had turned smoother. Luo Yi couldn't feel his waist, and his utterly erect penis was spitting out transparent liquid.

He bit his lip, not knowing whether he wanted Chu Chen to take his hand away or whether he wanted Chu Chen to press harder.

He looked up and saw the sweat on Chu Chen's forehead, produced because of suppressing his lust. He couldn't help but feel bad, so he said, "It's okay...Come in."

Chu Chen, however, glared at him and snarled, "What should I do if you're injured! You know my junk is thick!"

Luo Yi originally wanted to refute, but as soon as he glanced at Chu Chen's long, erect, and thick penis, he swallowed his words.

After finally waiting until Chu Chen felt it was okay to get inside, Luo Yi turned around, kneeled on the bed, and lifted his ass up, revealing the red and beautiful entrance.

He said vaguely: "I heard that this position will be easier to get inside for the first time..."

Looking at the scene in front of him, Chu Chen's heart was about to jump out of his chest. He tried his best to restrain himself, holding his penis with his hand and pressing the glans against the contracting hole.

His voice was hoarse, "Ah Tu, I'm going in."

Luo Yi buried his face in the pillow and shouted in a muffled voice, "Do you think you're a live broadcaster right now! Why are you so talkative!"

It's not like he's a dead person or something. How could he not feel that stuff pressing against him...

Chu Chen held his penis with one hand, and his other hand held Luo Yi's waist, and he slowly approached Luo Yi's hole.

Luo Yi felt his entrance was being stretched out, and his whole body suddenly stiffened. He tried to regulate his breathing, trying hard to relax his body so that Chu Chen could come in more easily.

Who knew that Chu Chen, whose brain was full of perverted stuff, would actually back away at such a critical moment!

Chu Chen was about to thrust inside, but the moment he felt Luo Yi's stiffness, Chu Chen looked at the tiny anal entrance, then his penis, and then backed away.

Luo Yi felt Chu Chen backing away and was taken aback. He lifted his face from the pillow and looked back at him, "What's the matter?"

Chu Chen gulped and said, "Ah Tu, I'm scared that you would get hurt."

Luo Yi was very moved at that moment. The person in front of him obviously wanted it so much. Still, because he was afraid of hurting him, he rather endured it by himself.

Luo Yi didn't speak for a long time, then got up on his own.

Chu Chen watched him as he got up and felt a little disappointed. This was after all, a good opportunity to have their first time together! Even though he was the one who backed away first...

But then Chu Chen suddenly found this situation wasn't that bad either, since he also found touching and licking each other with Ah Tu was quite comfortable!

As he was thinking about it, Luo Yi came over and pushed him to the bed.

Chu Chen opened his eyes wide and couldn't understand the situation.

Luo Yi straddled him with a domineering attitude, "I already cleaned my ass! And that's what you're going to tell me!"

Then Luo Yi grabbed Chu Chen's penis and stuffed it into his ass.

The penis in his hand was very hard and hot. Luo Yi lifted his waist and pushed Chu Chen's glans to his entrance which had become soft due to Chu Chen's expansion. He wasn't sure if it was because there's too much lubricant or it was because he's not aligning it correctly, and Chu Chen's penis slipped away twice.

Luo Yi refused to give up and tried again, finally swallowing Chu Chen's glans.

The feeling of being stretched out was strange, like he was about to be torn apart, and at the same time, he felt something else.....

The most remarkable thing here was that Luo Yi could feel Chu Chen's penis pulsating, intertwined with his own body as if they had combined into a single individual...

Luo Yi had some difficulty, but he slowly pushed Chu Chen's penis little by little into his body. When he finally swallowed the whole thing, his whole body was covered in sweat, and his penis softened because of the uncomfortable pain.

Luo Yi gasped and grumbled with a frown, "Why are you not helping me?"

Chu Chen's soul was wandering around the whole time. Surely he's in a wet dream, right? Otherwise, how could such a good thing like Ah Tu taking the initiative to ride him happen!

Luo Yi looked at Chu Chen, who was staring at him like an idiot, and was furious, "Move, idiot!"

"Oh..." Chu Chen started moving obediently as if he was powered on with voice control.

Luo Yi couldn't hold it anymore the moment the penis in his hole moved. This thing was too thick!

At first, he used his hands to support himself on Chu Chen's chest, but later his hands were too weak to support himself, and he lay down on Chu Chen.

Chu Chen also recovered from the pleasure of his penis being squeezed by Luo Yi's contracting hole. He realized that all of this was true! Ah Tu really swallowed his penis!

This recognition caused Chu Chen's blood to boil. He sat up and hugged Luo Yi in his arms. His lower body's thrusting movement involuntarily quickened.

Chu Chen suddenly speeded up his movements before Luo Yi got used to it. In return, Luo Yi frowned and complained, "Asshole! Slow down!"

At the same time, Chu Chen thrust against his prostate, and Luo Yi trembled. His breathing was stagnant, and before he could digest the pleasure brought by that moment, Chu Chen thrust vigorously, specifically aiming for that spot.

Luo Yi couldn't help but struggle uncontrollably, trying to escape from Chu Chen, but Chu Chen pulled his legs apart and thrust harder.

“Chu Chen! You, you bastard! Take, take it easy!”

His physiological tears couldn't stop falling. Luo Yi felt that Chu Chen's penis was about to pierce him. He was shocked and frightened, but the pleasure of hitting his prostate felt so good that it scared him.

“Ah Tu, you like it, don't you? You're squeezing me so tightly... It's quite painful...”

Luo Yi couldn't form a whole sentence properly. He wanted to refute and stated that who in the world would have a loose asshole, and what did it have to do with whether or not he liked it for his asshole to be tight!

But being fucked by Chu Chen in this way, he couldn't say something without moaning... It felt shameful...

Luo Yi gritted his teeth, trying to hide his moans, or at least tried not to make his moans so loud...

Chu Chen came closer to kiss him, gasping and saying, “Ah Tu, I want to hear your moans. You sound so amazing..... I feel like I'm going to cum just from listening to your moans.....”

Luo Yi wasn't sure if Chu Chen's words affected him, but he suddenly lost his soul due to the intense fucking and started moaning loudly.

“It's too deep... Chu Chen....”

“I won't want it anymore... Ah....”

Luo Yi realized Chu Chen was a liar after all. He said that he was about to ejaculate, but he didn't look like he was finishing soon!

The more Chu Chen listened to his moans, the more vigorous he was, and he kept asking him: “Ah Tu, is it okay if I moved like this?”

“Does it feel good?”

Luo Yi's whole body was burning, and he wanted to touch his penis uncontrollably but was spotted by Chu Chen.

Chu Chen held Luo Yi's hand that was trying to touch his own penis. He panted in his ear and said, "Ah Tu, I want to fuck you until you cum. Can I?"

Luo Yi thought how was this possible and how was it possible to be fucked in the ass and ejaculated. But then he suddenly realized that thrusting against the prostate would indeed make one ejaculate.....

Then he was really fucked until he ejaculated by Chu Chen. The orgasm caused by the stimulation of the prostate was utterly different from the usual orgasm. Luo Yi's mind turned blank, and he couldn't stop crying.

During orgasm, Luo Yi's hole kept contracting, giving Chu Chen a hard time to thrust in and out. He stopped and kissed Luo Yi's forehead that was sweating because of the orgasm, gently biting the tip of his nose, and said, "Ah Tu, it's our first time, and I already fucked you into ejaculation..."

It's unclear whether or not Luo Yi had heard what Chu Chen was saying clearly. He kissed Chu Chen's lips, his ass pressed tightly against Chu Chen's penis, and he swallowed Chu Chen's erected and hard penis deeper.

Chu Chen heard Luo Yi whisper: "Cum inside, I want you to cum inside me..."

## Chapter 7

How could a man hold back after hearing such words? Chu Chen felt the blood all over his body rush towards his head.

He pinned Luo Yi to the bed, grabbed his waist and fiercely thrust inside him. The sound of papapa, along with water squirting, was extremely fast and intense.

Luo Yi didn't expect Chu Chen to suddenly go crazy, and for a while, no sounds could come out of his mouth.

He was still under the aftermath of the orgasm. The frantic stimulation of his prostate was so unbearable that he wanted to scream.

The two feelings intertwined with each other, Luo Yi couldn't tell whether this overwhelming feeling was pain or happiness.

It wasn't until Chu Chen finally ejaculated into the deepest part of Luo Yi's asshole that Luo Yi's consciousness gradually returned. The wetness in his lower abdomen made him realize that he was fucked into ejaculation again...

Chu Chen was still on top of him. The heavy breathing of the two intertwined, clearly hearing each other's rapid heartbeat.

"Ah Tu..."

Chu Chen murmured and then exchanged a hot and wet kiss with Luo Yi. Sucking the tip of his tongue, Chu Chen felt that the kiss was not enough.

Luo Yi was dizzy because of the kisses. His rationale, which just came back, felt like it was about to fly away again.

Chu Chen picked him up, the penis that just ejaculated was half flaccid, but Chu Chen didn't want to withdraw himself from the warm little hole.

After kissing a few more times, Luo Yi felt something was wrong. Chu Chen seemed to have another boner again.

Luo Yi was startled and hurriedly pushed Chu Chen away, "Enough!"

Luo Yi himself was shocked at how hoarse his voice was. It was obviously the aftermath of his moaning and screaming just now.

The two of them didn't say anything for a while. Luo Yi was thinking of how he screamed just now, and Chu Chen was thinking of how he got Luo Yi to scream like that just now....

Then Luo Yi was furious, "Damn it! Why do you have a boner again! Get it out!"

Was this man a beast! How did he get a boner just from one word!

Chu Chen grabbed him like an octopus and grunted, "Ah Tu, can we do it again?"

"Again, my ass! Get your thing out of me quickly!"

Chu Chen tried to fight for a chance, “Ah Tu...”

Luo Yi was pestered by him and had no choice but to roar at him, “I can’t cum anymore! My ass hurts too!”

Chu Chen no longer bothered him to do it again and quickly pulled out, spreading Luo Yi’s legs apart to check his asshole.

Luo Yi was literally about to explode, but he didn’t have the strength to resist. As a result, Luo Yi was completely exposed in front of Chu Chen.

The inside of the forced apart ass crack was dripping wet. Semen mixed with lubricant was dripping out of the overused, wide open, red and swollen mouth.....

Luo Yi felt so humiliated and turned his head away to not look at Chu Chen. But it didn’t stop Chu Chen from staring at it, and Luo Yi urged, “Have you seen enough! Let go of me!”

Luo Yi was confused at Chu Chen’s silence, but when he turned around to look at him, he was shocked.

Chu Chen looked at his asshole dumbfounded, and then blood started dripping from his nose...

“Chu Chen! Have some fucking sense, will you!”

Chu Chen believed it wasn’t his fault but because Luo Yi’s asshole was too attractive.

“Ah Tu, your asshole is so beautiful...”

Luo Yi’s eyes widened, and he felt that there must be something wrong with Chu Chen’s brain. What’s so beautiful over there!

Chu Chen then said, “It’s red. And it’s so swollen that it can’t close because of my thrusting... And it’s still dripping with my cum...”

Dripping with my cum...

Chu Chen had a dreamy expression.

Luo Yi was both embarrassed and angry. Did he have to describe it in such a detailed manner!!!

He furiously drew a stack of tissues from the bedside table and slapped it onto Chu Chen’s face, “So much nonsense! Hurry and wipe your face!”

Chu Chen wiped the nosebleed with a tissue. Just as he finished wiping it off, he saw Luo Yi kneeling on the bed, wiping the semen and lubricant dripping down to his leg with the tissue.

Chu Chen felt his nose tingling again, and he quickly tilted his head up.

Luo Yi saw his reaction, feeling both annoyed and amused at the same time. They already did the last step, and yet he still had a nosebleed...

What nonsense.....

Thinking of that, Luo Yi's face was flaming again.

After wiping his legs clean, Luo Yi was about to go to the bathroom to clean himself, but Chu Chen insisted on helping him.

Chu Chen clung onto the glass door of the shower room and squeezed inside, "Ah Tu, let me help you..."

How could a good gong let his shou clean himself on his own after sex! Only a scumbag would do that!

Luo Yi stepped backwards defensively, "Get out! I'll do it myself!"

How could Chu Chen willingly get out, and he continued to pester Luo Yi on helping him.

Luo Yi was so exhausted that he couldn't argue with Chu Chen any longer. In the end, he could only place his hands on the wall, lift his ass with shame so that Chu Chen could help him clean up.

At the start, Chu Chen was very serious about helping Luo Yi to clean up.

After all, he also knew that Luo Yi would be uncomfortable if he didn't do a good job of cleaning after sex.

But as soon as his fingers explored that hot, wet, soft and tight little mouth. He couldn't help but let his imagination run wild.

Chu Chen gulped, and his mind was full of scenarios of a bathroom play, especially with Luo Yi's pose right now. As long as he leaned towards him, he could enter him instantly.

Chu Chen felt his nose tingling once again, and he couldn't help but raise his hand to touch his nose.

Luo Yi was already feeling shameless in this pose. When he saw Chu Chen dilly dallied behind him, he became a little impatient.

“Are you done yet? I'll do it on my own if you can't do it....”

Chu Chen then leaned forward, hugged him from behind, and pressed his hard penis against his ass crack.

“Ah Tu, why don't we do it in the bathroom next time?”

In an expressionless and extremely cold tone, Luo Yi said, “You do this again, and there will be no next time.”

Chu Chen withdrew his hand and continued to help him clean up slowly.

Luo Yi wasn't sure if Chu Chen was purposely playing dirty tricks or he was the one that had a problem. During cleaning, he actually had a boner too.

Luo Yi felt embarrassed, so he rushed him again, “Are you done yet? It's already done, right? I can't feel my legs!”

Only then did Chu Chen reluctantly withdraw his hand. When Luo Yi turned around, he saw Chu Chen's penis pointing at him pitifully.

Luo Yi's scalp was numb for a while, but Chu Chen leaned in to kiss him and took his hand to touch his penis.

After finally making Chu Chen ejaculate again, Luo Yi almost thought he was paralyzed.

After showering, the two of them hurriedly stuffed their stomachs with food and then started to...

Rush their homework!

Luo Yi quickly divided their homework into two. One person solved half of the subjects and then copied each other after they were finished.

After Luo Yi finished his task, Chu Chen hadn't done his part yet. Luo Yi didn't care about him and copied what he had already finished.

But after copying a few questions, Luo Yi couldn't help being irritable again, “Chu Chen! What the hell are you thinking in your brain right now!”

Two answers to the three questions were wrong!

Chu Chen stared at him and said, "All I can think about right now is you..."

## Chapter 8

Luo Yi choked after hearing what he said. He finally tossed aside his homework in frustration and started to do it all by himself, muttering, "What's the use of saying nice things right now..."

Chu Chen didn't have the mood to do homework at all, and he touched Luo Yi's calf with his foot under the table.

Luo Yi lifted his face from his homework and glared at him, "What are you doing!"

Chu Chen acted innocent and said in an aggrieved way, "Ah Tu, you're so fierce....."

"Can you act normally!"

Chu Chen couldn't help but smile. He stood up and insisted on kissing Luo Yi across the table.

Luo Yi's face was covered with Chu Chen's saliva. He was about to flare up, and his anger faded when he saw Chu Chen smiling like a blooming flower.

Raising his hand to wipe the saliva off his face, Luo Yi said in a low voice, "Don't mess around, do your homework!"

Chu Chen fell back into the chair, but he still refused to do his homework honestly. He propped his chin with his hands, tilted his head and looked at Luo Yi that couldn't stop himself from smiling.

Luo Yi wrote two lines, and he couldn't stand it anymore. His ears turned red, and he couldn't help kicking him with his foot, "Are you going to do your homework or not!"

Chu Chen still leaned back in the chair and said shamelessly, "You're everywhere in my mind. How can I finish it!"

Luo Yi slammed the notebook close, stood up and said, "Then I'm going back."

Chu Chen immediately got up and grabbed him, "I'll do it!! I'll do it, okay!"

Luo Yi used his chin to point at Chu Chen's book on the table. When he saw Chu Chen opened his book and held his pen, only then did he sit back down.

Luo Yi lowered his head to continue writing and then said, "You copy what I have written first."

Chu Chen obediently took what Luo Yi had finished and started copying. In the end, Luo Yi was the one who wrote all the homework while Chu Chen copied his answers.

Afterwards, Chu Chen was extremely ashamed and vowed, "Next time, I'll give you mine to copy!"

Luo Yi looked at Chu Chen and felt like he was looking at a mentally handicapped child. He then said, "There is no next time..."

He's so damn exhausted and still had so much homework to do!

Chu Chen, this beast, looked normal as usual! He's still very energetic! Just that his IQ seemed to have vanished!

How did he copy the wrong answers! Was he a pig!

Luo Yi suddenly couldn't figure out what he really saw in Chu Chen. What were his merits?

Was it because he's handsome?!

Hmm... He's indeed really handsome...

Just a little silly!

Luo Yi buried his face in the sofa irritably and didn't bother to look at him.

Chu Chen leaned over and tried to please him by massaging his shoulders. He then asked cautiously, "Ah Tu, when you said there's no next time... What are you referring to?"

Luo Yi said with a muffled voice, "What do you think?"

Chu Chen didn't say anything and silently massaged Luo Yi's shoulders.

Luo Yi couldn't help but turn his head to look at Chu Chen, who stayed silent, and Chu Chen caught him with a kiss.

Luo Yi grumbled and opened his mouth to let Chu Chen's tongue enter and entangle with his tongue. After the kiss was over, Chu Chen then said, "Ah Tu, I'm too happy today. I'll guarantee you that I'll never ever get you so tired again in the future."

Luo Yi then muttered, "It's no use just guaranteeing me."

Chu Chen kissed him again, "Believe in me."

Luo Yi glared at him, "No more kisses! My mouth is already swollen!"

Chu Chen looked at his red lips and wanted to kiss him even more.

Luo Yi watched Chu Chen staring at him with a weird look and quickly got up from the sofa, keeping a safe distance from him.

Chu Chen leaned in, unwillingly to give up, "Can I kiss you again? Just one last kiss!"

Chu Chen tried hard to move his face closer to Luo Yi. Luo Yi couldn't bear his harassment any longer, and they finally kissed.

After the kiss, not only Luo Yi's lips were swollen, even his tongue was swollen.

It's already past twelve o'clock midnight after they were done. They'll definitely be late for school if they don't go to sleep now.

So Luo Yi urged Chu Chen to put away all the homework that was spread out on the table and went to bed.

However, Chu Chen still didn't stop when it was time to sleep. Although he didn't harass Luo Yi, he insisted on hugging Luo Yi to sleep.

Luo Yi was reluctant, "It's too hot!"

Chu Chen said, "Then I'll set the air conditioner at a lower temperature!"

Luo Yi was too lazy to bother with Chu Chen. He's so sleepy that he could barely open his eyes, so he just let Chu Chen be.

Chu Chen lowered the air conditioner's temperature by two degrees and fell asleep with Luo Yi in his arms, and covering under a blanket.

When Luo Yi woke up the following day, he felt something hard pressing against his ass.

And this thing was not staying still. Accompanied by its rubbing against Luo Yi's ass was the heavy breathing of the person lying behind him.

It's not Luo Yi's first time meeting Chu Chen's morning erection, but it's his first time seeing this kind of situation.

Listening to Chu Chen's vague grunting in his ears, this guy must still be asleep...

Which meant that he was in a wet dream!

Luo Yi's eyes widened. He didn't know whether to move away or stay still.

Chu Chen's breath was brushing against his earlobe, which tickled him.

Just when Luo Yi was thinking about whether to move or not, Chu Chen's movement of rubbing his lower body against his ass accelerated, and he could feel some wetness across his pajamas.

Luo Yi's face was a little hot. Who knew how long this guy had been rubbing against his ass!

"Ah Tu..."

A clear murmur made Luo Yi stunned for a moment.

When he turned around, he saw Chu Chen's eyes tightly closed, and he was breathing heavily, obviously hadn't woken up yet.

Chu Chen actually called his name in a wet dream...

As soon as this thought popped up, Luo Yi's face was so red that it almost dripped blood.

Luo Yi's heart felt tingling, and he couldn't help but whisper to him, "Chu Chen? Chu Chen?"

After calling him several times, Chu Chen didn't respond. He must be in a really deep slumber.

So Luo Yi moved closer and kissed Chu Chen secretly.

Chu Chen still didn't wake up, but it seemed like his wet dream had reached a climax, and his lower body's movements were even more intense.

Luo Yi almost had an erection because of Chu Chen's rubbing, especially when Chu Chen moaned "Ah Tu" from time to time.

Luo Yi murmured, "Well, since you like me that much..."

Since you like me so much too...

He reached his hand and entered Chu Chen's pajamas, holding the hard and hot penis.

As soon as his hand touched Chu Chen's penis, his breathing became a lot quicker, and his waist kept thrusting towards Luo Yi.

Luo Yi followed his movements to help jerk him off, and from time to time, as Chu Chen taught before, Luo Yi touched the glans to make him feel better.

As Chu Chen's movements became faster and faster, Luo Yi accelerated his movements too.

Finally, after a muffled grunt from Chu Chen, Luo Yi's hand felt something wet and hot.

Luo Yi took a sigh of relief. It's finally over. His hands were sore.

Thinking about it, Luo Yi was just about to pull his hand out of Chu Chen's pants.

He then heard Chu Chen asking in a stuttering tone, "Ah Tu... What... What are you doing?"

Luo Yi froze. Oh no...

The current situation was that his hand is in Chu Chen's pants, and he's holding Chu Chen's penis, and then Chu Chen just ejaculated all over his hand...

What should I say?

Say that I heard you calling my name in your wet dream, so I jerked you off?!

## Chapter 9

It was very embarrassing, and Chu Chen was still looking at him with burning eyes.

Luo Yi gulped and suddenly became harsh and unreasonable, "What are you looking at! Can't I touch you!"

After speaking, he quickly pulled out his hand from Chu Chen's pants, but his hands were still wet from Chu Chen's semen.

The moment he pulled out, the smell was quite.....

Luo Yi wiped his hand on Chu Chen's body. After wiping it twice, Chu Chen grabbed his hand.

The temperature was so hot that it made Luo Yi's whole body shiver.

When Chu Chen kissed him, the only thing Luo Yi thought was that neither of them had brushed their teeth yet!

He opened his mouth and was about to tell Chu Chen that his tongue was not allowed to come inside before brushing his teeth, but Chu Chen's tongue entered him, and they exchanged a deep kiss.

He wasn't sure since when that Chu Chen's hand had crept inside his pajamas, rubbing his waist. Luo Yi, who was ticklish, couldn't help trembling.

Chu Chen hummed as if he was laughing, and Luo Yi bit his lip angrily. However, he didn't want to put any force and hence, his action turned out to be more like intentional flirting.

Chu Chen became even more excited, and his hand slid along Luo Yi's back into his pants, kneading his ass erotically.

Luo Yi's body turned hot because of Chu Chen's touching and his penis erected, pressing against Chu Chen's leg.

Chu Chen sucked on his lips before letting him go and said like a hooligan, "You touched me just now. I want to touch you too."

Then Chu Chen grabbed Luo Yi's penis, and Luo Yi couldn't help but dodge backwards because of the stimulation.

How could Chu Chen allow Luo Yi to dodge? He pressed his whole body on Luo Yi and circled him into a little space under his own body.

Luo Yi was panting, and his voice was shaking when he talked, making his warning absolutely unthreatening, "No touching...."

Looking at his watery eyes, Chu Chen couldn't bear it anymore. It's impossible not to kiss him and touch him.

So he peeled off Luo Yi's pants, and the two of them rubbed their lower bodies together.

Chu Chen's crotch was still wet, and the feeling of damp cloth rubbing against Luo Yi's lower body gave him goosebumps all over his body.

Uncontrollably, it made his penis even harder...

Chu Chen's hot breath sprayed on his face, and his voice was hoarse, "Ah Tu, you're getting so hard..."

Luo Yi glared at him. It's not like he's the only one with an erected penis!

Chu Chen's penis had already been erected for a while. He was rubbing against Luo Yi through his pants, and his breathing became more and more rapid.

After grinding against each other for a while, Chu Chen couldn't bear it anymore. So he took off his pants and grabbed his and Luo Yi's penis together.

The two penises were squeezing and grinding against each other in Chu Chen's hand. That feeling really could make a person's scalp numb.

Chu Chen bit, sucked and licked his earlobe. His hands didn't stop moving, and he asked vaguely, "Ah Tu, are you feeling good?"

Luo Yi answered him with a soft hum, then he closed his mouth tightly, refusing to speak again. But his rapid breathing and groaning sold him out completely.

Chu Chen wanted to hear his moans, so he messed around with his hand. His other hand caressed along the hem of Luo Yi's pajamas, touching one of his nipples.

Completely unprepared, Luo Yi's nipples were suddenly pinched by Chu Chen and didn't hold back a soft cry.

His tone was very soft, and his cry was so sweet that honey might drip out of it.

Chu Chen was about to go crazy for a moment, and his hand jerking became heavier and faster. Luo Yi was caught off guard, and he couldn't stop himself from moaning.

But it stimulated Chu Chen even more. Chu Chen let go of his hand from Luo Yi's nipple and lifted his pajamas, revealing his fair chest.

His two pink nipples were exposed, and Chu Chen opened his mouth to suck one of them. Luo Yi's volume rose uncontrollably, "Chu Chen!"

Luo Yi's voice that had a hint of crying tone made Chu Chen's head dizzy.

Ah Tu's voice sounded so good... Ah Tu's nipples were also delicious... His whole body felt so good to the touch...

Luo Yi couldn't stand it anymore, plus both his nipples were pinched and sucked, which sent pleasure to him nonstop.

His waist moved along with Chu Chen's hand jerking movements, and he couldn't help but raise his chest to make it easier for Chu Chen to suck it.

Luo Yi felt like he was about to ejaculate as his lower body moved faster. His ejaculation could happen at any moment.

Chu Chen seemed to know that he was on the verge of ejaculation and suddenly squeezed the underside of his penis, stopping him from ejaculating.

Luo Yi's climax was interrupted, and he almost cried out of frustration, "Chu Chen! You... What are you doing!"

Chu Chen let go of his nipples and leaned over to kiss his lips, panting, "Let's cum together."

Then he brought their glans close together. His tip pressed against Luo Yi's tip, grinding against each other.

Their most sensitive spot was grinding against each other, and the immense pleasure from it was maddening.

Luo Yi's mind was blank as if the entire world was just left with Chu Chen, his misbehaving hand and the tip of their penis rubbing against each other.

The two ejaculated almost at the same time. As a result, Luo Yi had the illusion that Chu Chen ejaculated to the inside of his penis.

Their semen mixed. It was impossible to distinguish whose semen it was, and Chu Chen's hand was covered with them.

Chu Chen seemed to be satisfied with this situation. He retracted his hand and quickly wiped a little on Luo Yi's red lips.

Luo Yi still hadn't recovered from his climax and didn't realize what Chu Chen had done.

Chu Chen kissed him, exchanging a kiss with the taste of semen, both fishy and sweet.

After the kiss, Chu Chen smiled as if he was a cat that ate a canary. However, Luo Yi was furious, and he turned his face away, mumbling, "Hooligan."

Chu Chen heard that, and he leaned over to kiss Luo Yi's neck, "I only behave like a hooligan in front of you."

Luo Yi pushed him, "Get up! Hurry and take a shower! We're going to be late!"

Chu Chen found Luo Yi's awkward and shy expression fun. He raised his hand and touched his nose, trying to hide the smile on his face, but forgot that his hands were covered with their semen. In the end, he ended up smearing them on his face.

Luo Yi turned around and saw the situation. He was taken aback for a moment before laughing until he couldn't stand straight.

Chu Chen didn't get angry when he laughed. Instead, he shamelessly stretched out his tongue to lick his lips, looking like a pornographer.

Luo Yi widened his eyes in disbelief, feeling that Chu Chen's shamelessness had refreshed his view of the world.

While Luo Yi was stunned, Chu Chen used the speed he had cultivated when practising rebounding in a basketball match to rush over and smear Luo Yi's face with the semen that hadn't dried on his hands.

Silence.....

Silence.....

Chu Chen was originally smiling triumphantly, but he felt a little guilty when Luo Yi stayed silent.

Luo Yi calmly asked, "Was it fun?"

Chu Chen gulped, "Kinda, kinda fun... No... It's actually... not that fun at all...."

"If it's not fun, then why did you smear it on my face!"

"Ah Tu..."

"Chu Chen, fuck you!"

## Chapter 10

In the end, Luo Yi didn't manage to punish Chu Chen because after they both cleaned up, they were almost late for school.

The two entered the classroom just as the first bell of the morning study hall rang, along with their class teacher, who also entered the classroom simultaneously. As the class monitor, Luo Yi was so ashamed that he couldn't show his face.

Fortunately, the class teacher said nothing. Otherwise, Luo Yi would have to kill Chu Chen and eat him.

But the class teacher was still ruthless as usual because he came forward and said, "I'm going to take up a little time in your study hall. We'll have a quiz later in the first class."

The students in the classroom suddenly wailed. The class teacher seemed to be quite happy, and he chirped, "Class monitor, go to my office and bring the papers here. It was stacked on the table."

Chu Chen volunteered, "Teacher, I'll go too!"

The class teacher didn't mind and waved his hand, "Go ahead, go ahead."

So Luo Yi and Chu Chen went to the teacher's office to get the papers after sitting down for a short time.

When they came back, Luo Yi was empty-handed, and Chu Chen carried the paper in his hand.

Chu Chen felt he was such boyfriend material and was about to drop dead from being too happy. He even wished he could beat the gongs and play the drums. Luo Yi simply rolled his eyes at him.

Chu Chen looked at him from the side and couldn't help but think. Ah Tu looked so cute when he rolled his eyes!

Luo Yi didn't know what happened to Chu Chen that made him so excited. But he believed that Chu Chen might have gone crazy...

But after the lunch break, when Luo Yi and Chu Chen were caught by their class teacher and were dragged to mark the papers of the quiz, Luo Yi was confirmed that Chu Chen must be out of his mind.

After Luo Yi finished calculating the scores, he smacked his barely passed paper on Chu Chen's face, "Sixty-two!"

Luo Yi couldn't wait to stuff the paper into Chu Chen's mouth so that he could gobble it and destroy that evidence in his stomach!

It also saved the embarrassment when the teacher read the scores out loud!

Chu Chen peeled the paper off his face, looked at the scores on it, and felt that sixty-two was indeed shoddy and too embarrassing...

The more Luo Yi thought about it, the angrier he became, and his face turned red, "What the hell are you thinking about!"

There were many mistakes in the first few questions, and there was no answer in the last few questions! This was obviously written by someone who was fucking sleepwalking.

Luckily, it was just a quiz. If this happened during the final exam, Luo Yi would eat Chu Chen alive!

Chu Chen didn't have the balls to tell Luo Yi that he couldn't help looking at him the whole time during the quiz!

But as soon as he looked at Luo Yi, Luo Yi immediately understood.

Luo Yi took a few deep breaths before he suppressed the anger in his heart. He turned his head away and refused to speak to Chu Chen again.

Chu Chen was utterly helpless against this. He could still handle it if Luo Yi was angry and argued with him. Still, when Luo Yi was genuinely furious, he usually refused to say anything to him!

Chu Chen panicked and wanted to grab him, but Luo Yi dodged sideways.

Before Chu Chen could react, Luo Yi turned around and left the office.

Then once again, everyone knew Chu Chen made Luo Yi angry again.

Before school ended, the class teacher took up some of their class's post-meeting time to explain the quiz. The usual routine was to first call out the students to take their papers from the front.

When he read out Chu Chen's score, the class teacher was obviously stunned and looked at Chu Chen, "Have you lost your mind!"

Chu Chen said playfully, "It's an accident... I didn't sleep well last night...."

Fortunately, Chu Chen's grades have always been top-notch, and the class teacher didn't say anything else and gave him a look that said, "You're on your own."

Chu Chen looked at Luo Yi when he turned around, only to find Luo Yi lowered his head as if he was looking at the paper. Still, Chu Chen knew that he deliberately refused to look at him.

Although Luo Yi lowered his head and pretended to be looking at the paper, he could actually feel that Chu Chen stopped for a while when he passed by him.

But he didn't move, pretending to be oblivious to everything.

The class teacher was still standing on the podium, and Chu Chen couldn't keep standing at Luo Yi's side, so he had to go back to his seats.

Luo Yi felt relieved when Chu Chen went away.

In fact, instead of being angry with Chu Chen, he was mad at himself.

Luo Yi felt he was the main culprit who brought down Chu Chen. Although Chu Chen had always wanted to watch porn before, he never was utterly obsessed with it.

As soon as he thought of his former classmates, whose grades dropped because of dating and ended up being a mess, Luo Yi was terrified.

He liked Chu Chen, so of course, he wished Chu Chen to be the best. But Chu Chen was in a mess right now because he liked him.

Luo Yi was in a low mood and just silently packed his schoolbag after school.

Chu Chen followed Luo Yi like a candy stuck to Luo Yi's butt, but Luo Yi walked forward saying nothing.

When they got to a place where no one was around, Chu Chen grabbed Luo Yi's hand and said, "Ah Tu, please don't ignore me..."

His voice was in a soft, pitiful, and pleading tone.

Luo Yi couldn't help but feel soft when he heard it. He glanced at Chu Chen and then said, "I'm not just angry with you."

Chu Chen panicked when he heard that and quickly hugged Luo Yi, "Ah Tu!"

Luo Yi leaned his face on Chu Chen's chest and said in a muffled voice, "You can't do that again in the future."

Chu Chen immediately assured him, "It definitely won't happen anymore!"

Luo Yi felt his nervousness and couldn't help rubbing his face against him, "Keep your promise."

Chu Chen nodded hastily, then realized that Luo Yi couldn't see him doing it, and quickly said, "I'll definitely keep my promise!"

Then he asked cautiously, "So Ah Tu, do you still want to talk to me?"

Luo Yi sighed and then said, "Yeah."

Chu Chen was overjoyed in an instant, wishing he could kiss Luo Yi on the spot, and he really planned to do it!

But when he was about to do it, he heard someone calling them from a distance, "Chen Chen! Xiao Yi!"

Both of them were startled and quickly distanced themselves from each other.

Turning their heads, they saw a car approaching from the intersection. Chu Chen's mother was sticking her head out of the car window to greet them, smiling happily, "Come on in! I brought you guys some delicious food!"

Chu Chen glanced at Luo Yi subconsciously and found that his face was pale, and he couldn't help but want to hold his hand.

As a result, Luo Yi's hand dodged away, and he even took a step back to widen the distance between them.

Chu Chen was stunned, but the car behind them had already driven to their location.

Chu Chen's mother was in high spirits, "Hurry up, hurry up, get in the car. I just brought you guys ice cream. Now I don't have to worry about them melting!"

Just after she finished speaking, she felt something was wrong. She looked at Chu Chen and Luo Yi and then asked in a low voice, "What's the matter? Are you guys arguing? Why are you arguing?"

Chu Chen's father, who was driving, grunted, "It must be Chu Chen who made Xiao Yi mad again."

He knew his own son very well. Chu Chen definitely would scale the roof to rip the tiles without a beating for three days.

Luo Yi was different. He had been well-behaved since childhood. Chu Chen's father had always wanted to swap his son for Luo Yi since long ago.

Chu Chen's mother turned around and glared at her husband, "What nonsense!"

Then she turned her head back and asked Luo Yi, "Xiao Yi, how did Chen Chen piss you off again? Oh, no matter how he pisses you off, aunty will teach him a lesson for you. Now hurry and get in the car, or the ice cream will melt! "

Luo Yi's lips moved before forcing out a sentence, "Ah Chen didn't make me mad."

Chu Chen's mother gave him an "It's okay, I totally understand" look, and then said, "Alrighty, hurry and get in. It's so hot standing under the sun!"

Luo Yi had no choice but to get into the car with Chu Chen.

After getting in the car, the two were stuffed with a tub of ice cream each.

Chu Chen protested, "I don't want to eat honeydew melon flavor! It tastes awful!"

Then he saw Luo Yi's ice cream was vanilla flavored and said, "I want vanilla too!"

But his mother said, "Take it or leave it! Don't take Xiao Yi's ice cream! Otherwise, I'll ask your dad to smack you!"

Chu Chen felt grief and indignation, "But I'm your biological son!"

Chu Chen's mother said proudly, "I wish Xiao Yi was my son! Look at how well-behaved he is! So cute!"

While removing the ice cream lid, Chu Chen asked, "What about me!"

His mother said coldly, "Annoying little brat."

Chu Chen: "....."

Turning his head, he threw himself at Luo Yi, "Ah Tu! Mom hates me! I don't want to live anymore!"

The two suddenly got into a fight in the back seat. Chu Chen's mother, who was in the passenger seat, and Chu Chen's father, who was driving, couldn't help laughing when they saw it.

Kids...

When they arrived at Chu Chen's house, the two had eaten little ice cream, and Chu Chen only ate two spoonfuls for show.

When he got out of the car, he looked at the spoon of ice cream that Luo Yi had just scooped up and came closer to take a bite.

Luo Yi was startled and then saw Chu Chen holding his spoon in his mouth and refused to let it go while smiling at him. His eyes shine bright as if there were stars inside.

Chu Chen's mother turned around and saw them, then reaching out to hit Chu Chen's arm, "Are you looking for death! I already told you to not take Xiao Yi's ice cream!"

Only then did Chu Chen let go of the spoon with a proud look on his face, "I've already eaten it anyway! Hahahahaha!"

Chu Chen's mother slapped him two more times in frustration before urging them to enter the house.

Chu Chen turned his face to see that Luo Yi was about to be angry again, so he quickly acted pitiful, "Ah Tu... I don't like honeydew melon...."

How could Luo Yi not know that what Chu Chen disliked the most was honeydew melon? So he lowered his head and scooped out another big chunk of ice cream, and handed it to Chu Chen.

Chu Chen was instantly happy and opened his mouth to eat it.

After entering the house, Chu Chen consciously put both of their school bags in his bedroom. When he left the room, he saw Luo Yi helping his mother prepare the food she brought back.

They were all cooked dishes that had already been processed or semi-manufactured food that just needed to be heated directly.

Chu Chen's mother was in charge of the semi-manufactured food, and Luo Yi was in charge of cutting the large pieces of cooked vegetables.

Chu Chen couldn't help being fascinated by how Luo Yi lowered his head and concentrated on chopping vegetables.

Luo Yi looked back and saw him, thinking that he was hungry. So he tore a piece of sliced beef and stuffed it into his mouth.

Chu Chen licked his fingertips. Luo Yi almost retracted his hand at the speed of light as if he was electrocuted.

Chu Chen came closer with a smile, "Ah Tu, I want more."

Not sure whether he meant he wanted to eat more beef or eat Luo Yi's hand.

# Chapter 11

Luo Yi glared at Chu Chen when Chu Chen's mother was not looking at them and mouthed, "Stay put!"

Chu Chen looked at him, then at his mother. He leaned in and kissed Luo Yi quickly and then shouted, "Mom! When will the food be ready? I'm starving to death!"

Chu Chen's mother was about to put the glutinous rice chicken she brought back into the steamer, but she was so frightened by his voice that she almost dropped them onto the floor.

Turning her head, Chu Chen's mother slapped Chu Chen's back rapidly with her hands, "Are you looking for death? You startled me! I should just starve you to death! Tell me what's the use of giving birth to you! You're not even helping and only know how to startle me!"

Luo Yi was startled, and his face turned pale from Chu Chen's sneak attack. But seeing Chu Chen being beaten up by his mother, he felt mad and amused at the same time.

Chu Chen, of course, wouldn't just let Luo Yi watch the fun from the side. He then turned around to hide behind him, "Ah Tu, help me!"

After the three fooled around for a while, they heard Chu Chen's father shouting from the living room, "Are you guys still having lunch or not?"

Chu Chen's mother hit him one last time, then turned around and shouted, "Come here and get your son out of here! He only knows how to cause trouble!"

Chu Chen's father then came in and dragged his son away while thinking, it's not like Chu Chen was his son alone...

Without Chu Chen causing trouble, they soon served the food on the table.

Chu Chen looked at the table full of food and sighed, "I must be adopted...."

Chu Chen's mother ignored him and enthusiastically placed some food on Luo Yi's bowl, "Here you go. Xiao Yi, try them out. Aunt specially bought all the food you like."

Chu Chen was about to complain again when his mother sent him a sharp glare, "Didn't I buy you beef? Why are you so talkative? It's already good enough that you have something to eat!"

Chu Chen muttered, "What nonsense is this... It's already good enough that you have something to eat...."

Luo Yi sat next to Chu Chen, and after hearing this, he placed a piece of beef into his bowl.

It cured Chu Chen in an instant, and he said with a smile, "Ah Tu, you're the best."

Seeing that the two of them were in a good relationship, Chu Chen's mother also laughed and said, "If you can be half as understanding as Xiao Yi, I would wake up from my dream laughing."

Chu Chen's father stepped up at the right time to smooth things out, "Alright, alright. Our Chen Chen is pretty good too. Don't roast him too much."

Then Chu Chen turned his head and asked Luo Yi, "Xiao Yi, your parents haven't come back yet?"

Luo Yi shook his head, "They probably won't be back before the end of the year, and I couldn't reach them either."

His parents were both scientists, so it's normal to lose contact with them for around a year once they had a project.

Chu Chen's mother was heartbroken when she heard that, "They're not worried at all...."

Chu Chen's father had the same thought, but he felt that directly saying it would hurt Luo Yi, so he nudged his wife and motioned her to stop talking.

Luo Yi pursed his lips and said, "My dad discussed with me before about going with them."

Chu Chen was so panicked that he almost knocked over his bowl, "Ah Tu! What did you reply?!"

Chu Chen's mother was also a little nervous, and she hurriedly said, "They didn't have time to take care of you even if you go with them! You're living pretty comfortably right now, right?"

Although both she and Chu Chen's father often went on business trips, it's much better than Luo Yi's parents, who just disappeared once they were busy.

Chu Chen's father was relatively calm and analyzed the idea for him, "Right now, Chen Chen is accompanying you. But if you go with them, and once they get busy, you'll be all alone, Xiao Yi."

Chu Chen immediately added, "That's right! That's right!"

Seeing that they were all nervous, Luo Yi quickly explained, "I didn't agree!"

Chu Chen's mother was relieved, "Hey! It's fine if you disagree. Come and drink some soup and eat more meat. Look at how thin you are!"

After eating, Luo Yi and Chu Chen went back to the bedroom to do their homework.

As soon as the door was closed, Chu Chen snuggled up to Luo Yi and hugged him.

Luo Yi was about to push him when he heard Chu Chen ask in a gloomy tone, "Ah Tu, we'll always be together, right?"

Chu Chen's cautious tone made Luo Yi's heart soften when he heard it. He paused and then replied in a soft voice, "Yeah."

Chu Chen didn't let go of him because of this. Instead, he hugged Luo Yi tighter, so tight that it hurt Luo Yi.

He buried his face in Luo Yi's neck, and after a while, he said, "We'll be together forever."

Luo Yi said nothing. He just hugged Chu Chen and patted his back lightly.

After a while, there was still no sign of Chu Chen letting go. So Luo Yi pushed him: "Okay, let me go. It's so hot.."

Only then did Chu Chen reluctantly let him go, but his expression was like a big, aggrieved dog.

Luo Yi glanced at him, "Don't use those puppy dog eyes on me."

The expression on Chu Chen's face became even more aggrieved, "I'm not."

Luo Yi was speechless for a while, then turned to look at the clock on the wall, only to realize that they spent almost half an hour hugging each other.

"Do our homework first! We'll talk after finishing them!"

Chu Chen was speechless.

Then the two of them went to get their homework and finished them. As soon as Chu Chen opened his schoolbag, he took out all of his homework, and the test paper with sixty-two stood out among them all.

Chu Chen felt that Luo Yi's expression was as if he was about to suffocate when he saw that test paper.

Chu Chen embarrassedly hid the paper under the pile of homework... Was it really that bad... It's just sixty-two, not twenty-six.

And Luo Yi thought, "Yes! It's that bad!"

Luo Yi took a few deep breaths, then pushed his homework aside. He then stood up and went to the printer next to the desk to take several sheets of blank paper.

Looking at Luo Yi immersing himself in writing something on the paper, Chu Chen leaned over to read it and couldn't help asking, "Ah Tu, what are you writing?"

Luo Yi said without raising his head, "Questions."

Chu Chen asked, "What questions?"

Weren't all the questions already in the book? So Luo Yi wanted him to answer the questions separately?

Chu Chen was very confused before Luo Yi slapped the A4 paper to his front after writing something down quickly, "I set a question for you! Answer it!"

Although there's only one short application question on the paper, Chu Chen still felt chills going down his spine.

Luo Yi then said, "Answer this for today. From tomorrow onwards, I'll give you a test paper every day."

Chu Chen was horrified and stared at Luo Yi.

Luo Yi added, "There are only five questions in a paper. It's not that many."

Chu Chen weakly asked, "But... Why?"

Just because he got a sixty-two today?

Luo Yi said, "I want to be a scientist in the future. So do you understand?"

Chu Chen nodded his head, showing that he understood, and then lowered his head to do the question.

Luo Yi opened his homework, and after scanning the questions, he also started doing them.

After Luo Yi finished the homework for two subjects, he realized that Chu Chen hadn't finished answering the question yet.

Opposite of him, Chu Chen's face was covered in sweat, and his eyes were staring at the paper as if he was going to penetrate that paper with his stare.

Luo Yi blinked, leaned over to look, and found that Chu Chen's general idea of solving the question was correct. However, his solution was in a mess, and the handwriting was messy.

Luo Yi reached out and held Chu Chen's hand that was holding the pen and asked, "What's wrong?"

Chu Chen looked up at him and stammered, "Ah Tu... If I can't be a scientist, can I still be with you?"

At first glance, Luo Yi's question was pretty simple, but there were a lot of formulas involved in solving it. Chu Chen was soon trapped by all the different formulas as he was solving them.

He wasn't a person who was attentive and cautious when solving a question. Although his brain was a little bright, there's still a gap between him and Luo Yi.

As long as he thought he couldn't even do well in a question that Luo Yi spontaneously came up with, Chu Chen panicked a little. His mind became even more chaotic as he was solving the question.

Ah Tu wanted to be a scientist. If he couldn't even figure out how to solve this question, how could he be with Ah Tu together forever?

Chu Chen had never regretted not taking classes seriously before. If he was given another chance to start again, he would definitely study harder and improve every day!

But it's too late to regret his decision now. He looked at Luo Yi, fearing that he would say something like, "If you can't be a scientist, you're not good enough to be with me."

Luo Yi met his panicked gaze and asked him, "What do you think?"

Chu Chen could feel the sky collapsing, and he stammered, unable to form his sentence properly, "Ah Tu... You... I...."

Luo Yi couldn't help sighing. How could he be so silly.....

He leaned over and gave a quick peck on Chu Chen's lips, then sat back down on the opposite side of Chu Chen.

Taking out homework from another subject, Luo Yi's face was a little red. However, he still tried to pretend to be normal and said, "A reward for solving the question seriously."

He said, "In the future, your attitude towards studying will determine the benefits you receive from me, understood?"

Chu Chen asked, "Benefits?"

Luo Yi's serious expression was about to crumble, and he said vaguely, "You know... That..."

Chu Chen had an extraordinary ability when he comprehended a particular subject. His eyes lit up immediately, and he looked at Luo Yi like a 100000-watt searchlight.

Luo Yi flew into a rage out of embarrassment, and he kicked Chu Chen's calf from under the table, "What are you looking at? Solve your question!"

Chu Chen smiled and lowered his head to continue solving that same question. His hand flew across the paper as he was just motivated.

This time, Chu Chen's speed was really fast. Luo Yi had only finished more than half of his homework, and Chu Chen had already finished solving.

Luo Yi took the paper and looked through it, checking each step carefully from top to bottom.

After circling a few steps with some mistakes and changing to a more straightforward calculation method, he said, "Okay, hurry and do your homework."

Chu Chen still looked at him with extreme anticipation, and his face was so close to Luo Yi that he almost touched his nose.

Luo Yi ducked back, "What are you doing?"

Chu Chen said with bright eyes: "Reward! Benefit!"

This time, Luo Yi was ruthless, "You already overdraw your reward just now. There's no more left."

Chu Chen was speechless.

“Hurry and finish your homework so we can go to bed. I’m sleepy!”

Luo Yi was sleepy. Last night he spent the midnight messing around with Chu Chen before finishing his homework. They messed around again in the morning and went to school for another day of classes.

He couldn’t help yawning and looking a little down.

Chu Chen noticed it and didn’t dare to disturb him again. He quickly finished this homework.

This time Chu Chen consciously didn’t copy Luo Yi’s homework, but finished it himself.

Chu Chen had a good grade too. The homework that the teacher assigned wasn’t hard. As long as he focused on writing, he could finish that homework faster. However, a high schoolers’ homework wasn’t just a tiny amount, so it took a while to finish.

Luo Yi finished his homework first, so he went to shower.

By the time Chu Chen finished his homework and got back from the shower, Luo Yi was already nestled in bed, asleep.

Chu Chen gently climbed onto the bed, then carefully hugged Luo Yi into his arms, stole a kiss, before closing his eyes happily.

Even if they’re not doing anything, he felt so happy just from hugging Luo Yi...

Luo Yi slept like a baby until the alarm rang, and he opened his eyes.

As soon as he opened his eyes, he realized that Chu Chen was staring at him without blinking, and he was startled.

“What are you doing?”

Chu Chen said innocently, “Looking at you!”

Luo Yi didn’t know whether to cry or laugh and he pushed him: “Get up!”

Chu Chen got up with him reluctantly. After brushing their teeth and washing their face, Luo Yi was ready to change his clothes.

As soon as he put on his shirt, he realized that one button was loose. He turned around and got the sewing box from the bedside table, ready to fix the button on his own.

Chu Chen just finished buttoning his shirt. As soon as he looked up at Luo Yi, he immediately saw Luo Yi's naked body as he was taking a needle out from the sewing box.

Those two pink areas on his snow-white skin were particularly noticeable.

Chu Chen couldn't help but walk closer and reached out to touch it.

Luo Yi was stunned, and then he felt his nipples pinched. A surge of electric current flowed through his chest, making his fingertips feel a bit tingly.

He ducked back and said, "Don't mess around, or else we'll be late..."

But Chu Chen squatted in front of the bed, his face moved closer to Luo Yi's chest, and he took his nipple into his mouth, sucking it like a baby.

Luo Yi was trembling, and he said, "Chu Chen..."

Chu Chen said "Hm" as his response, but his mouth didn't stop sucking. He only let go when Luo Yi felt a little wobbly and said softly, "Ah Tu, you have a boner...."

Luo Yi glared at him angrily, but he looked so soft and weak right now that his glare wasn't really that threatening.

Chu Chen was trying to make it worse when someone suddenly knocked on the door, "Chen Chen! Xiao Yi! Are you guys up yet? Breakfast is ready!"

Both of them were startled, especially Luo Yi, as his private part instantly went soft.

Chu Chen howled in annoyance before shouting, "Yes, we already woke up! Mom, don't rush us!"

Luo Yi refused to mess around with him anymore. He kicked Chu Chen, fixed his shirt quickly, and went downstairs after putting it on.

Chu Chen had no other choice but to go downstairs with him.

The breakfast was incredibly sumptuous. There's a combination of Western and Chinese food all over the table, looking like a hotel buffet.

Chu Chen's mother was very enthusiastic, and she gave Luo Yi two pieces of shrimp dumplings.

Chu Chen looked at what happened and shook his head. He took a piece of bread and buttered it himself. He then opened his mouth and took a bite.

Chu Chen's father asked as he drank his coffee, "Shall I send you guys to school?"

Chu Chen answered with the bread in his mouth, "Sure. Ah Tu is afraid of the heat, anyway."

Before his father could say anything, his mother first scolded, "Don't talk with food in your mouth."

Chu Chen cried out and leaned towards Luo Yi, "Ah Tu, I think both of us were switched at birth!"

Chu Chen's mother said, "Oh, I'm always dreaming about it!"

After messing around for a while, Chu Chen's father stood up first and went to the garage to take the car out after seeing everyone was almost done with their breakfast.

Luo Yi wanted to help Chu Chen's mother wash the dishes but was pulled outside by Chu Chen, "Just let my mom show off her skills..."

Because of Chu Chen's father fetching them, the two were surprisingly the first to arrive at class.

Chu Chen chased after Luo Yi and asked him when the next reward would be. Luo Yi was annoyed and said, "Depends on your next test result!"

But what Luo Yi didn't expect was that the next test came a little too fast...

Probably because of the upcoming summer vacation, the teachers of all subjects seemed to have a mutual agreement, and they took up early self-study sessions to have a test.

When Luo Yi got the math test paper, he felt uneasy and nervous.

He didn't have to look back to know Chu Chen must be staring at himself with those bright eyes...

After the test, Chu Chen enthusiastically asked the math teacher, "Teacher! Why don't Luo Yi and I mark the paper for you?"

The math teacher found Chu Chen's activeness particularly enlightening and hurriedly said: "Sure, sure. Your fourth session in the morning is your gym class, right? Just in time to help me mark the papers!"

Chu Chen: "..."

No more gym class!!!

He was planning to play basketball!!!!

Chu Chen was a little sad, but the thought of marking the papers would help get his reward sooner, which gave him a will to fight again, "Okay!"

Luo Yi didn't have any obsession with attending the gym class, but he found Chu Chen's energy was a little too much...

It took them a pretty short time to mark the papers. They almost marked all the papers when only half of the gym class had passed.

This time, Chu Chen's progress was surprising...

Luo Yi looked at the paper and then at Chu Chen.

Chu Chen was in an excellent mood!

Ninety-seven! Ladies and gentlemen! What sorcery was this? If you rounded it up, it's a hundred million!

Then Luo Yi was dragged to the stairwell by Chu Chen.

The light in the stairwell was dark, but Chu Chen's eyes were glistening. He lowered his head, and his breath sprayed onto Luo Yi's face.

Chu Chen's voice was husky, "Ah Tu, I want my reward."

Luo Yi felt a little weak. He gave Chu Chen a peck and said, "The re..."

Before he could finish the last word, Chu Chen kissed him. The tip of his tongue entered Luo Yi's mouth and became entangled with his tongue.

During the kiss, the hem of Luo Yi's shirt was pulled out of his pants by Chu Chen, and his hand reached in.

Chu Chen's palms were hot, and the places he stroked brought a stream of heat.

By the time the two lips were finally separated, Luo Yi was feeling a little dizzy because of the kiss. He didn't even know how and when his shirt was unbuttoned.

He knew it was too much to do this in school and wanted to call it off.

But Chu Chen was already doing something he did in the morning. He held his nipple in his mouth, sucking and licking them.

The tingling feeling spread across his chest. Luo Yi had to bite his lower lip to stop the moan from coming out of his mouth.

That erotic, wet, and hot licking was driving him crazy.

Chu Chen also purposely made his sucking sound loudly, making Luo Yi feel even more ashamed.

But at the same time, he couldn't stop himself from having a boner.

## Chapter 12

Chu Chen wasn't relaxing either. Luo Yi could feel Chu Chen's leg reaching between his two legs, with Chu Chen's erected penis touching his inner thigh.

Two hot bodies were clinging to each other, and their lower half of the body was uncontrollably rubbing against each other. The thin school uniforms they were wearing seemed to become an intolerable constraint.

Luo Yi could feel Chu Chen's warm hand, strolling and kneading his naked skin.

Then his hand slipped down his hip, stretched into his school pants, and touched along the edge of his underwear.

Luo Yi couldn't control his panting. In this small stairwell, his voice was exceptionally loud.

His panting scared him, allowing his escaped rationality to return to its cage instantly.

Unheeded by the situation, Chu Chen pulled down his pants, and Luo Yi immediately grabbed his hand, "Chu Chen!"

Chu Chen also let go of his nipples at this time, raised his head, and kissed his lips, "Ah Tu..."

His voice was hoarse, trying to win Luo Yi's favor while testing where Luo Yi's boundary was.

Luo Yi's heartstring was stirred up by this voice. He grabbed Chu Chen's hand tightly first and finally let go. He said vaguely, "We're at school right now. Don't cross the line...."

Even though he already knew what they were doing right now was far from crossing the line...

Luo Yi bit his lower lip and thought, “Only for this time....”

When he was thinking about that, Chu Chen also took off his pants and grabbed his and Luo Yi’s erected penis together.

Obviously, this was not their first time doing it, but because of their situation at this moment, the thought of getting discovered sent them a strong sensory stimulus.

Luo Yi’s body trembled after being touched a few times. His chest was violently heaving up and down. His breath was rushing as if he was going to suffocate. His penis was also pulsating, and he was about to ejaculate in the next second.

Chu Chen bowed his head slightly and saw Luo Yi’s red fluttering face and long, gently shivering eyelashes.

Luo Yi’s lips also seemed extraordinarily red because of his subconscious biting.

Chu Chen asked him softly, “Au Tu, do you want to cum?”

Luo Yi avoided his eyes, ashamed that he was about to ejaculate soon.

But his body was not beyond his control, and he finally reluctantly said, “Hmm.”

His “Hmm” with a nasal tone sounded extremely soft, with a little hint of grievance, as if he was acting cute.

Chu Chen was almost about to have a nosebleed from his “Hmm” and he thought, “Ah Tu is so cute....”

And so sensitive...

Luo Yi was impatient. He didn’t know what was going on. As long as Chu Chen touched him, it would be easy for him to ejaculate.

If he hadn’t secretly inspected it and found everything was fine. He would have suspected something was wrong with his...

It's all Chu Chen's fault...

Luo Yi wanted to glare at Chu Chen. But before his eyes could turn towards him, he felt Chu Chen's hand removed from his penis.

Immediately, Chu Chen, who was sticking against him, also backed away.

Luo Yi looked at him and saw Chu Chen squatting in front of him.

The light in the stairwell was too dim, and Luo Yi was short-sighted. He couldn't tell what Chu Chen was doing, but the feeling of his penis being wrapped in a hot and humid mouth was clear and exciting.

Luo Yi immediately raised his hand to cover his mouth and endured the moan that was about to slip out of his mouth.

But the narrow stairwell was still filled with his intolerable panting.

Luo Yi's heart was about to pop out of his chest. The penis that Chu Chen sucked and swallowed was about to explode.

Every move by Chu Chen could bring him great excitement. Luo Yi could feel his tongue licking his tip and stimulating the sensitive meatus.

Luo Yi's legs trembled, almost unable to stand. The feeling of ejaculation couldn't stop him from thrusting his penis towards Chu Chen's lips and tongue.

Realizing that Luo Yi was about to ejaculate, Chu Chen let go of the most important place and turned to other places.

Luo Yi, who was about to ejaculate the next moment, felt a tremendous frustration, but the feeling of his scrotum and the inside of his thigh being sucked and kissed gave him some relief.

Luo Yi slowly came back to his senses. He couldn't help but stretch his legs and kick Chu Chen, to which Chu Chen replied with a soft smile.

Luo Yi's face was burning hot from Chu Chen's smile. When he was about to flare up again, Chu Chen had already put his penis back into his mouth again.

Luo Yi's scalp became numb in an instant. This time, Chu Chen didn't move slowly and only stopped until Luo Yi ejaculated into his mouth.

The pleasure of ejaculating made Luo Yi's mind blank, and Chu Chen kissed him again.

The fishy odor exchanged between their lips and tongue, both sweet and erotic.

At the end of the kiss, Luo Yi couldn't help but mutter, "Why are you always like this..."

Chu Chen smiled and kissed his lips again, "I like it."

Then Chu Chen pleaded to him with a soft and fluffy tone, "Ah Tu..."

He's an idiot if Luo Yi still didn't understand what Chu Chen was calling his name at this time for.

Unfortunately, not only he wasn't an idiot, his brain was functioning well as well.

So Luo Yi accepted his fate and crouched down, moving closer to Chu Chen's crotch.

Even in poor lighting, the erected penis still looked a little fierce.

Luo Yi couldn't help but swallow his saliva. He was terrified. He couldn't believe that he had voluntarily stuffed such a thing into his asshole before. It was really beyond imagination.

To be honest, Luo Yi was a little green with envy.

They grew up eating the same thing. How come Chu Chen's penis was bigger than his...

Luo Yi thought so as he opened his mouth, putting the monster into his mouth.

He relaxed his throat as much as possible and swallowed it deeper.

The saltiness of the prostatic fluid dissipated in his mouth, mixed with the taste of his own semen.

To be honest, the smell was unpleasant, but it could unexpectedly arouse lust.

Especially when he was licking and swallowing, Chu Chen's increasingly heavy breathing and moaning also gave Luo Yi a sensory stimulus.

Luo Yi suddenly understood why Chu Chen was so fond of messing around with him.

Think about it...Chu Chen had this reaction because of him. He gave Chu Chen these pleasures.

This understanding made Luo Yi addicted. He tried hard to swallow and the discomfort of the thick penis shoving against his throat stimulated physiological tears to slide from the corner of his eye.

But Luo Yi still tried to swallow Chu Chen's penis as deeply as possible.

Both of his cheeks became sore from the prolonged swallowing, and his saliva dripped down along his jaw uncontrollably.

He raised his eyes and wanted to see the expression on Chu Chen's face, but due to the tears, his eyes were dazzled.

However, Chu Chen could see Luo Yi's expression clearly. This scene was simply too amazing!

Ah Tu sucking on his penis, trying his best to swallow it to the deepest place, and looked at him with that teary eye...

Chu Chen finally couldn't control himself and started thrusting into Luo Yi's mouth. His every thrust deeply shoved to Luo Yi's throat.

But Luo Yi was extraordinarily obedient and cooperative. He tried his best to be patient and even catered to Chu Chen's movements...

Chu Chen was about to lose his mind. He knew that continuing like this would do them no good, so he decisively pulled his penis out of Luo Yi's mouth.

Then he lifted Luo Yi up from the floor in a boorish manner.

Before Luo Yi could react, he felt Chu Chen pressing him against the wall. The cold wall made him curl up, shivering for a while.

The penis that was squeezed into his ass crack was hot and hard. Chu Chen's hand grabbed his waist and pulled his ass tightly towards his own penis.

That aggressive, hard, and hot penis was grinding against his entrance. Luo Yi thought that Chu Chen was going to thrust inside recklessly.

Luo Yi couldn't help but hold his breath. Even he couldn't figure out whether it was because of fear or something else.

Chu Chen bit him on the side of his neck, but he used little strength, like a puppy grinding his teeth.

Then Luo Yi heard him saying in an extremely grievous tone, "Ah Tu...I want to do it...I want to go inside you..."

Luo Yi wanted to say no, but Chu Chen himself said it before he could, "I know I can't now..."

"But the thought of how tight and how hard Ah Tu's inside is just making me so hard. I can't even cum...."

Chu Chen's voice sounded like he was going to cry, but what he said was making Luo Yi's whole body burn.

Luo Yi stammered, "Didn't... Didn't I just give you a blowjob..."

Chu Chen said, "It's not enough...Ah Tu, can we go back? "

## Chapter 13

Luo Yi clearly knew that this was wrong, but Chu Chen's aggrieved hum was ringing in his ears, and he couldn't refuse him.

His heart was beating fast, and he couldn't even speak properly, "Let... Let me go. "

Chu Chen didn't move at first, but finally let Luo Yi go obediently.

Luo Yi turned around and saw the tall man with his penis sticking up high, but Chu Chen looked like a big dog who was just abandoned. His eyes were red and looked very aggrieved.

Luo Yi believed he must have owed Chu Chen in his previous life and took a deep breath before saying, "Just this time. "

Chu Chen's eyes lit up in an instant, and Luo Yi felt that if there was a tail behind him, it would definitely shake happily.

When he saw Chu Chen staring at him with glowing eyes, Luo Yi couldn't help but get angry and asked in a vicious voice, "Did you hear what I just said? "

Chu Chen then nodded quickly, "Yes! "

Luo Yi wanted to open his mouth to say something, but after looking at Chu Chen's still erected penis, he couldn't help muttering something, and then bent down to put on his pants.

Chu Chen's eyes were fixed on Luo Yi's thick and round ass that was exposed from under his shirt as he was bending over.

Luo Yi glanced at Chu Chen while wearing his pants, and found Chu Chen was staring at him while swallowing his saliva as if he couldn't wait to eat himself.

Luo Yi got goosebumps from Chu Chen's stares, "Don't look at me like that, okay! "

Chu Chen said confidently, "I want to look at you! "

Luo Yi felt he was talking to a wall, so he said directly, "Then don't look at me! "

Chu Chen's eyes suddenly turned pitiful again in an instant, and he let out a whimper from his throat, which made Luo Yi particularly irritable, "Don't pretend to be pitiful! Put your pants on! "

Luo Yi endured the wetness on his lower body, put on his underwear, and then put on his school pants again.

When he was about to button his shirt, he heard Chu Chen calling him, “Ah Tu...”

Luo Yi raised his eyes and glared at him, “What?! ”

Chu Chen leaned over and motioned to Luo Yi to look at his crotch. Luo Yi lowered his head and saw Chu Chen’s school pants had a bulge from his erected penis.

Luo Yi felt annoyed and amused at the same time. He took a deep breath, and then said, “I’m going to tell the teacher I’m not feeling well right now. You can accompany me back home. You either find something to cover it or find a way to calm it down. Do you understand? ”

After Chu Chen nodded, Luo Yi quickly buttoned his clothes, and then neatly stuffed the hem of his shirt inside.

Before walking out of the stairwell, he said, “Wait for me here. ”

Luo Yi didn’t wait for Chu Chen’s response and he walked out quickly.

To be honest, Luo Yi was still under a lot of pressure to lie to the teacher. He first went to the bathroom and cleaned himself up.

Perhaps it was a psychological effect or something else. Luo Yi always felt that the smell of the semen was still lingering on his body, which made him feel very guilty when he was asking the teacher for sick leave.

The class teacher was 100% relieved of Luo Yi, the class monitor, and since Chu Chen was also a top student in the class. It was pretty easy for Luo Yi to ask for sick leave.

When Luo Yi went back with the note, he couldn’t help but breathe out a sigh of relief for the easy process and then imagined himself stabbing Chu Chen ten thousand times in his heart.

It’s all his fault!

Then he felt dejected and blamed himself for not refusing and fighting back.....

When Chu Chen saw the sick note, he was so happy that he could cheer out loud. He then pulled Luo Yi out.

Luo Yi was literally dragged by Chu Chen all the way to the entrance of the school, and then Chu Chen hailed a taxi and they both went inside.

They went to Luo Yi’s house since there was no one in his house all year round, which made it convenient for the two of them to fool around.

Chu Chen pressed Luo Yi to the door almost as soon as they entered the door, and a scorching kiss swept everything else away.

Luo Yi was originally feeling guilty because of doing something bad, but that guilt was left behind by Chu Chen's kiss.

Chu Chen eagerly took off Luo Yi's clothes. The movements on his hands were very rash and heavy that they hurt Luo Yi.

Luo Yi wasn't sure if his shirt was buttoned off by Chu Chen or something. Anyway, the speed at which his shirt was stripped off was surprisingly fast.

After a while, Luo Yi was completely naked.

When Chu Chen reached out to touch his ass, Luo Yi finally regained a little sanity, "Wait! "

Luo Yi hurriedly grabbed Chu Chen's hand. He then panicked, "You wait a while, I'll go to the toilet first..."

Then he ducked down and got out of Chu Chen's arms.

When Chu Chen recovered from his senses, Luo Yi had already rushed into the bathroom and locked the door.

Chu Chen was dumbfounded when he stood outside the door, and then he heard the sound of water coming from the bathroom.

He understood in an instant, and then he couldn't help but giggle as he leaned against the door.

"Ah Tu is really cute....."

Luo Yi was dilly-dallying in the bathroom for a long time. When he came out, his whole body was covered with water vapor. His eyelashes were wet, his face was flushed, and he looked delicious.

Chu Chen really couldn't bear it any longer, so he picked Luo Yi up and walked to the sofa in the living room while kissing.

Chu Chen already turned on the air conditioner in the living room, and Luo Yi couldn't help shrinking his neck due to the cold air.

But then Chu Chen's series of actions quickly made his body hot and dry again.

Luo Yi was put on the sofa by Chu Chen, the straps of his bathrobe were easily torn apart, and his legs were separated.

He watched Chu Chen lower his head, kiss his leg, and lick his penis that wasn't erected yet. After there was a reaction, Chu Chen's kiss moved to the back.

The freshly cleaned opening was easily explored by the tip of Chu Chen's tongue. Luo Yi's whole body was numb when he was licked, and his toes couldn't help curling up.

Chu Chen seemed to complain that the current stimulation wasn't enough. While kneading Luo Yi's ass with his hands, he tried to pry open the two thick ass cheeks apart and the tip of his tongue went in deeper.

Luo Yi's vision was blurred. He only knew that the place licked by Chu Chen seemed to melt.

His penis was so hard that it hurt as if it would ejaculate in the next moment.

He trembled and said, "Ah Chen... It's okay... Don't, don't lick it anymore..."

Chu Chen didn't seem to hear him and continued licking vigorously. Luo Yi covered his mouth and whimpered softly before Chu Chen stopped moving.

Then Chu Chen put his fingers in, from one finger, two fingers.....

Chu Chen's patience at this moment was simply terrifying.

Luo Yi could feel the fingers in his ass expanding slowly and meticulously, and the pleasure of the prostate being pressed constantly made him feel at a loss.

Finally, when that small hole was completely softened, Chu Chen felt it was time.

Luo Yi felt something hot and stiff pressing against his ass. He raised his hand and covered his eyes with his arm. He didn't know if he was urging Chu Chen or accepting his fate, "Thrust it inside..."

Chu Chen leaned over, pulled away Luo Yi's hand that was covering his eyes, and kissed his lips tenderly. Accompanied by this kiss, his penis invaded slowly and forcefully.

The feeling of being stretched was so strong that Luo Yi couldn't even breathe.

## Chapter 14

Probably because there was no lubricant used, Chu Chen went inside slowly.

Luo Yi could clearly feel his inner wall being stretched little by little, and the hot and hard penis went all the way to the depths of his intestine.

Luo Yi felt like his body was stuffed. The thing in his body was so thick, so hot, and too hard.

Between breaths, Luo Yi could feel the pulsation from Chu Chen's penis.

Such a closely connected feeling softened Luo Yi's heart, and he was indescribably fascinated by this feeling.

Sex may bring addictive excitement, but what fascinated lovers even more was this feeling of being together, right?

Being so close to your loved one, kissing, entangled like a symbiotic vine.....

Thinking so, Luo Yi lowered his eyes, put his hands around Chu Chen's neck, deepened the kiss, and even gently swung his hips to ride on the penis in his body.

Chu Chen's breathing became heavier as if he was on a binge of losing control.

He resisted and thrust slowly, little by little. When it's gradually becoming smoother, he sped up his thrusting.

Luo Yi was a little breathless by his faster and faster thrusting, and Chu Chen also cooperated and ended the kiss in time.

As soon as their lips separated from each other, a groan leaked out of Luo Yi's mouth.

Luo Yi felt very ashamed, but along with the leaked groan, it was the more ferocious pumping of the penis in his body.

"Gentle.....Ah....."

The feeling of his prostate being thrust against made Luo Yi's body numb, and his line of thought became dull as if all of his senses were centralized to his lower body.

He didn't know when his penis became erect, and it was resting on Chu Chen's strong abdominal muscles, grinding on it along with Chu Chen's pumping movements.

The pleasure from the front and back was too strong, and Luo Yi couldn't help whimpering. It seemed like that's the only way he could vent the excess happiness in his body.

But Chu Chen seemed to think that it still wasn't enough, so he lowered his head and bit one of Luo Yi's nipples, sucking and licking them.

Luo Yi nearly screamed, and couldn't help crying, "Don't... don't do this..."

Although he was crying for Chu Chen to stop, the small mouth below was biting tightly, shrinking as if it wanted to drain out every drop of Chu Chen's semen.

Chu Chen felt that Luo Yi seemed to be much more sensitive than when he fucked him last time. Not long after he thrust inside, the cock that was pressing against his lower abdomen was already wet.

To verify his own thoughts, Chu Chen let go of Luo Yi's nipples. Before Luo Yi could breathe a sigh of relief, Chu Chen held his member in his hand.

This was even worse than his nipples being sucked just now. He couldn't even scream anymore, so he could only cry and gasp unconsciously.

Fortunately, Chu Chen didn't plan to continue playing with it. He quickly let go, but leaned over and said, "Ah Tu...would you like me to fuck you until you cum like last time?" "

Then, without waiting for Luo Yi to answer, Chu Chen put one of Luo Yi's legs on his shoulder, straightened his body, and fucked deeper.

The sound of Luo Yi's ass being slapped by Chu Chen's scrotum was loud and erotic, and Luo Yi's eyes lost their focus because he was so deeply pierced.

His eyelashes were wet, and his mouth opened and closed unconsciously while the two pink nipples on his chest wiggled with Chu Chen's rhythm. Luo Yi looked like he was being fucked into oblivion, and the feeling of wanting to ejaculate became stronger and stronger.

Then, unsurprisingly, he was fucked until ejaculation again, and it came even faster than last time.....

Luo Yi's eyes were full of tears, and the overly stimulating pleasure caused his whole body to fall into a void, and his body became extremely sensitive.

Chu Chen stopped thrusting, but his penis remained stuck inside Luo Yi's body, and every little breathing movement still made Luo Yi tremble and groan while sobbing.

When Luo Yi could finally take a breath, Chu Chen's eyes were already red from holding back.

Luo Yi's face blushed as he met Chu Chen's gaze.

Chu Chen leaned over and called him in a hoarse tone, "Ah Tu..."

"Wh...What? "

Luo Yi still had his nasal voice, and it was hoarse. Obviously, it was because of his scream and moan just now.

Chu Chen didn't answer immediately but picked him up from the sofa, and the straddling posture made Chu Chen's penis reach Luo Yi's body deeper.

Luo Yi hadn't completely recovered from the aftertaste of his pleasure, and he couldn't help but tremble slightly as he lay on Chu Chen's shoulder at this moment.

Then he heard Chu Chen say, "I'm so afraid that I'll fuck you too hard that you break..."

Luo Yi couldn't hold his facial expression, knowing that deep inside was one thing, but it was another thing when Chu Chen said that out loud.

He wanted to say that he wouldn't break, but then Chu Chen said again, "But I really want to... just fuck you until you're broken.."

Luo Yi felt Chu Chen's hand on both sides of his waist, which made him tremble out of ticklish.

Then he thought of their last time, they were in a similar posture like this too.....

Chu Chen grabbed his waist, and fiercely fucked Luo Yi, who had just experienced an orgasm into ejaculation again.

As he was thinking so, Chu Chen also moved fiercely and roughly.

Luo Yi felt as if he was about to be pierced through by Chu Chen, and cried uncontrollably, afraid that he would really break from Chu Chen's thrusting. This fear, accompanied by the sound of the physical impact, Chu Chen's gasping, and his own groans and cries, all became a catalyst for pleasure.

Luo Yi only knew that he ejaculated again and was in a mess, but Chu Chen was still thrusting inside him with full energy, rubbing and bumping against his prostate.

But his balls were already empty from ejaculating too much.....

The penis that erected again from Chu Chen's fucking pulsated twice, but only a little prostate fluid was squeezed out from the tip.

Luo Yi hugged Chu Chen's neck and cried, "I can't do it anymore... Don't..."

"Ah Chen...I can't cum anymore...Um..."

Chu Chen couldn't stop at such a critical moment. He lowered his head and kissed Luo Yi on the cheek, "It's going to be fine soon..."

Luo Yi angrily avoided Chu Chen's kiss. He opened his mouth and bite Chu Chen's shoulder to vent his anger. Unexpectedly, Chu Chen's movements became even more intense!

Caught off guard, the shock and pleasure, swept everything up. Luo Yi believed he was going to turn crazy because of Chu Chen!

As if some switch on his body was turned on, all of his senses were drawn out.

Chu Chen finally ejaculate deep inside Luo Yi's hole, and then he felt a warm liquid dripping down between himself and Luo Yi's body.....

After realizing what it was, Chu Chen thought to himself, "Oh no! Ah Tu is going to ignore me again!"

He subconsciously hugged Luo Yi tightly, making their bodies cling to each other tighter as if this would cover up the fact that Luo Yi lost his bladder control because of him.

## Chapter 15

Chu Chen's penis lost its erection after ejaculation, and it slid out of Luo Yi's ass. The semen inside suddenly flowed out of Luo Yi's ass that couldn't close after Chu Chen's fucking.

Their lower bodies and the sofa were a huge mess mixed with the urine just now.

Chu Chen knew what he needed to do right now was clean Luo Yi, but he was panicking. He could already imagine Luo Yi ignoring him for a few days.

But Luo Yi, who was hugged tightly by him, didn't say a word for a long time.

So Chu Chen freaked out even more. How angry was Luo Yi for him to stay silent for such a long time!

Chu Chen couldn't feel his leg. He didn't feel good at all!

He swallowed his saliva and sneakily looked at Luo Yi's expression, only to find Luo Yi had his head down. Chu Chen couldn't see his expression, but he saw Luo Yi's shoulders trembling.....

If he listened carefully, he could hear sobbing!

Is Ah Tu..... crying?

Right now, Chu Chen couldn't care if Luo Yi was angry with him or not. So he quickly let go of Luo Yi before leaning over to see if he was crying.

Then he saw Luo Yi's two eyes bright red while sobbing with his lips pursed.

Luo Yi found the whole thing too embarrassing. He lost his bladder control the first time because of Chu Chen's finger. Then he was fucked until he couldn't ejaculate anymore and peed again this time.

The more he thought about it, the more he felt shameless, and tears started falling.

Seeing him crying like this, Chu Chen felt someone just clutching his heart. He rather Luo Yi scolded him than Luo Yi ignored him for a few days.

Chu Chen stammered, "Ah Tu.. Ah Tu.. Don't scare me! Say... Say something. Scold me! "

Luo Yi looked up at him, feeling even more aggrieved, and his lips pursed up tighter.

Chu Chen was so anxious that he was sweating when he saw Luo Yi reacting this way. As soon as his brain twitched, he went to take his hand and then said, "Why don't you beat me up?" "

Luo Yi tried his best to get his hands out, but he was not as strong as Chu Chen, and he didn't escape after struggling for a long time. In the end, he couldn't help but say, "It's all your fault! "

When Chu Chen saw Luo Yi was still willing to talk to him, he couldn't help but celebrate, "Yes, yes, it's all my fault! I'm a terrible person! Ah Tu, please don't cry, okay?"

Luo Yi didn't want to cry either, but he couldn't help it. He opened his mouth and kept repeating with his red eyes, "It's all your fault! "

His voice was hoarse but light and soft, "I said I can't do it anymore, but you continued....."

Chu Chen felt like a bastard, and he had so many things to say to make up for his recklessness.

But he suddenly heard Luo Yi say, "I'm going to fuck you next time. "

Chu Chen was taken aback and then said, "Oh. Then Ah Tu...Are you still angry with me?" Will you not ignore me? "

Luo Yi stared at him with wide eyes and asked, "Did you just agree?" "

Chu Chen was a little puzzled, "If not, what else? "

Although he found it weird to be fucked by Ah Tu. After all, both of them are boys, and it's normal for them to want to be at the top.

Luo Yi thought for a while and then asked him, "Did you agree because you're afraid that I'll be angry at you?" "

Chu Chen shook his head and said what he thought.

Luo Yi looked at him, only to feel that the sweetness and sourness in his heart were mixed into a ball, probably.....

Probably because of this, that's why he liked him so much.....

Then Luo Yi pouted and said, "It's just a joke. It's too much effort..."

Chu Chen was not too obsessed with whether Luo Yi wanted to be at the top or not. Instead, he just wanted to know if Luo Yi was angry with him or not.

Luo Yi glared at him, "Carry me to the bathroom! I'm so dirty! "

Chu Chen hurriedly carried Luo Yi to the bathroom. However, when he was cleaning Luo Yi's ass, Luo Yi's legs were so soft that he couldn't stand at all. In the end, he couldn't help but kneel in the bathtub and cling to the side of the bathtub to clean Luo Yi up.

When Chu Chen helped clean Luo Yi up, he almost had a nosebleed again.

If it weren't because he didn't have the balls to do so, afraid that Luo Yi would be angry with him again, Chu Chen would tangle with Luo Yi in the bathroom again.

But Luo Yi knew that Chu Chen must be thinking of something discordant again from looking into his eyes. So after finishing cleaning up, he rushed Chu Chen to clean the living room.

Luo Yi, who barely dried his hair by himself, turned off the hairdryer. Then, with his eyes half-closed, Luo Yi listened to the living room's sound outside and couldn't help lying down on the bed with a smile.

It's just wiping the sofa and the floor. So how did Chu Chen make it sound like he was demolishing the house?

Thinking so, Luo Yi was about to fall asleep in a daze.

Not long after he fell asleep, Chu Chen woke Luo Yi up. Luo Yi opened his eyes unhappily, "What! "

Chu Chen leaned in flatteringly, "Don't be angry, Ah Tu. Eat something before going to bed?" "

Luo Yi wanted to say that he couldn't go to bed right after eating. He was so sleepy now that he just wanted to sleep.

But after seeing Chu Chen's excited expression, he suddenly said, "What did you buy?" "

Chu Chen can't cook. He usually helps him wash the dishes at most, and he can't even cut vegetables. He didn't make the food himself, so Luo Yi asked him what he bought.

Chu Chen replied: "I bought fried rice and porridge with lean meat and soup dumplings. "

The fried rice belonged to him, and the lean meat porridge and dumplings belonged to Ah Tu.

The dumplings couldn't be kept for a long time. Although Luo Yi was very sleepy, he still couldn't help getting up while squinting his eyes.

But Chu Chen held him down, and he said, "Hold on, I'll bring them here. "

Then Luo Yi lay down on the bed and had lunch, which Chu Chen personally fed.

Luo Yi was speechless, "My hand can still move. It's not broken. "

Chu Chen scooped another spoonful of porridge, and after blowing it cool and feeding it to his mouth, he said, "But you can eat it with your eyes closed." "

Luo Yi almost didn't spit out the porridge, so he quickly opened his eyes.

Chu Chen saw him open his eyes and immediately said, "Aren't you sleepy? Close your eyes. "

Luo Yi was sleepy, but he found this amusing. It's not like he could actually fall asleep when closing his eyes! He still needed to eat!

He didn't plan to figure out what Chu Chen's brain was thinking. Luo Yi ordered him around. After swallowing the porridge in his mouth, he said, "Give me a dumpling." "

The dumpling was filled with soup, so it was very difficult for others to feed him.

Luo Yi carefully bit through the skin of the dumpling and wanted to suck out the soup inside. But he still accidentally let the soup flow down the corner of his mouth.

He was about to reach for the tissue paper on the bedside table When Chu Chen's big face leaned over, his mouth chewed on the corner of Luo Yi's mouth, and licked the soup along the way.

Luo Yi looked at Chu Chen's bright smile, as if he had just taken an enormous advantage, and found it funny, and asked him, "Is it delicious?"

Chu Chen smiled even more happily, "It's so delicious! "

Then he leaned over and kissed Luo Yi on the lips, and said, "Ah Tu, you are the most delicious."  
"

Luo Yi glared at him softly, "What a hooligan...Porridge! "

Chu Chen happily scooped a spoon of porridge for him again, blew it, and fed it to his mouth with a very good service attitude.

## Chapter 16

The lean meat porridge was dense and creamy. Almost all the rice grains were melted in it. It had a meaty smell, yet it didn't smell greasy, which was very appetizing.

Luo Yi was at an age for physical growth. He didn't feel hungry at all just now when they were messing around. After taking a few sips, the feeling of hunger came to him.

So he got up and took a few more sips, but he was really sleepy, and before he knew it, he leaned against the headboard, closed his eyes, and waited for Chu Chen to feed him.

Because Luo Yi closed his eyes, he waited until the spoon touched his lips before he would open his mouth to eat the porridge.

In a daze, Luo Yi felt that Chu Chen's movement of feeding him porridge seemed to get slower and slower, so he opened his eyes a little and wanted to see what was going on.

Then he found Chu Chen staring straight at his lips in a daze. His Adam's apple rolled up and down unnaturally, and he made a swallowing motion.

Luo Yi was very sleepy, and he didn't realize what was wrong with Chu Chen for a moment. He thought Chu Chen was hungry too, so he said, "I'm full. You can eat them." "

Chu Chen didn't say a word, and he didn't start eating too, but scooped another spoonful of porridge and handed it to Luo Yi's mouth.

Same as usual, Luo Yi opened his mouth and ate that spoonful of porridge as if he had been instructed only when the spoon touched his mouth.

When Luo Yi swallowed the spoonful of porridge, Chu Chen leaned over and said to him, "Ah Tu... The porridge looks like that..."

Luo Yi half-opened his eyes and looked at him in confusion, unable to figure out what he was talking about.

Chu Chen couldn't help but lowered his head, licked Luo Yi's lips that were stained with porridge with the tip of his tongue, and then as if he was starving, he sucked the two red lips again.

No matter how unresponsive Luo Yi was, he already knew what Chu Chen meant by "that", and he didn't know whether to be angry or laugh.

When Chu Chen stopped kissing him, his breathing also became chaotic. After calming down, he said angrily, "What ridiculous thing are you thinking about right now in your mind! "

Chu Chen didn't refute either, because he found Ah Tu angry with his cheeks and lips red adorable!

Luo Yi wanted to say something more, but seeing Chu Chen's eyes with glowing little stars in them. He knew he wouldn't be able to talk some sense into him, so he could only angrily push Chu Chen away, lie down, and prepare to go back to sleep.

As soon as he closed his eyes, he felt Chu Chen's breath brushing lightly over his ears. Luo Yi tried to dodge, but he heard Chu Chen say, "Ah Tu, can I try feeding you with my mouth?" "

After Chu Chen finished speaking, he thought his idea was brilliant!

He could feed Ah Tu and eat Ah Tu at the same time.

Luo Yi was stunned for a few seconds, causing Chu Chen's excited heart to beat involuntarily.

Luo Yi opened his eyes slowly, and Chu Chen looked at him with those little eyes.

Luo Yi slowly pointed his chin to the chair by the bed. Chu Chen didn't dare to say a word, so he sat down obediently.

After Chu Chen sat down, Luo Yi closed his eyes again, and didn't forget to add, "Eat by yourself, if you dare to disturb me again..."

Chu Chen shook his head quickly and remembered that Luo Yi already closed his eyes and couldn't see him, so he wanted to say that he would definitely not disturb him.

But the moment he wanted to speak, he saw Luo Yi's gentle breathing and couldn't bear to make a sound.

Chu Chen lightly covered him with a quilt and turned around to finish Luo Yi's leftover dumplings and lean meat porridge in two or three mouthfuls. His fried rice was abandoned halfway.

After packing up the lunch box and everything, Chu Chen also got into bed, lifted the quilt covered on Luo Yi, got in, and then hugged Luo Yi in his arms. Only then did he feel perfectly content.

Probably because Luo Yi didn't fall asleep, or was awakened by his action, he muttered something under his breath.

Chu Chen leaned over to listen, but only heard Luo Yi's gentle breathing.

His voice was very soft, but Chu Chen found it magical. Luo Yi's voice made him feel like something had just ironed over his heart and made him feel very free from anxiety.

The two of them snuggled together, and Chu Chen fell asleep with him.

When Luo Yi woke up, it was already dark, and Chu Chen beside him hadn't woken up yet.

He thought back to what happened during the day, and couldn't wait to continue sleeping. Wishing everything that happened today was just a dream, and when he woke up again, nothing happened in reality.

Thinking about it, he couldn't help but kick Chu Chen's calf.

Chu Chen slept soundly, and he didn't move at all after being kicked by him.

Luo Yi was a little relieved after a kick. When he was hesitating whether to get up, he suddenly remembered that it was already nighttime!

Luo Yi's scalp tightened suddenly, and he quickly shouted to Chu Chen, "Get up! It's already nighttime! "

Chu Chen didn't understand what was wrong with nighttime. Since Luo Yi was so anxious, he had to follow along.

The two families lived very close, and it took only a few minutes for them to go to Chu Chen's house.

As soon as Chu Chen's mother saw them coming back, she hurriedly greeted them. Before they could speak, she pulled Luo Yi and asked anxiously, "Xiao Yi, I just called the school. The teacher said you are not feeling well? How do you feel now? Are you still feeling uncomfortable? Did you go to the hospital? "

Luo Yi looked at Mother Chu so nervously that he couldn't answer at all.

Sensing something was wrong, Chu Chen hurriedly answered, "We were at Ah Tu's house just now, and he's feeling much better after a sleep..."

Mother Chu turned her face to look at her son, raised her hand, and slapped him on the arm, "Why didn't you think of calling home? Xiao Yi is sick. Why did you still let him run back and forth? "

Chu Chen avoided Mother Chu's hand that was about to greet him again, "Ah Tu didn't want you guys to worry about him!" "

When Mother Chu heard this, her heart suddenly became soft. She turned her head and asked Luo Yi again.

When Chu Chen saw Luo Yi's face getting paler and paler every time his mother asked him a question, he hurriedly said, "Mom! Stop being so lousy, I'll take Ah Tu to rest first, you can ask me if you have questions! "

Only then did Mother Chu react and hurriedly said, "Yes, yes, rest first! I'll get you something to eat. "

Chu Chen took Luo Yi and walked to his bedroom, and he didn't forget to shout, "Mom, put the food in the kitchen once you finish preparing. I'll get it later! Don't bring it over, or else you're going to disturb Ah Tu's sleep! "

Mother Chu replied angrily, "Got it! "

Chu Chen pulled Luo Yi back to his bedroom, locked the door, threw the schoolbag in his hand on the ground, and hugged Luo Yi, who was pale and said nothing.

Luo Yi's whole body was trembling and he struggled for a while, trying to push Chu Chen away.

Chu Chen hugged him tightly first, and then said in a voice that the two of them could hear clearly, "Ah Tu, it's me who did the bad things!" "

Luo Yi opened his mouth, but he didn't know what to say. His mind was an utter mess.

He did everything he hadn't done before in a day. He lied, skipped class, lied to Chu Chen's parents, and lied to Chu Chen's mother who was being so nice to him.....

Luo Yi hesitated and called him, "Chu Chen..."

Chu Chen shouted almost subconsciously, "Ah Tu! "

Luo Yi actually didn't know what he wanted to say. When Chu Chen yelled at him like this, he didn't know what to say, so he could only close his mouth tight.

Chu Chen was very nervous whenever Luo Yi stayed silent and he panicked, afraid that Luo Yi would break up with him.

So Chu Chen said fiercely, "I won't break up with you! "

Luo Yi's whole body trembled, and Chu Chen emphasized, "I won't break up with you! "

Chu Chen hugged Luo Yi tightly. His first two sentences were quite fierce, but it soon became like a whimper of an abandoned puppy, extremely pitiful.

"Ah Tu... Please don't break up with me, okay? "

"I will definitely listen to you in the future, but I won't break up with you..."

Chu Chen said, "I'll talk to my parents, okay? I'll tell them I like you and I want to be together with you for the rest of my life, okay? "

Luo Yi took a deep breath, then shook his head.

Chu Chen felt that the sky was about to collapse in an instant. Is... Ah Tu really going to break up with him?

Just when he felt that the sky was collapsing halfway down, he heard Luo Yi say, "We did the bad things together. "

Luo Yi's voice was soft, "Chu Chen, we won't break up. "

Chu Chen was about to cry with joy, and he couldn't wait to jump up and down on the spot, but Luo Yi splashed him with another bucket of cold water in the next sentence.

"But we can't tell your mom and dad. At least...at least not now. "

Chu Chen didn't understand and asked almost conditionally, "Why? "

Luo Yi said, "I don't want others to think that we are just messing around. "

Chu Chen was a little angry, “We are not messing around! ”

Luo Yi was silent for a moment before saying, “You, especially right now, are messing around. ”

Chu Chen was quite angry one moment, but the next moment he was discouraged again. He hugged Luo Yi tightly, with grievances in his voice, “Ah Tu...”

Luo Yi wiggled, “Let me go, it’s so hot! ”

Chu Chen refused to let him go and deliberately rubbed himself against Luo Yi even more. In the end, the two of them became a mess. Luo Yi was tickled by him, and he was laughing so much that he couldn’t breathe.

If it weren’t for Chu Chen’s mother knocking on the door, the two of them would probably roll to the ground.

The two of them didn’t dare to make a sound because of the sound of knocking on the door outside, but finally, Chu Chen said, “Mom! We’re changing our clothes! ”

Mother Chu said through the door, “The food is in the kitchen. Remember to take it later. Be careful not to disturb Xiao Yi! ”

Chu Chen jealously replied, “I know.” He leaned over and bit Luo Yi’s earlobe, “I must be adopted!” ”

Luo Yi found his reaction funny and said while dodging around, “Yes, I’m the biological son! ”

After the two finished messing around, they were all sweaty again, and they went to take a shower.

Chu Chen squeezed in shamelessly to shower with Luo Yi. Luo Yi was not as strong as him, and in the end couldn’t stop Chu Chen from touching him.

After taking a shower, the two changed into pajamas. Chu Chen went to get the food, and they ate it.

After brushing their teeth and washing their faces, the two of them went to bed again, but neither of them could sleep this time.

Chu Chen felt it was pretty nice to just lean together like this, even if they were not doing anything and the atmosphere was pretty comforting.

But Luo Yi suddenly said, "I think I forgot to write some questions for you. "

Chu Chen's whole body stiffened, feeling a little unbelievable.

Luo Yi really got up from the bed, and before Chu Chen had time to stop him, he had already turned on the light, took out the pen and paper, and started writing.

Chu Chen wailed, and grieved, "I passed the exam with a 97 today! I want to take a break! "

## Chapter 17

No matter how loud Chu Chen howled, Luo Yi's hand was still flying across the paper, and the five daily questions were finished in a few minutes.

After Luo Yi finished writing the questions, he saw Chu Chen still lying on the bed, looking at him with an aggrieved expression. When he refused to get up, Luo Yi had to come over and pull Chu Chen.

Chu Chen was tall and strong, and Luo Yi, a boy with a tiny physique couldn't pull him up at all when Chu Chen hung on to the bed.

After Luo Yi exerted his strength and relaxed, Chu Chen suddenly pulled Luo Yi hard!

Luo Yi was unprepared and was dragged down by Chu Chen suddenly! Frightened by this, he felt his whole body fall into Chu Chen's arms, and before he could react, Chu Chen had already pressed his whole body onto him.

Luo Yi glared at Chu Chen, who was smiling in front of him, and Chu Chen leaned in the next second and kissed him on the mouth.

Luo Yi was taken aback by this. He was a little angry in the first place, but when Chu Chen kissed him like this, his anger went down. So Luo Yi could only push Chu Chen in an irritated tone, "Finish them! "

Chu Chen leaned in like sticky candy, "I'll do it after you kiss me."

After speaking, he pursed his mouth, waiting for Luo Yi to take the initiative to kiss him.

Luo Yi didn't want to kiss him, but threatened him by kicking him while asking, "Are you going to do it or not?" "

Chu Chen faked his cries and then touched Luo Yi's waist as revenge.

Luo Yi immediately dodged because it was ticklish. Then he was harassed by Chu Chen until he couldn't hold back his laughter, and because Chu Chen kept scratching the itchy flesh on his waist, he couldn't stop laughing at all.

When Luo Yi was almost out of strength from laughing, Chu Chen stopped and before Luo Yi could react and kick him again, he raised his hand up and surrendered, obediently went to do the questions.

Probably because Luo Yi was deliberately making things difficult for him recently, Chu Chen improved his problem-solving speed.

After he finished writing, he took the finished question and showed it to Luo Yi happily, who was leaning against the head of the bed and playing minesweeper to pass the time.

Luo Yi glanced at him, took the paper, and looked at it.

Chu Chen looked at his side profile under the light of the table lamp. At this moment, Luo Yi seemed to glow in Chu Chen's eyes.

Suddenly, he was staring blankly at Luo Yi. When he returned to his senses, he saw Luo Yi hooking his fingers at him without raising his head.

Chu Chen thought there was something wrong with his answers, so he leaned over a little anxiously, waiting for Luo Yi to explain.

Unexpectedly, after he leaned over, Luo Yi turned to face him and quickly kissed him on the mouth.

After the kiss, Luo Yi quickly put the controller and the daily test papers on the bedside table, turned off the light, and lay down on the bed. Doing everything in one go.

In the dark, Chu Chen listened to Luo Yi's vague "Go to sleep". He blinked, and then couldn't help laughing.

Luo Yi was a little embarrassed at first. Hearing Chu Chen laughing at him, he stretched out his legs and kicked him lightly, "Stop going nuts. Go to sleep..."

Chu Chen then responded. "Sure sure sure, let's sleep."

Chu Chen also lay down and then stretched out his hand to hug Luo Yi.

Luo Yi muttered "It's so hot", but still let Chu Chen hug him in his arms.

Chu Chen hugged his dearest Ah Tu in his arms, sighed contentedly, closed his eyes, and went to sleep while thinking that it didn't seem that bad to do those questions every day.

The final exam was held in a few days. After the last subject was completed, Chu Chen was very excited when he thought about the summer vacation.

The boys in the class were discussing what to play during the summer vacation. Some were planning to play basketball, some were planning to play games, some were planning to go for a swim and some were even planning to watch porn together.....

Chu Chen pretended to be a serious person, "I call it studying hard and improving every day."

After speaking, he glanced at Luo Yi, wanting to see how he reacted, but Luo Yi was packing his schoolbag as if he hadn't heard what they were saying at all.

The boy who was close to him didn't believe Chu Chen's excuse at all, so he lowered his voice and asked him, "Hey, is it because your parents are back home so it's not convenient? Why don't you go to my house? It's just that my sofa is smaller..."

Chu Chen replied perfunctorily, "We'll see..."

The same boy said, "I took a film from my cousin. It's so exciting. You can come with Ah Tu later..."

As soon as he said this, the surrounding boys who had a good relationship with him immediately surrounded him. Chu Chen took advantage of this opportunity to retreat and said in his heart that he would never bring Ah Tu to them!

Turning around, Chu Chen pestered Luo Yi to go swimming with him.

The weather is so hot, and Luo Yi didn't really want to head out, but he knew that Chu Chen couldn't stay still, so after thinking about it, he agreed.

Chu Chen jumped up and down on the spot happily for an instant, and Luo Yi glanced at him puzzled.

The next day Luo Yi knew why Chu Chen was so happy that he couldn't even sleep well last night.

Because they would wear nothing except swimming trunks!

Luo Yi looked at the swimming trunks Chu Chen gave him in the changing room of the swimming pool and had the urge to throw the swimming trunks on his face.

Chu Chen held the short and tight swimming trunks in his hand and looked at Luo Yi excitedly with his glowing eyes.

Then, under his excited eyes, he looked at Luo Yi that had his poker face on, and took out a pair of square legs from his bag.....

Chu Chen's excited expression shattered. Why... Did Ah Tu bring his own swimming trunks? No!

Luo Yi said, "You were too excited last night. "

Not just because Chu Chen was too excited last night, but also the fact that Chu Chen kept saying he would prepare the swimming trunks. Chu Chen had never been an attentive person before, and this kind of preparation had always been done by Luo Yi.

So Luo Yi had a backup plan and brought a pair of swimming trunks by himself.

Luo Yi looked at the swimming trunks that were slightly coquettish at first glance, and then at Chu Chen.

Chu Chen sensed something wrong was about to happen, and then he heard Luo Yi say, "Since you like them so much, you can wear them yourself. "

Chu Chen opened his eyes wide. He must have misheard Luo Yi.

Looking at his expression, Luo Yi couldn't help but raise his eyebrows and said, "I want to see you wearing them. Change them on. "

When Luo Yi said this, a smile appeared at the corners of his eyebrows, and Chu Chen felt his IQ had reached the bottom of a hole, so he changed into the coquettish swimming trunks in a daze.

Luo Yi actually said that as a joke but didn't expect Chu Chen to really change into them.

That pair of swimming trunks, which were originally short and tight, looked even shorter... smaller... tighter... when it was on the tall Chu Chen.

The light fabric outlined that full and bulging part under Chu Chen's crotch until it was particularly eye-catching.

Chu Chen couldn't move his legs when he was wearing those swimming trunks, so he looked at Luo Yi with an aggrieved tone, "Ah Tu...It's too tight..."

Luo Yi couldn't bear to look at him either, so he waved his hand and asked him to change it quickly.

When Chu Chen turned around and took off his pants, Luo Yi couldn't help but glanced at him and muttered in his heart. Well, his ass is pretty thick.....

Only until Luo Yi entered the pool that he couldn't care if Chu Chen's ass was thick or not because his own ass suffered.

Luo Yi looked back at him a little annoyed, "Stop it! "

Chu Chen leaned over and said, "Ah Tu... I can't stand it when you wiggled your ass..."

Luo Yi found Chu Chen had absolutely no sense of shame! What did he mean by wiggling his ass? He was swimming!

Luo Yi's face was flushed out of anger. How could there be such a person as Chu Chen, touching his ass with so many people coming and going into the swimming pool? His hand was even reaching into his pants.

The more Chu Chen saw him like this, the more he couldn't hold back.

Luo Yi didn't enjoy exercising. His skin was fair, and after playing around in the water for a while, his whole body was flushed with a light pink color, his face was red and his eyelashes were also dripping wet.....

Ah Tu... looked.... really really delicious!

Chu Chen couldn't wait to just bite him...

Luo Yi was still glaring at Chu Chen and when he saw Chu Chen's eyes glowing brighter and brighter like a wolf, Luo Yi couldn't help but shrink back.

Then Chu Chen grabbed his wrist and pulled him out of the pool.

The swimming pool just opened, and basically all the people were in the pool now. There's not a single person visible in the showers.

Chu Chen pulled open the door of one of the shower cubicles impatiently, and Luo Yi was almost shoved against the cold tiled wall. The icy touch made his whole body tremble, but Chu Chen, who was pressed up against him, was unusually warm.

The breath exchanged between them was hot and the lips that were kissing him were also hot.

Both of them were almost naked, and the swimming trunks on their bodies could be said to be non-existent.

At least Luo Yi felt like the swimming trunk didn't even help block the heat of Chu Chen's erected penis.

Chu Chen's penis was pressing against his leg and grinding against him following their kiss.

Luo Yi recalled back to what happened in the stairwell suddenly, and his body reacted quickly.

Chu Chen realized Luo Yi's penis was erected as well. As if he had just received some encouragement, his hand that was caressing Luo Yi's back suddenly fell to Luo Yi's hip.

Unlike Luo Yi, Chu Chen found the thin layer of the swimming trunk in his way.

He pulled Luo Yi's swimming trunks off and he massaged the two ass cheeks that had broken free from the shackles of the swimming trunks recklessly and erotically with his hands, pressing hard towards his side, causing the two of them to rub their penises tightly together.

The shower room was too quiet, and the sound of them kissing and the sound of the two gasping were particularly obvious. Even the light sound of friction was amplified.

Luo Yi was lacking oxygen. He was dizzy and wanted to push Chu Chen away, trying to tell Chu Chen that someone might hear them.

As a result, Chu Chen stretched out his hand to the side, and the shower above his head spewed out water.

The water was a little cold at the beginning, and Luo Yi's whole body shook when the cold water fell on his body, but the water soon became warmer and stayed at a suitable temperature.

The strength of the water flow increased a lot, so the sound of water hitting their body was enough to mask everything that happened in the cubicle.

Their penises were held and rubbed by Chu Chen at the same time, and the double stimulation made Luo Yi's remaining sanity run clean.

It seemed that the person in front of him was the only one left in the entire world. Only his kisses, only his hot penis, and that hand that was constantly making mischief.

## Chapter 18

Chu Chen's hand moved faster and faster, speeding up with Luo Yi's heartbeat. As the pleasure rapidly built up, his heartbeat jumped up and down as if it was about to jump out of his chest.

Under such a stimulus, Luo Yi couldn't stop moaning. Although the water flow masked his moans partly, that faint sound still made Chu Chen even more excited, making him feel like what they were doing right now was simply not enough.

When Luo Yi felt like he was about to ejaculate in the next second, Chu Chen's hand stopped. Their kissing lips finally separated from each other.

Chu Chen's hot breath sprayed on Luo Yi's lips, and his voice was deep and hoarse as he called out to Luo Yi, "Ah Tu..... Ah Tu....."

Luo Yi hadn't come back to his senses and looked at Chu Chen confusedly.

His eyelashes were wet, and his lips were red after the kiss. Even his cheeks were pink, and his eyes were sparkling with tears.

Chu Chen didn't know what adjective he could use to describe Luo Yi at the moment. He just thought Ah Tu right now looked really, really delicious.

"Ah Tu.... I want it...."

While moving downward from Luo Yi's hand, Chu Chen said and explored between his legs. He leaned forward and smoothly coiled Luo Yi's legs around his waist.

Chu Chen could easily explore Luo Yi's ass crack in this position.

Since Luo Yi's entire body was drenched with water, that place was also wet. Still, this wet touch looked even more erotic because of their position right now.

His eyes looked straight at Chu Chen, gasping uncontrollably, with the tip of his pink tongue visible between his white teeth.

He didn't refuse, nor did he give consent.

In Chu Chen's point of view, Luo Yi was literally seducing him when he had such an expression on his face.

He couldn't resist kissing Luo Yi again, and his fingers, which were stroking Luo Yi's ass, pressed against the small opening that was still tightly closed.

Chu Chen could feel Luo Yi's ass shrink sensitively. Because of the water as lubrication, his fingertip easily explored inside.

Luo Yi made a whimper similar to those made by an animal. It was very soft but enough to be heard by Chu Chen, who was intertwined with his lips.

That whimper was indeed the ultimate aphrodisiac.

Chu Chen's penis, sandwiched between their bodies, became harder. It hardly pushed against Luo Yi's belly while grinding against Luo Yi's penis.

The lubricity of the water was no match for a legit lubricant. Because Luo Yi couldn't completely relax, the expansion didn't progress smoothly.

Luo Yi felt he must have been hallucinating. Otherwise, how could he even notice the slightest movements over his ass?

He kept telling himself in his heart that the nerves in his intestines weren't supposed to be that sensitive...

But his body was continuously trembling, and his ass couldn't help but start sucking on the fingers that were exploring inside.

From time to time, Chu Chen's fingers would caress Luo Yi's prostate, and that stimulation made Luo Yi arch his back.

Luo Yi could sense more fingers had entered his hole, and the speed of them pumping inside him became faster. He knew if he allowed this to continue, Chu Chen would definitely enter him.

Not just his penis would enter him, but his ass would be fucked so hard, and his prostate would be constantly penetrated.

Finally, Chu Chen would probably cum inside him...

Luo Yi felt ashamed of his imagination, but this shameful and erotic imagination caused his penis to jerk before ejaculating.

After enjoying the pleasure of ejaculation, Luo Yi's consciousness went blank for a few moments before feeling extremely ashamed.

How did he... How did he cum just from thinking about it...

Chu Chen purposely chose to not kiss him but said while licking his lips, "Ah Tu is so sensitive... Touching your ass is enough to make you cum...."

Luo Yi wanted to refute and said that it's not because he's sensitive, and it's not because Chu Chen touched his ass that made him cum...

But at the same time, he couldn't tell whether imagining Chu Chen cumming inside him was more shameful or getting his ass played and fondled was more shameful.

Chu Chen's patience also reached its limit. Before Luo Yi could decide, Chu Chen pushed him against the wall, held his ass, and lifted him slightly higher.

Luo Yi was still pretty blurry because of the pleasure from the ejaculation when he felt Chu Chen's hard and hot glans pushing against his opening.

Because of foreplay, Luo Yi's ass had turned soft. When Chu Chen's penis approached it, it started sucking the burning tip of Chu Chen's penis obediently.

Luo Yi could barely breathe properly, and then Chu Chen's penis, so slow yet unable to stop, thrust inside him.

His anal opening was stretched to the extreme as if it would split open in the next moment, and Luo Yi couldn't help but shrink.

Shrinking at such times made Luo Yi's ass so tight that it stimulated Chu Chen to go crazy. He couldn't help but knead Luo Yi's ass with such force that made the two thick ass cheeks turn red.

“Ah Tu... Relax... You’re too tight, I can’t hold it back anymore....”

Luo Yi bit his lips for the next moment as revenge. As if he could hold back anyway!

How could he be able to hold back...

That thing inside him felt like it was about to pierce through him...

So thick... So hard... And so hot...

And that thing inside him started pumping inside him. Now and then, it would thrust against his sensitive spot.

Chu Chen, at first, was still a little concerned because there was no lubricant. Due to the lack of lubrication, he could only slowly thrust inside Luo Yi.

But soon, his thrusting became smoother and smoother, and he could no longer control himself. He held Luo Yi’s ankle and ruthlessly thrust forward as if he was itching to even stuff his testicles inside that little hole capable of sucking his soul out.

The sound of their bodies banging was almost too loud to be muffled.

But Luo Yi couldn’t care less about this. He only felt that his whole body was about to be torn apart because of Chu Chen’s thrusting.

The wall behind him was so hard that it made him feel uncomfortable. But when he leaned forward, the penis inside his ass seemed to turn harder, and it fucked him so hard that he wanted to scream.

But luckily, he could still remember that they were inside the shower room of a swimming pool, and someone might come by at any time.

As soon as he thought about someone noticing the sound of Chu Chen fucking him so ruthlessly, Luo Yi was terrified and felt a little excited at the same time.

Maybe because male creatures naturally couldn’t resist chasing after something as exciting as this. Gradually, the fear of getting discovered was replaced by the exciting simulations.

Chu Chen probably noticed Luo Yi feeling a little uncomfortable because of leaning against the wall, so he turned around while still holding Luo Yi and leaned against the tiled wall of the shower room.

Because of this, Luo Yi was literally hanging onto Chu Chen's body, and there was no place for him to hold on to.

Luo Yi was shocked. His hands and feet were subconsciously tightly grasping on Chu Chen like a koala. Because of this, the penis inside him went even deeper.

Luo Yi panted, and he raised his eyes to look at Chu Chen, looking at the water droplets falling from his wet forehead to the tip of his nose and hanging over there.

And those amazingly bright eyes, which were looking straight at him, were filled with lust and love.

No words were needed between them, and the two kissed again.

Their kisses were very gentle, like a meaningless nuzzle between puppies and kittens. No force was applied to it, but it could still send chills down one's spine.

Different from this gentle kiss, Chu Chen's thrusting was more and more ferocious, thrusting against Luo Yi's prostate fiercely every time.

Luo Yi was fucked until his body was trembling. Not just his ass couldn't stop tightening, but his tears couldn't stop flowing down as well.

His ass was a mess, and Luo Yi ejaculated again, but Chu Chen didn't plan to ejaculate sooner.

Either Luo Yi really lost his soul after getting fucked that way or he wanted Chu Chen to end it quickly.

Because Luo Yi somewhat twisted his waist and swung his hips in a frenzied manner, sending himself to Chu Chen's penis to match his thrusting speed.

Finally, after a few thrusts, Chu Chen ejaculated his semen deep inside Luo Yi's ass.

Luo Yi arched his back. His legs no longer had the strength to circle around Chu Chen's waist, sobbing and feeling the sensation of getting ejaculated inside him.

Chu Chen kissed Luo Yi's lips soothingly while ejaculating. However, the hand holding Luo Yi's ankle refused to relax at all, holding him there as if he couldn't wait to ejaculate his semen as deep as possible.

Finally, Chu Chen's penis slipped out of his ass and the semen that had just been ejaculated inside dripped out of the hole.

Chu Chen finally put Luo Yi down. But as soon as Luo Yi landed on the ground, he almost fell down, and thankfully, Chu Chen gave him a hand.

Until he could finally stand still, Luo Yi found Chu Chen's hand messing around again.

Just as he was still gasping for air and hadn't recovered from the madness just now, Chu Chen took his hands and propped them up against the wall.

And Chu Chen's penis, from behind him, once again entered his ass that was still dripping with Chu Chen's semen.

Luo Yi's hands and legs were shaking. He couldn't help but curse Chu Chen for being an animal! How could someone's penis remain so hard after ejaculating?

Chu Chen bent over and pressed himself against Luo Yi. His lips sucked and kissed Luo Yi's shoulder and neck, and his hands pinched Luo Yi's nipples that didn't get much attention just now.

Luo Yi's nipples had always been very sensitive. Just from the two being so close to each other and his nipples being rubbed against was enough to make his two nipples hardened.

Because his nipples were pinched and played by Chu Chen, they soon became swollen and turned even more sensitive.

Luo Yi wasn't sure whether he wanted Chu Chen to pinch them harder or let them go.

Chu Chen slowly thrust inside his ass, not as impatient as crazy as it was just now, but the pleasure it brought was no less than before.

Luo Yi heard Chu Chen whispering in his ear, "Ah Tu's nipples are so hard...."

His breath sprayed behind Luo Yi's ear, and Luo Yi couldn't help but shrink his neck. He even tightened his ass, which stimulate Chu Chen's penis to give him a fierce thrust.

Luo Yi gasped a few times before closing his eyes and growled, "Shut up..."

## Chapter 19

Luo Yi heard Chu Chen chuckle. Since his brain was a mess, he wasn't sure if he heard that correctly, but the reality didn't give him room to continue thinking either.

The penis inside him slowly rubbed against his prostate. That pleasure was enough to make his legs so weak that he could barely stand.

This position made Chu Chen's penis thrust deeper than before. Luo Yi's body couldn't help but tremble.

The intense pleasure made his scalp numb, and his penis, which had just undergone an ejaculation, was erected again.

Luo Yi no longer had an interest in talking. He could only open his mouth and gasped rapidly. He stood firmly with his hands, trying his best to press against the wall so that he wouldn't fall if his legs went weak.

Chu Chen kneaded Luo Yi's nipples harder while thrusting, making the already hardened nipples tingly and numb.

Under such stimulation, even the hole at the nipple was slightly opened. Chu Chen's nail occasionally gently scraped that area, causing Luo Yi to tremble even more.

Luo Yi's eyes looked downward. He couldn't stop his body from trembling. His face was wet, and he could not determine whether it was the pouring water, his tears, or his saliva drooling after getting fucked so hard.

He squeezed out a small whimper, "Don't... Don't pinch it..."

He couldn't feel his hands and legs. If they continued like this, he wouldn't be able to stand anymore.

Chu Chen, however, licked his earlobe and said, "But I want to pinch them...."

Luo Yi hated himself for not being able to gather the strength to punch him. How could he do this to him?!

He panted, and even his voice had a tint of sobbing, "I can't stand firmly anymore... Don't pinch..."

Chu Chen then reluctantly stopped his hand movements, and Luo Yi felt the penis inside him pulled out.

Luo Yi still had his hands propped up on the wall, his ass raised high, and the small opening between his ass crack that had just been ruthlessly fucked hadn't closed yet.

The light-colored anal opening had already turned red from the rough fucking, and one could vaguely see the bright red intestinal flesh inside.

His entire ass crack is wet and sticky with body fluids.

Chu Chen looked at it, and he couldn't return to his senses for a few seconds. He felt he could really die on Ah Tu one day...

How could he be so... Seducing... So delicious...

Luo Yi took this opportunity to calm his breathing, a little confused why Chu Chen suddenly stopped moving, and he turned his head around to look at him.

But as soon as he turned around, Chu Chen kissed him, entangled their tongues together, and refused to let go. Only when the root of this tongue was numbed did Chu Chen stop.

Chu Chen's breathing was frantic. He licked Luo Yi's lips and kissed his way down, finally sucking one side of his nipples.

Luo Yi's scalp was tingling from his sucking, only to feel his legs being parted and raised again, and soon a hard cock squeezed into his hole again.

Chu Chen sat down on the tiled floor, warmed by the shower water. Luo Yi's legs were separated, and he rode on Chu Chen's body while hugging him.

Luo Yi feebly put his arm on Chu Chen's shoulder. His finger unconsciously grasped Chu Chen's hair and started rubbing.

As if gotten encouragement, Chu Chen ate his nipples harder with a slurping sound.

Luo Yi could already feel his soul flying out. His sensitive nipples were sucked and licked, the penis inside him was also thrusting against his prostate, and even his penis was rubbing against Chu Chen's firm and strong abs from time to time because of their position.

The feeling of wanting to ejaculate was getting stronger and stronger. Other than ejaculation, a dangerous and familiar feeling was rushing rapidly.

Luo Yi knew what that feeling was. It's a feeling of losing his bladder control...

Luo Yi whimpered and called out to Chu Chen, "Ah Chen... Ah Chen..."

Chu Chen sucked on his nipple hard, which exchanged a trembling and pitiful whimpering from Luo Yi. He kissed Luo Yi's lips soothingly and asked him vaguely, "Hmm?"

Luo Yi's eyes were full of tears, almost unable to see Chu Chen clearly. He whispered with his trembling lips, "I want... I want..."

I want to pee...

Luo Yi couldn't finish his sentence easily... It's too shameful...

Chu Chen thought he wanted to ejaculate. He grabbed Luo Yi's ass with two hands and separated those two that felt amazing in his hand so he could fuck him deeper.

Luo Yi literally wanted to scream at what Chu Chen was doing. He couldn't help but cry. His eyes and nose tip were red, looking very pitiful.

The beast inside Chu Chen was coming out when Luo Yi started crying, and his lower body couldn't help but ruthlessly thrust. Luo Yi couldn't say anything other than whimpering and hugging Chu Chen tighter. His whole body was tense, trying his best to control himself from peeing.

Since his whole body was tense, his hole became tighter, and Chu Chen felt like his soul was about to be sucked out by that seductive little mouth.

Finally, Chu Chen couldn't hold back anymore. After sitting upright and giving a few fierce thrusts, he ejaculated deep inside Luo Yi.

Then he felt Luo Yi tightened like a bowstring, tense to the extreme, but that feeling of tension soon disappeared.

Luo Yi's body softened into Chu Chen's embrace, and a soft and barely audible sob came.

Only then did Chu Chen feel a burst of warm liquid on his lower abdomen.

He was a little puzzled, but then he realized what was happening. Thinking of Luo Yi's reaction to this situation, Chu Chen got a little flustered.

"Ah Tu... Ah Tu?"

Chu Chen didn't dare to act rashly, afraid to stimulate Luo Yi again.

Luo Yi didn't want to cry, but the pleasure and shame brought by the orgasm and losing bladder control made him unable to control his crying. Even the soft penis sliding out of his hole could make him tremble for a while.

Hearing Chu Chen calling his name, Luo Yi felt even more aggrieved.

It's all his fault! If it wasn't for him, how could he become like this?!

Being fucked by a penis in the ass could end with one ejaculation after another one. It's fine if it led to only ejaculation. Still, when it stimulated a particular section, he would actually lose his bladder control...

Thinking about it, Luo Yi panicked and asked with trembling lips, "Am... Am I sick..."

Chu Chen couldn't catch up with Luo Yi's thinking process, and he subconsciously said, "Ah?"

Luo Yi lifted his face and sobbed intermittently. He then asked in a hoarse voice, "I didn't... didn't just cum but also keep peeing... Am I sick?"

Chu Chen looked at Luo Yi, only to feel his throat dry, and couldn't help but swallow a mouthful of saliva.

Luo Yi was also looking at Chu Chen, wanting to get an answer from him.

Only to find Chu Chen staring at him..... And blood flowed down from his nose...

Luo Yi was startled by the sudden event and tried to cover Chu Chen's nose in a hurry. But just before he could cover Chu Chen's nose, Chu Chen suddenly hugged him.

Chu Chen hugged him tightly, almost strangling Luo Yi, as if he couldn't express his emotions at all without exerting such force.

Chu Chen literally was about to die from cuteness overload, "Ah Tu... Ah Tu. Why are you so cute?"

Luo Yi felt that Chu Chen must be crazy and mad. What did this have to do with him being cute?

"Let go! You're having a nosebleed!"

Of course Chu Chen didn't want to let him go! Nosebleed is nothing! Ah Tu is so adorable! He didn't want to let him go at all!

Chu Chen raised his head and kissed Luo Yi's face fiercely before hugging him tightly again.

His tone was particularly excited, "Ah Tu, you're not sick. It's because you have feelings for me, especially feeling good towards me fucking you. It happens because you enjoy it..."

Luo Yi's eyes widened, feeling that the processor in his head couldn't interpret such a string of information.

Chu Chen continued to mutter in his ear, "Ah Tu, I made you feel very comfortable, right? When I fuck you, you really enjoy it, right?"

Luo Yi's face exploded in red. Why is this fellow so fucking shameless?!

He held his breath for half a day before scolding, "Bullshit!"

How could that happen because of this reason?!

Chu Chen was so excited that he bit Luo Yi's earlobe and said, "It's not bullshit. Ah Tu, you're so sensitive... I like it so much..." Luo Yi was holding back and wanted to refute, but when Chu Chen said that he liked it so much. All of his anger suddenly deflated like a balloon, unable to release his anger.

Finally, Luo Yi could only mutter, "It's not that... Who wants you to like me..."

Chu Chen kissed and rubbed against Luo Yi's neck like a puppy. He then said with a smile, "It's me. I want to like you."

Luo Yi was annoyed by him, "Stop rubbing against me!"

Chu Chen purposely licked his earlobe and asked him, "Why didn't you say I'm not allowed to like you?"

Luo Yi was furious, "You are not allowed to like me!"

He didn't restrain his sound and hence, his voice was loud in the small cubicle.

Luo Yi was startled and only then did he realize he and Chu Chen were still in the swimming pool shower room!

Chu Chen was also startled by Luo Yi. Knowing that he had gone too far, Chu Chen quickly soothed and stroked Luo Yi's back, coaxing him, "Ah Tu, don't be angry... I won't tease you again already, okay?"

Luo Yi felt so wronged. Why did Chu Chen make it seem like he was being unreasonable?!

He opened his mouth and wanted to say something when he suddenly heard footsteps, which frightened him so much that he didn't even dare to squeak.

Chu Chen heard that as well and didn't move. Both of them were hugging together in the cubicle with no one daring to move, only the sound of rushing water from the shower head echoing.

The people outside were complaining about how bad his boss was by asking him to work overtime when it's his time off, along with a few people answering and cursing.

Luo Yi didn't dare to move because he had just finished doing something bad and he widened his eyes as if he was ready to battle.

Chu Chen looked at Luo Yi and couldn't help but lean over and kiss him.

Luo Yi's eyes widened while startled, glaring at Chu Chen fiercely.

Chu Chen then smiled and whispered in his ear, "Ah Tu, I like you so much..."

## Chapter 20

Chu Chen's voice was almost inaudible because of the flowing water, but Luo Yi still heard him.

He could feel his cheek burning. Luo Yi didn't have to look to know that his face was blushing.

His heart felt sweet and soft, as if it was stuffed with a warm and soft marshmallow, sticking against his heart like it was about to melt.

Luo Yi muttered something under his breath. Chu Chen didn't hear him clearly and hurriedly put his ear next to Luo Yi's mouth.

Luo Yi wanted to say it was fine if he didn't hear it, but when he saw Chu Chen's exciting movement, he couldn't bear to be cold to him.

He said very, very softly, "I like you too."

Luo Yi added in his mind, "It's me that like you first."

Chu Chen leaned closer to him again, "Huh?"

Luo Yi thought he hadn't heard it again. Although he was very embarrassed and a little reluctant, Luo Yi decided to repeat. Thinking that if Chu Chen still couldn't listen to him the third time, he wouldn't repeat it...

As he was about to say it, he found Chu Chen hugging him and vibrating suspiciously. It didn't look like it was from his breathing, but it was...

Luo Yi tilted his head back and saw Chu Chen holding back his laughter.

Luo Yi wanted to bite him, but when he saw Chu Chen being so happy, he couldn't help but find him silly and adorable.

In the end, Luo Yi only faced away and grunted.

However, Chu Chen unrelentingly cuddled against him and whispered into his ear, "Ah Tu, can you say it again? Can you say it again, please?"

Luo Yi was already tricked into saying it twice, so he didn't want to say it a third time. When he got annoyed by Chu Chen's pestering, he slapped his arm, signaling not to disturb himself.

As a result, his slap was so loud that it startled Luo Yi again, afraid the gang outside who hadn't left would hear them.

After getting slapped, Chu Chen didn't stop and continued acting like a lunatic, pestering Luo Yi to repeat it.

Luo Yi was annoyed with him but was also embarrassed to repeat it.

How could one keep repeating these kinds of love confessions again and again...

Luo Yi looked at Chu Chen, who was looking back at him with a pair of sparkling eyes, and felt that Chu Chen looked like a big dog who was looking forward to his master's encouragement.

Luo Yi stared at him for a long time before quickly kissing Chu Chen. He then pushed him away and mouthed, "Satisfied yet?"

Chu Chen was stunned, and a big grin crept onto his face.

Luo Yi thought to himself, "He's so silly..."

Chu Chen, who was grinning, leaned over and kissed Luo Yi again.

When the two kissed, their breathing became faster. Luo Yi could feel Chu Chen's semi-erected penis pushing against himself.

So Luo Yi pushed him away, and Chu Chen ended the kiss but moved downward and planted kisses along Luo Yi's neck. The tip of his tongue teased Luo Yi's nipples.

Luo Yi tried to push his head away, but Chu Chen's hand was faster than his, holding up his ass and lifting Luo Yi's whole body up. Luo Yi's nipples were soon taken into Chu Chen's mouth.

Luo Yi's body went soft because of the sucking, and he felt like all his strength drained out of his body. With no ability to resist, he couldn't stop Chu Chen from thrusting into him again.

His entrance had already turned soft because of the long fucking just now. Chu Chen's penis easily reached the depths of Luo Yi's intestines without resistance.

Luo Yi wanted to cry. He was already exhausted. How could Chu Chen have another round?!

And...

And there were people outside now!

Chu Chen slowly thrust inside him, which made Luo Yi use his hand to cover his mouth tightly, afraid that he would make any noise.

The penis inside him was going in and out of him slowly, but Chu Chen had already long figured out where to thrust to please that greedy little mouth. Every thrust hit Luo Yi's sensitive spot, making his body tremble and tighten.

Chu Chen seemed to be addicted to his nipples, sucking back and forth on the two nipples that had already been sucked swollen by him.

Luo Yi's pale pink nipples were sucked into bright red and expanded about twice as big as before. They were simply beautiful to look at on Luo Yi's fair skin.

Chu Chen sucked hard as if he was eager to suck out milk from it.

Luo Yi's nipple holes were fully opened under such teases.

The slightest movement between his nipples and Chu Chen's lips and tongue could bring great stimulation. Luo Yi could even feel the pleasure when Chu Chen's soft tongue rubbed over his nipple holes.

He felt like cumming from the sucking on his nipples, let alone being fucked by a thick, long cock in his ass.

Luo Yi's member had already been erected as soon as Chu Chen entered him, and the feeling of ejaculation was rushing toward him.

But he had just ejaculated recently, and his body couldn't handle too many ejaculations. Hence, no matter how badly he wanted to ejaculate, he just couldn't let it all out.

Luo Yi was about to go crazy because of this feeling. Chu Chen thrust against his sensitive point and even licked and pinched his nipples. Luo Yi was going mad and wanted to scream out loud, but he couldn't make any sound.

The silent madness made him suffocate and on a binge of fainting. Luo Yi couldn't help but wiggle his ass and voluntarily pushed himself to Chu Chen's penis.

A voice in his head told him that as long as Chu Chen ejaculated, this torturous pleasure would soon be over.

But why wasn't Chu Chen ejaculating... He couldn't take it anymore... Chu Chen, please ejaculate!

Chu Chen could sense Luo Yi's reaction. Although the person in his arms was trembling uncontrollably, Luo Yi still twisted his waist to match his thrusting. His tight canal squeezed his penis.

Luo Yi's penis was resting against his abdomen, rubbing against it along with his twisting motion.

This change made Chu Chen involuntarily let go of the red nipples he was eating and raise his eyes to see Luo Yi's expression.

Luo Yi covered his mouth with one hand and put his other hand on Chu Chen's shoulder to maintain balance. His eyes were flooded with tears, and he looked perplexed. His flushed face was full of lust while his waist was wiggling like a slut.

Chu Chen was utterly stunned, and he was frozen in place.

Luo Yi couldn't handle it anymore when Chu Chen stopped moving. He tried his best to move on his own, but it was not working. He's running out of strength.

His perplexed gaze had a target.

He went closer, removed his hand that was covering his own mouth and pressed the tip of Chu Chen's nose against his nose tip, and whispered, "Chu Chen... Cum inside me..." When Luo Yi said such a thing with a lustful and pitiful look, Chu Chen felt that his whole body had just exploded at that instant.

Chu Chen's chest was heaving up and down violently, and his body muscles tensed up, like a cheetah poised to strike, wild and dangerous.

He pulled away Luo Yi's hand that was resting on his shoulder and laid Luo Yi's body down on the shower floor.

The water from the shower head fell on Luo Yi's chest, causing him to shrink his body sensitively. Soon, Chu Chen's body protected him from the pouring water.

Chu Chen's back was facing the light, so Luo Yi couldn't see his expression. He heard Chu Chen leaning down to suck his ear and said, "Ah Tu, I can't help but want to fuck you so hard until you break.."

Luo Yi looked confused, slightly opening his lips to breathe. Before he could understand what Chu Chen had said, Chu Chen separated his leg apart and pushed the penis that was already inside him deeper.

Luo Yi couldn't help but crane his neck and wanted to scream.

But what Chu Chen did next made him couldn't scream even if he wanted to. Chu Chen held one of his legs up on his shoulder, grabbing his waist and fiercely thrusting into him.

Luo Yi's hard penis continued to shake along with the thrusting rhythm, and thin semen continued dripping out because of the hard shaking.

His entire upper body constantly slid on the ground because of such a powerful thrust. As soon as he slid out of position a little, his waist was grabbed back by Chu Chen, and a deeper thrust into him along with it.

Luo Yi screamed silently and tears fell uncontrollably. It's too much! It's too much!

Luo Yi was already confused about whether it was Chu Chen who was too much or the unbearable pleasure was too much!

He couldn't help but cry, and the accumulation of pleasure was torturing!

Too much... Humm... Stop!

Luo Yi tried to grab Chu Chen, wanting to tell him to stop, but he was fucked so hard that he couldn't grab Chu Chen because of the wobbling.

I'm about to cum again...

I can't cum anymore! There's nothing left!

Under such extreme pleasure, Luo Yi was shivering unconsciously. All his senses were focused on his hole that was being fucked.

The cock inside his hole seemed to rub hard against the deepest part. Then Luo Yi's brain seemed to suddenly go blank, and the next moment, there was an explosion of shocking waves of pleasure!

Luo Yi's eyes widened, but his pupils were clouded.

He thought what he had experienced just now when Chu Chen fucked him until he was screaming was already at the top, but this time, the orgasm was fiercer and more intense than ever!

He's really... fucked into oblivion...

When Luo Yi regained consciousness, Chu Chen hugged him.

Chu Chen stroked his spine soothingly with kisses falling delicately on his cheeks.

Luo Yi still found his hands and feet numb and trembling uncontrollably. He couldn't calm down his heavy breathing, and his heart was racing abnormally.

Noticing that Luo Yi seemed to return to his senses, Chu Chen called out tentatively, "Ah Tu?"

Luo Yi looked at Chu Chen and moved his lips, only to find his throat was so dry that he couldn't say anything.

After gulping, Luo Yi said to Chu Chen, "Chu Chen, fuck you..."

Chu Chen didn't dare to argue back and continued to nod vigorously, indicating that Luo Yi could fuck anyone he wanted.

## Chapter 21

Looking at Chu Chen's submissive demeanor, Luo Yi wasn't angry anymore, but was still embarrassed.

So he turned his face away angrily. His hands propped on the ground, wanting to stand up by himself.

But doing so made Luo Yi feel like his whole body was falling apart. Not only did his hands and feet become wobbly, but his entire body was sore, and he frowned.

Chu Chen kept looking at him, and when he saw him frowning, he quickly asked, "What's wrong? Are you not feeling well?"

Luo Yi wanted to vent his anger at Chu Chen the moment he spoke. He turned his head to glare at him, "My whole body is not feeling well!"

If he knew how to worry about him. Then why didn't he be more considerate just now?

Luo Yi was so angry that he didn't want to talk to Chu Chen, but staying here wasn't a good idea. He rolled his eyes when Chu Chen looked at him with sparkly eyes, "Help me up."

Compared to his beast-like attitude just now, Chu Chen was obedient and well-behaved and did whatever Luo Yi told him to do.

After helping Luo Yi up, Chu Chen looked at Luo Yi anxiously, waiting for his next order.

Luo Yi's face was flushing red, feeling both angry and ashamed, but he needed to handle this properly, so he said indistinctly, "Help me..."

Chu Chen didn't hear him clearly, "Huh?"

Luo Yi wanted to slam Chu Chen's ignorant face to the ground. Didn't his ears work well before? Why did he become deaf suddenly?

Bearing such enormous embarrassment, Luo Yi's face flushed, and he gritted his teeth, "Help me clean up!"

His whole body was sore when he stood, and he felt strenuous even when he lifted his hands. Otherwise, no matter what, he would never ask for help from Chu Chen. It's... It's too shameful!

Chu Chen was taken aback for a moment before he responded.

Luo Yi really didn't want to look at his foolish expression. The more he looked at him, the angrier he became, so he turned around.

Chu Chen's gaze fell on Luo Yi's naked back.

His skin turned red because he had been rubbing against the ground.

Chu Chen was so excited that he couldn't control himself. Looking at Luo Yi's backbones that have bruises, Chu Chen suddenly felt regret.

He lowered his head and kissed Luo Yi on the back, and asked in a soft voice, "Ah Tu, does your back hurt?"

Luo Yi originally wanted to tell him it of course hurt, but when he opened his mouth, he said something else, "It doesn't really hurt much."

Immediately, Chu Chen knew he was in pain. He couldn't help but kiss that red area again, "Ah Tu, let me know if you're in pain in the future..."

Luo Yi felt tingly on his back when Chu Chen kissed him. He couldn't help but dodge and gave a dull answer, "Sure."

He thought in his heart that even if he asked Chu Chen to stop, Chu Chen would feel distressed in the end for stopping...

Luo Yi changed the topic unnaturally, "Hurry and clean me."

Chu Chen then looked at Luo Yi's ass. Those two round and thick ass cheeks had the worst bruises. There were red marks after being kneaded hardly by hand, and the inside was even messed up.

Chu Chen gulped and said to Luo Yi, "Ah Tu, spread your legs wider."

Luo Yi slowly spread his legs apart. His asshole opened because of his movement.

That wet and swollen asshole trembled and squeezed a little milky semen out of it.

Chu Chen's Adam's apple was rolling up and down, and he gulped again before touching the red, swollen, small entrance, spitting out his semen.

Luo Yi's whole body trembled as soon as his fingers touched his anus.

Chu Chen's hand was also trembling, and he asked nervously, "Does it hurt?"

Luo Yi shook his head and said vaguely, "No, hurry up."

Chu Chen knew that even if it hurt, he still needed to clean Luo Yi up, so he decided and probed his fingertips in as lightly as possible.

Luo Yi took a lot of effort to endure and didn't dodge. It's not like it's that painful. Although Luo Yi felt only a little pain, that section was tender after all. After being fucked so hard, his ass would more or less have injuries.

He felt excited instead of in pain after touching that sensitive area. Luo Yi's entire scalp felt numb.

Chu Chen not only wanted to touch the entrance but deep inside. Just like the foreplay from before, but compared to that foreplay, Chu Chen's movements right now make Luo Yi feel even more embarrassed.

Chu Chen tried his best to remove his semen from the inside by stretching his two fingers, making Luo Yi's anal opening in a state that could not be closed. His fingers were moving in and out repeatedly, trying to draw out the semen inside.

Luo Yi leaned against the wall and started panting. The gentle digging made his legs tremble.

He bit his lower lip and felt incredibly ashamed. How could he... Feel good about this...

Chu Chen actually felt even worse than Luo Yi. He just watched himself ejaculating all of his semen inside Luo Yi and then watched them flowing out again with his fingers.

The milky white semen flowed down along Luo Yi's fair legs, and this scenario was fatal enough to kill anyone.

That's not all. The key was the hole wrapping tightly around his fingers, like a greedy little mouth constantly sucking on it, as if trying to seduce him to go deeper.

Chu Chen couldn't help but move slower and explore deeper inside.

Ah Tu's hole is... So tight... So soft... So greedy...

Luo Yi was still supporting himself with the wall, and his legs and voice were trembling, "Chu Chen... Are you... Are you done yet..."

Chu Chen then returned to his senses. His fingers reluctantly stirred inside before pulling it out.

Luo Yi relaxed once he felt the fingers inside his left. He leaned against the wall and took a few deep breaths before turning around.

Then he saw Chu Chen. That bastard's penis was hard again.

At this moment, Luo Yi honestly wanted to curse.

Chu Chen probably felt his behavior was too beastly, so he reached out to cover his penis with embarrassment.

Luo Yi didn't hold back and laughed.

When Chu Chen saw him laughing, he also laughed like an idiot with him.

Luo Yi looked at the giggling Chu Chen and then at Chu Chen's hand covering his penis. He directed his eyes away and said, "Come here."

Chu Chen came closer obediently, and he watched Luo Yi squat down in front of him and push away his hand covering his penis.

Before Chu Chen's brain could process what was happening, a warm mouth wrapped around his sensitive glans, and he instantly felt like he was about to explode into fireworks.

How could... How could something so good happen to him?

Ah Tu is giving him a blow job voluntarily!

When Chu Chen looked down, he saw Luo Yi's blushing face trying hard to stuff his penis into his mouth.

Chu Chen couldn't hold it anymore, and he thrust forward, choking Luo Yi instantly. His eyes were full of tears when he looked at Chu Chen.

Chu Chen couldn't help but reach out and touch his cheeks and ears, which made Luo Yi tremble because of the itch.

Both of them were men. They knew how to satisfy one another.

Luo Yi tried his best to relax his throat and suck, carefully not to let his teeth touch the penis in his mouth, enduring the nausea of something being pushed up to his throat.

Chu Chen's increasingly heavier breathing gave Luo Yi encouragement. His mouth moved faster, and he relaxed his throat to match Chu Chen's thrusting, sucking hard on it.

Luo Yi felt very uncomfortable because of the deep-throating, but when he looked up and saw Chu Chen's lust-filled face, he had a strange sense of accomplishment.

Gradually, Chu Chen's grunting was probably too sexual, and Luo Yi had an erection too.

By the time Chu Chen ejaculated, Luo Yi's cheeks were so sore that he felt like they detached from his face, and he also choked on the semen Chu Chen ejaculated on.

Chu Chen picked Luo Yi up and kissed him.

The fishy taste traveled between the two mouths, and Luo Yi wondered why Chu Chen always kissed him like this? Was semen really that tasty?

After the two finished kissing, Chu Chen asked, "Ah Tu, can I give you a blow job too?"

Chu Chen's eyes were glowing. Looking at Chu Chen, who was ready to give him a blow job, Luo Yi honestly wanted to hit him. It's not like he's an animal like Chu Chen!

He gritted his teeth and said, "I! Can't! Cum! Anymore!"

Chu Chen subconsciously glanced at Luo Yi's semi-erected penis. Luo Yi was annoyed, and he gave Chu Chen a middle finger.

After they clung to each other for a while, they took advantage of the empty shower room and hurried to the dressing room to change their clothes.

On the way back, Chu Chen looked energetic, while Luo Yi was the opposite. He leaned on Chu Chen's shoulder and dozed off with his eyes closed.

When the cab arrived home, Chu Chen carried him inside.

When the two arrived home, they saw a note left by Chu Chen's mother, mentioning that she and Chu Chen's father had gone on another business trip.

Chu Chen's father and mother were also busy people who had no days to spare throughout the year. There was little work during the New Year festival so they could stay at home for a few weeks.

But compared to Luo Yi's parents, who could barely even return home once every year, Chu Chen's parents' existence at home was pretty high.

Once Chu Chen knew his parents weren't home, he immediately picked up Luo Yi and put him on his bed.

After Luo Yi lay down, he was kissed by Chu Chen again.

Luo Yi immediately pushed him away, but Chu Chen came closer again and even bit his ears, "Ah Tu, let's go swimming again next time?"

Luo Yi opened his eyes to look at him and asked, "You want to swim, or do you want to do something else?"

Chu Chen didn't feel ashamed when Luo Yi saw his true intentions. He smiled like a cunning fox and said, "I want to do both."

Luo Yi glanced at him and muttered, "I'd rather do it at home."

At least it's much more comfortable than the shower room. There's a bed and a sofa at home. Why did they need to go outside to torture themselves? Plus, there's a chance for them to get caught, too.

## Chapter 22

Luo Yi found Chu Chen looking at him with glowing eyes after he finished saying.

Luo Yi then realized he messed up! What was he suggesting when he said it? He didn't think of doing this and that with Chu Chen every day at home!

As a result, Chu Chen chirped, "Then we'll do it at home!"

Although it's very exciting to do it outside, it's great to do it at home when they're alone!

They had two months of summer vacation!

Just thinking about it made Chu Chen feel like he was going to heaven!

Luo Yi was silent for a while before ordering Chu Chen, "Bring me a pen and paper."

Chu Chen obediently went to take them, but when he returned and was about to give them to Luo Yi, he remembered that something was wrong.

When Luo Yi reached out to take the paper, Chu Chen's hand suddenly dodged him, and Luo Yi couldn't help but look at Chu Chen with puzzlement.

Chu Chen's expression instantly changed from cheerful, from just now to pitiful, "Ah Tu... Do I still need to answer practice questions over the summer?"

It's summer vacation, so couldn't he take some time off?

Chu Chen was crying inside. But this is a summer vacation! Shouldn't they spend time playing?

Luo Yi said nothing, and his hand remained extended, waiting for Chu Chen to hand them to him.

So Chu Chen could only dawdle and gave Luo Yi the pen and paper.

After Luo Yi got the pen and paper, he said lightly, "Well, you reminded me about it."

Chu Chen was frozen. He was about to burst into tears! What did Ah Tu say? He was the one who reminded him! ! !

Chu Chen felt that his soul just sublimated with five words written on it, "Studying well, working hard every day" and another line that said, "Improving myself in moral, intellectual and fitness".

When Chu Chen's soul was wandering away, Luo Yi had already written a few lines. Once Chu Chen returned to his senses, he found what Luo Yi was writing a little weird.

What kind of question is this... Is this an advanced level of the question because it's summer vacation?

Chu Chen shivered, and he came closer to read it.

He then realized Luo Yi was not writing some test questions but a summer vacation plan.

Chu Chen was ecstatic, but when he looked closely at what was written on top, he was sad again.

Chu Chen came closer and acted cute, "Ah Tu... Ah Tu..."

Luo Yi wasn't bothered by him, "Don't disturb me. Wait until I finish writing."

Like an obedient wife, Chu Chen nervously watched Luo Yi writing on the paper.

Then he saw a message after the list of things to do during the summer vacation. "If the above daily tasks are completed, appropriate rewards will be given accordingly based on the task's completion."

Chu Chen's eyes were fixed on the word "reward" and missed out on the "appropriate" and any other words in front of him.

Chu Chen sneakily touched Luo Yi's waist and then hugged his whole body, teasing Luo Yi, "Ah Tu, what reward are you going to give me?"

Luo Yi turned around to look at him. When he saw Chu Chen smiling like a flower blooming, he couldn't help but blush, yet he held his calm expression and said, "It's exactly what you're thinking right now."

Chu Chen couldn't help but laugh at Luo Yi, who was trying to act calm and serious with that blushing face. He then leaned over to kiss him.

Luo Yi wanted to dodge his kisses, but Chu Chen pressed the back of his head, not allowing him to avoid the kiss.

Chu Chen's tongue reached inside and teasingly wrapped around Luo Yi's tongue, which was erotic.

When they finally finished kissing, Chu Chen's hand sneaked inside to touch his body through the hem of his clothes. Luo Yi was so done with this that he literally dragged Chu Chen's hand out of his clothes.

"Focus on kissing! Why are you touching me?"

Chu Chen said innocently, "I couldn't help it..."

Luo Yi was stunned by his shamelessness and held back for a long time before replying, "Hold your urge in even if you can't help it! Don't stick your tongue out all the time when you kiss!"

His tongue was always sore after kissing like this! Doesn't this fellow's tongue feel sore as well?

Chu Chen replied with an extremely aggrieved tone, "Okay." But looking at this expression, Luo Yi knew immediately that Chu Chen was not planning to change.

Luo Yi angrily pulled the blanket next to him, wrapped it around him, and prepared to sleep.

Chu Chen then clung to him again and said, "Ah Tu, you haven't changed your clothes yet. It's so uncomfortable sleeping in this."

Luo Yi wore the same set of clothes when he went out in the morning. Usually, he would not lie on the bed in clothes that he went outside with, but since Chu Chen put him in bed once they came back, he didn't want to get up and change again.

Luo Yi glanced at him and felt that there was an impure intention, but after Chu Chen mentioned it, Luo Yi felt really uncomfortable, so he said, "Then help me bring over my clothes."

Chu Chen obediently turned away. When Luo Yi saw that Chu Chen was actually taking his clothes and he didn't want to move, he took off his pants first while lying down.

Halfway down, he found it hard to lift his legs, so he started using his feet to push the pants down.

Chu Chen turned around to see Luo Yi's two fair and bare legs pushing his pants down. It's probably an accident, but Luo Yi's underwear slightly went off, revealing half of Luo Yi's ass.

His shirt moved upward and revealed his belly. It looked really...

Chu Chen couldn't help but gulp and saw Luo Yi, who removed his pants and took off his shirt.

As soon as he unbuttoned his shirt, Chu Chen's eyes couldn't move away from those two swollen nipples he had been eating just now.

Luo Yi was wrestling with his shirt and didn't notice how seductive his nipples were when he took off his shirt by wiggling around.

Chu Chen gulped again and then walked over to lock the door before standing beside the bed.

Luo Yi threw his shirt aside and turned around to see Chu Chen standing by the bed with an empty hand. He then asked, "Where are my clothes?"

Without saying a word, Chu Chen stripped himself clean and hurried to the bed, hugging Luo Yi firmly before saying, "I think it's pretty good to sleep like this!"

Luo Yi was stunned for a while before he growled in a low voice, "Pretty good, my ass!"

Chu Chen refused to let go and kept rubbing himself against Luo Yi's soft and slippery body.

Then he took advantage when Luo Yi was not paying attention and tried to peel his whole underwear off.

Luo Yi was taken aback and shouted, "Chu Chen!"

But Chu Chen still clung to him, hugging him while persistently taking off his underwear.

Luo Yi was in shock. What the heck was Chu Chen going to do?

Sensing that Luo Yi was afraid, he quickly kissed him and coaxed, "I just want to cuddle you to sleep..."

Luo Yi glared at him fiercely. Cuddling him to sleep naked! How could he think of that idea?

Finally, Chu Chen ripped Luo Yi's underwear, and the two cuddled each other naked.

It's just that no one could sleep now. Luo Yi felt that Chu Chen would sneak attack him while Chu Chen was so excited that Luo Yi was naked in his arms!

Luo Yi said, "Is this what you mean by cuddling to sleep?"

He said while moving his legs further away from that hard penis.

Chu Chen then said, "This is a natural physiological reaction."

Luo Yi snarled, "Then don't let me sleep naked!"

Chu Chen clung to him again, "I'll still react even if you're not naked..."

"Surely you won't react as big as this!"

Chu Chen then hummed, "Not true..."

Luo Yi pushed him away, "Stay away from me!"

Chu Chen hummed again, firmly refusing to move, "I don't want to move away..."

"Chu Chen!" Luo Yi literally wanted to spit fire. Where is he putting his hands at?

Chu Chen responded cheerfully, "Yes, I'm here!"

"Get your hands off me!"

"I don't want..."

"Don't touch my ass!"

"But I want to touch..."

Luo Yi turned around angrily, then found turning over was a bad idea!

Because he turned over, his ass was directly against Chu Chen's penis!

Luo Yi quickly turned back, causing Chu Chen to laugh.

After Luo Yi was fuming for a while, he finally warned Chu Chen since he was exhausted, "No messing around. I'm exhausted... And my butt still hurts..."

Chu Chen quickly responded, "Okay, you can go to sleep."

In the end, Luo Yi fell asleep in Chu Chen's arms, bare naked.

Once Chu Chen noticed he had fallen asleep, he couldn't help but kiss Luo Yi's lips again and secretly lick his little nipples.

The sleeping Luo Yi trembled gently, as if he felt the sensation of his nipples being licked and tweaked around.

Chu Chen couldn't help but take one nipple into his mouth and gently suck it.

The sleeping Luo Yi let out a slight hum from his nose. Chu Chen almost lost control hearing that, and he quickly let go, hugged Luo Yi in a disciplined manner, and closed his eyes.

It was almost dinner time when Luo Yi woke up. Neither of them remembered to eat when they came back, so they were woken up purely because of hunger.

Chu Chen wasn't beside him anymore, but he could smell food in the room.

When he got up, he saw several takeaway boxes on the bedside table.

Immediately afterwards, Chu Chen opened the door and came in. He smiled when he saw Luo Yi wake up, "I was just about to wake you up."

Luo Yi subconsciously wrapped the blanket around his body but felt weird about his actions. But this naked feeling was uncomfortable.

Chu Chen knew Luo Yi must feel uncomfortable, so he turned around to take a shirt from the closet.

Just a shirt and no pants.

Luo Yi glared at him and put the clothes on. Then he suddenly realized this shirt...

"Why are you giving me your clothes?"

The two have multiple clothes with the same style and design, but Chu Chen's clothes are much larger. This empty feeling after wearing this shirt proved it was not his clothes.

Chu Chen said, "This is an oversize boyfriend shirt!"

He leaned over, lowered his voice and said, "Ah Tu, you're totally naked, and you put on a shirt of mine..."

It's not like Luo Yi never wore Chu Chen's clothes before. They are boys, so they weren't fussy about it.

Usually, there wasn't a problem at all, but the way Chu Chen described it. It sounded so... So erotic...

## Chapter 23

Luo Yi couldn't help but blush. Chu Chen found Luo Yi's blushing face adorable, and he kissed him.

Before Luo Yi could think about what he should do, Chu Chen leaned over and said something in his ear.

Luo Yi was stunned, and he subconsciously asked, "What did you say?"

Chu Chen affectionately hugged Luo Yi and whispered while biting his ears, "Ah Tu, I want to see you dressed like this..."

Luo Yi was not concerned about this. He was concerned about another issue, "How long... Did you just say?"

Chu Chen found nothing wrong with what he said and justified, "The entire summer vacation!"

Luo Yi looked at him, trying to confirm whether he was joking.

But Chu Chen was obviously not joking. He's serious!

Luo Yi exploded, "Are you kidding me!"

Did he know how many days there are throughout the whole summer vacation!

How was it possible to only wear one shirt all summer!

It's so shameful!

But Chu Chen was determined, hugging and rubbing Luo Yi while saying coquettishly, “Ah Tu... Ah Tu... Just wear it for me at home! Nothing to be embarrassed about!”

Luo Yi refused to agree, and Chu Chen said, “Why don’t I accompany you?”

Luo Yi couldn’t help but imagine the scene of Chu Chen wearing only his shirt with his hairy legs out in the open... Uhm... It’s a little weird...

When Chu Chen saw Luo Yi falling silent, he started pestering again, “Ah Tu... Ah Tu...”

Luo Yi was annoyed by his pestering and finally nodded. After the negotiation, they decided to spend the summer vacation at Luo Yi’s house, just in case Chu Chen’s parents came home.

Chu Chen nodded vigorously, “Mm-hmm, I’ll listen to whatever you say!”

Luo Yi wanted to kick him. What did you mean by you’ll listen to whatever I said! Chu Chen wasn’t even listening to him whenever he told Chu Chen what to do!

But soon, he realized kicking Chu Chen with what he was wearing right now was so shameful!

His lower body was naked, and he relied on Chu Chen’s shirt to cover it. Half of his ass was exposed outside, while his front was covered by the shirt’s long hem.

But as soon as he lifted his leg, there was nothing for the shirt to cover!

Luo Yi could only hold back his desire to kick Chu Chen and ate with anger boiling inside.

The two were starving. Although Chu Chen wanted them to feed each other, he couldn’t hold back his appetite and finished his meal in a while.

After eating, Chu Chen cleaned up the place while Luo Yi put on his pants. Finally, they went back to Luo Yi’s house.

When he entered the door, Chu Chen took Luo Yi’s pants off. Luo Yi was now experiencing pure embarrassment!

He was eating without wearing anything on his lower body, but now he needed to walk around the house with nothing at the bottom!

Luo Yi could even feel his penis smacking against his leg with every movement...

Luo Yi tried his best to ignore that feeling and rushed to the bathroom to freshen himself.

The mirror above the basin could only reflect his upper body. The shirt was oversized and buttoned nicely. Because Of the long sleeves, Luo Yi pulled up the sleeves until they reached his arms.

Looking in the mirror, there wasn't any problem.

But Luo Yi knew his lower body was completely naked, wearing nothing.

Luo Yi shamelessly looked away, took his toothbrush and prepared to squeeze the toothpaste.

Chu Chen soon entered the bathroom, and his eyes were glued to Luo Yi's ass.

Since he lifted his hand to brush his teeth, Luo Yi's shirt was also pulled up a lot, exposing half of his ass outside. And those two long and fair legs...

Chu Chen couldn't help but get closer, pressing his whole body against Luo Yi's back.

Luo Yi was staring into space and was startled when Chu Chen approached him. His toothbrush immediately fell on the sink because he didn't hold it steady.

Chu Chen was so close to him he could feel the shocking heat from Chu Chen through their clothes.

The air-conditioner had yet to freeze the room, so Luo Yi's body soon sweated. He stood there, watching Chu Chen's hand sneaking inside through the hem of his shirt from the mirror.

His nipples were pinched and gently kneaded.

His nipples that had been sucked and played with in the morning were still a little swollen and sore, but it was more sensitive than ever. Even the slightest stimulation could make Luo Yi's body tremble.

His ass was pressing against Chu Chen's erect penis. That hot and hard thing was rubbing between his thighs through Chu Chen's pants.

Luo Yi supported himself with his hands on the sink and said weakly, "Chu Chen! Don't touch me!"

But Chu Chen didn't want to let him go and leaned even closer. His breath sizzled behind Luo Yi's ear, "Ah Tu, I want it..."

Luo Yi called him a son of a bitch in his mind, "Tell me one moment where you don't want it!"

Chu Chen kept grunting and rubbing against Luo Yi, and Luo Yi soon had an erection too.

Luo Yi glanced at his flushing face in the mirror and felt incredibly ashamed, "My ass still hurts!"

Chu Chen kissed his neck and bit lightly before he said vaguely, "I Just want to rub outside... I won't go in..."

Luo Yi felt that what Chu Chen said was not credible!

Especially when Chu Chen took off his pants. His words were even less credible!

Chu Chen's penis, which was already threatening enough through his pants, was pressing hard against his ass. Luo Yi was so nervous that his whole body stiffened.

His legs were still a little weak because of their previous sexual intercourse, and now he could barely stand. If it weren't for Chu Chen behind him, Luo Yi might have fallen to the ground.

Chu Chen reached over from behind and took the bottle of moisturizer from the basin.

Before Luo Yi could figure out what he wanted to do, Chu Chen bit his neck gently and said, "Ah Tu, keep your legs together."

Luo Yi gasped and brought his legs together, and he felt Chu Chen's penis squeezing into the middle of his closed legs.

That hard, hot penis rubbed against his perineum, thrusting back and forth against his balls.

The milk-flavored body lotion made Chu Chen's thrusting movements extremely smooth, and Luo Yi's penis was erected because of the fast thrusting.

He lowered his head and gasped for breath, trying to suppress the tide of emotion surging through his body.

But Chu Chen's hot body, his heavy breathing and the hard penis thrusting between his legs were constantly seducing him.

Chu Chen's hand was kneading his body, and from time to time, he would touch some places that made him feel itchy and that itch affected him so much.

Luo Yi wanted to grab Chu Chen's hand that was harassing him his body, but Chu Chen grabbed him back and explored his body.

Luo Yi's voice was a little shaky, "Chu Chen... Let go..."

Chu Chen sucked on his ears and said, "Ah Tu, look at the mirror..."

Luo Yi subconsciously did what Chu Chen said and saw himself being held in Chu Chen's arms with a flushed face.

His one hand was supported on the basin while his other hand followed Chu Chen's hand into his shirt.

The hem of his shirt was lifted until it almost exposed his whole chest. From time to time, one could see Luo Yi's swollen nipples through the opening.

Even worse was that Luo Yi could see his naked lower body in the mirror because of losing the shirt as his cover.

And just leaning back a little could see what he and Chu Chen were doing...

When Chu Chen saw Luo Yi obediently looking at the mirror, he couldn't help but get more excited. His hands impatiently ripped open the buttons, but he didn't take it off and left the shirt hanging.

He let his shirt hang on Luo Yi like that.

The scene in the mirror was very lewd. Luo Yi watched as his hand was guided by Chu Chen, reaching out and kneading his red and swollen nipples.

Although Chu Chen didn't enter him, this visual and psychological stimulation gave Luo Yi shameful pleasure, not inferior compared to actual sex.

Even more so when Chu Chen's thrusting between his legs became more and more intense.

Chu Chen looked like he was about to cum. He sucked and kissed Luo Yi's ear and neck, bringing Luo Yi tingling with pleasure. Warm and erotic.

Luo Yi heard him grunt and said, "Ah Tu, I'm going to fuck you like this in the future..."

Luo Yi was confused, and his eyes collided with Chu Chen's in the mirror.

Chu Chen's gaze was full of aggressiveness, and he looked at Luo Yi through the mirror, "Fucking you like this in front of the mirror..."

Luo Yi felt his veins were about to burst and closed his eyes in shame. However, the senses of his body wouldn't disappear just because he tried to evade.

Chu Chen's voice continued, "So that you can see how I fuck you..."

The feeling of shame was about to bury Luo Yi every time Chu Chen said he was going to fuck him.

But great pleasure came along with shame.

He never knew kneading his own nipples would feel so good, and rubbing against his balls almost made him cum.

Luo Yi was almost seduced by such pleasure and bewitched by Chu Chen's words. His lips moved, and he almost asked Chu Chun to come inside.

His remaining sanity was telling him he couldn't stand another round.

But his body was thirsting for the soul-crushing pleasure that could drown him.

Luo Yi was afraid that Chu Chen would say anything else to seduce him, so he turned his head and put his face against Chu Chen.

Chu Chen kissed him, and their tongues entwined together, letting out a loud slurping sound.

Luo Yi could feel the penis thrusting between his legs left and then was pushed against the entrance of his ass, grinding dangerously.

Chu Chen soothingly kneaded his body, yet the penis between his ass cheeks was rubbing hard and fast. As if his red and swollen entrance was burned, his whole body couldn't help but shiver.

## Chapter 24

Luo Yi knew he shouldn't allow Chu Chen to enter him, but his body's reaction went against his thoughts.

The sensation of being penetrated and ejaculated from before still lingered in his body.

That tingling, crazy pleasure seemed to invade his brain, making it hard to forget.

He closed his eyes to catch his breath. The scary feeling that he could be penetrated at any moment and the faint expectation and commotion in his heart were tormenting.

The red and swollen opening contracted uncontrollably because of the hard and hot penis rubbing against it.

Now and then, the wet glans would push against the contracted ass opening and it would sucked on it, unsure if it sucked out of fear or retention.

Luo Yi's heartbeat was fast, and the feeling of getting penetrated at the next moment made his breathing rapid and restless.

During kissing, Chu Chen called in a deep voice, "Ah Tu..."

Chu Chen's hoarse voice was filled with lust, and his gasping voice made him slur his words. Though Luo Yi couldn't hear him clearly, the desire and urgency in his voice couldn't be ignored easily.

The tight string in Luo Yi's mind seemed to snap at this moment.

He clenched his teeth for a moment before saying, "Come in..."

Luo Yi's eyes were tightly closed, as if doing so would make him less shameless when saying that.

He gasped, and his voice was trembling, "Thrust inside..."

As soon as he finished his words, Chu Chen couldn't control himself any longer and squeezed his penis into that little hole capable of sucking his soul out.

The feeling of his body being stretched open made Luo Yi's toes curl up. He reflexively wanted to tighten his invaded area.

But such a natural reaction made Chu Chen breathe heavily.

Chu Chen twisted his nipples while kissing Luo Yi's cheeks and shoulders, "Ah Tu, you're too tight... It hurts me so much..."

Although he said it hurt, he continued to thrust deeper. Luo Yi couldn't stand properly and could only use his two hands on the basin to maintain his body balance.

That hot penis invaded his intestines little by little. That fascinating feeling of being one with Chu Chen was constantly eroding the remaining sanity in his brain.

Chu Chen was still kissing, licking, and whispering in his ear, "Ah Tu... Ah Tu..."

It's killing him...

Luo Yi tried his best to stay awake, but the penis inside his hole had reached the deepest part. That sensitive red and swollen opening could even feel the slightest stimulation.

He panted sharply, wanting to relieve this feeling of being at a loss. Chu Chen had already reached the limit of his patience, and after a slight pause, he began to thrust.

Luo Yi almost screamed, and his tightly closed eyes opened because of this sudden and violent stimulation.

Then what came into view was the shameful picture in the mirror.

The white shirt on his body was hanging loosely on both hands. His shoulders were exposed, and the two nipples were even more swollen than a few minutes ago. Because of sweat, it looked like his nipples were glistening.

Although he couldn't see how he was penetrated by Chu Chen, his entire body was swaying up and down from being fucked, and it was clearly reflected in the mirror.

But what made Luo Yi shameful was not because of his body's swaying but his expression.

That lustful, eager look was too erotic.

So was this what he looked like when he was fucked...

Luo Yi could feel his body burning, but the penis thrusting inside him, followed by Chu Chen, who was pushed against him, made him want to lean forward and hold his hands on the basin to maintain balance.

This move brought him closer to the mirror.

Luo Yi could even see his saliva between his red and swollen lips when he gasped for breath.

Chu Chen licked his ear and neck while panting, "Ah Tu, you like it when I fuck you like this, don't you?"

Luo Yi whimpered with one hard thrust. His body answered Chu Chen's question more honestly than his mouth.

That tight intestine almost made Chu Chen come, but he didn't want to end it so soon. He just trusted inside not long ago...

Chu Chen's hand kneaded Luo Yi's round ass. It forcefully separated those two ass cheeks so his penis could enter deeper, as if he couldn't wait to stuff his two balls inside.

Luo Yi's legs and hands no longer had any strength. His entire upper body was lying on the basin, sticking closer to the mirror.

The hot breath he exhaled brought up a thin mist on the mirror's surface and soon dispersed because of the summer heat, revealing his face that looked like it was about to lose its soul because of Chu Chen.

Luo Yi was so ashamed that he covered his eyes, but Chu Chen took his hands away.

Luo Yi wanted to cry. How could he do this to him?!

He wanted to close his eyes, but Chu Chen surprised him by carrying him up!

Luo Yi was startled and then felt like a child urinating with Chu Chen holding him and his legs wide open!

Only his sole could barely reach the basin, and the penis that slipped out of his asshole when Chu Chen was hugging him pressed against his hole in this position.

Luo Yi watched as Chu Chen's penis slowly, with no hesitation, thrust into his asshole.

And then, just like that, began to thrust and penetrate him...

Because of a lack of lubrication just now, his sluggish thrusting soon became smoother and, one after another, thrusting against Luo Yi's prostate.

"Ah Chen..."

Luo Yi's voice changed its tone, and the over-stimulating pleasure made him both afraid and addicted, "No! I'm... I'm going to break..."

Chu Chen bit the side of his neck and said, "Ah Tu, your penis is hard because of me..."

Not only did Luo Yi have an erection, but he was also about to ejaculate the next moment.

The delicate penis under his crotch was swaying up and down as he was being fucked, and there was even fluid being sprayed onto the mirror in front of him.

Tears blurred Luo Yi's vision, but the penis thrusting in him brought clearer and clearer stimulation.

Luo Yi whimpered, unable to speak clearly, but his waist twisted uncontrollably, voluntarily slamming himself onto Chu Chen's penis.

It's scary... But it feels so good...

Luo Yi couldn't figure out if he wanted to escape or wanted more. The excessive stimulation made him completely lose the ability to think.

"Ah Chen... It's so deep..."

"I can feel it in my stomach..."

His body's reaction was purely based on instincts. Luo Yi's unconscious moans seduced Chu Chen so much that he just wanted to die on Luo Yi.

Chu Chen worked hard to jerk his hip. While he was holding back just now, he had no control left when Luo Yi started moaning.

"Ah Tu... Ah Tu... Your scream is so slutty..."

Luo Yi wanted to refute, but his reaction was slower than usual. When he tried to answer, Chu Chen said, "I like it so much..."

This word was more effective than any aphrodisiac. Luo Yi soon ejaculated, and it squirted far away.

The thin semen shot straight onto the mirror, staining a spot.

Chu Chen was almost there as well. When Luo Yi's intestine became even tighter because of his ejaculation, Chu Chen gave a few more thrusts and ejaculated deep inside.

Luo Yi was whimpering because of that last thrust and shrank his body. As if another orgasm had ushered in, his ejaculated penis stiffened and pulsed.

His wet penis trembled, squeezing out the remaining liquid inside.

The penis inside him slipped out after ejaculating inside. Chu Chen's semen also dripped down Luo Yi's thighs and onto the floor.

Chu Chen and Luo Yi didn't care about that. They hugged and kissed again, enjoying that sweet moment after an orgasm.

Luo Yi didn't know if he was seriously being fucked until he lost his mind or what, but he rubbed against the tip of Chu Chen's nose and whispered, "I like it too..."

Chu Chen's brain buzzed, and he couldn't restrain himself from kissing Luo Yi fiercely.

Luo Yi took the initiative to respond, and an erotic moan came out from him. The irritated Chu Chen almost turned into a beast again.

He nibbled on Luo Yi's neck, biting his Adam's apple and sucking on them. He then worked his way down and took Luo Yi's nipple in his mouth.

Luo Yi moaned while pushing him, "Mm, no... I don't want it anymore..."

Chu Chen sucked his nipples while saying vaguely, "I know... I just want to touch you... Let me eat for a while... Ah Tu's little nipples are so delicious..."

Chu Chen ejaculated a few times today, so at the moment, he couldn't have an erection. He also knew that Luo Yi couldn't bear another round.

But he really enjoyed touching Ah Tu like this...

During the summer vacation, everything became out of control. Whenever Luo Yi thought about it, he found himself crazy about accompanying Chu Chen to do all that nonsense...

He was wearing just what Chu Chen had requested, only a shirt of Chu Chen's. The shirt with a long front and short back could only cover his front, but could barely cover half of his ass.

And now, he even had something stuffed in his ass...

Luo Yi moved restlessly, and the small vibrator inside his body moved slightly in his intestines in response to his movements.

Luo Yi immediately clenched his ass in fear, frozen in place, and didn't dare to move. But even if he didn't move, the vibrator that was on wasn't something he could just ignore.

Luo Yi started breathing heavily and almost couldn't hold the pen.

Sitting across from him, Chu Chen almost threw his homework away when he saw Luo Yi like this. Making love first, everything else later.

Luo Yi glared at him fiercely, "Finish your homework!"

Chu Chen had no choice and could only work hard to finish his homework with an erection. As soon as he finished the daily homework prepared by Luo Yi, he immediately tossed them to the side and pushed Luo Yi down on the sofa like a hungry wolf.

Luo Yi parted his legs, revealing his ass that was still open.

A vibrator that was two fingers thick was vibrating inside. It's wet inside. Either it's from the lubricant or something else.

Luo Yi gasped and felt Chu Chen pulling out the vibrator, and then something soft, wet, and hot licked him.

Luo Yi tilted his neck and moaned, "Chu Chen... Don't... Don't you lick..."

## Chapter 25

Every time he told Chu Chen not to lick him, Chu Chen's tongue reached deeper.

His tongue flexibly explored inside, bringing shameful pleasure, and his intestine, which had already turned soft because of the vibrator, became increasingly wet and excited.

Luo Yi panted heavily, trying to relieve his body's surging tide of emotions.

Chu Chen playfully kneaded his ass cheeks, spreading his ass wider to reach deeper.

That erotic and animalistic licking was simply the best aphrodisiac. Luo Yi's semi-erected penis turned so hard that it smacked against his belly.

The white shirt that he was wearing also slid to his armpits because of his movements, revealing the two hardened and tiny nipples that looked very erotic.

Chu Chen was addicted, and from time to time, he gently bit on Luo Yi's ass, and every time he bit him, he would get a small whimper from Luo Yi.

Luo Yi's whole body turned weak after getting licked that way. His legs weakly racked on Chu Chen's shoulders, and he gasped. Subtle moans would come out from his lips that he was biting.

However, this kind of suppressed moan was even more fatal. Chu Chen couldn't stand his moaning anymore, but he couldn't help but want to hear more, so he bit the flesh on Luo Yi's ass while inserting his fingers into the wet hole that turned soft and wet because of his licking.

His action was rewarded with a gasp from Luo Yi as Chu Chen's fingers were pumping hard inside him, often pressing on his g-spot.

Luo Yi couldn't take it anymore, and he tried to call Chu Chen, "Chu Chen..."

Chu Chen was finally willing to let go of him and stop biting his ass. He kissed Luo Yi's lips, but his fingers still thrust into his ass.

Luo Yi muttered under his breath. How could he lick his ass and then kiss him, although he had already cleaned his ass before...

But the thought of Chu Chen willing to lick his ass made him feel sweet.

So he took the initiative to put his arm around Chu Chen's neck and exchanged a lingering, erotic kiss.

During the kiss, Chu Chen's breath turned heavier, and he added another finger to his ass.

Luo Yi couldn't help but end the kisses by turning away. He gasped heavily, wanting to relieve the pleasure of his prostate being constantly pressed.

Chu Chen bit Luo Yi's ear and said, "Ah Tu, you're so wet. Water is flowing out from you..."

The finger thrusting in his hole had a slurping sound. Although the sound was subtle, it could not be easily ignored.

Luo Yi squirmed and said, "Not at all..."

Chu Chen's fingers thrust faster, and the sound became louder.

Tears formed in the corner of Luo Yi's eyes. He wanted to say that even if his ass was wet, it was because of Chu Chen's licking. Otherwise, his ass wouldn't be wet...

The fingers inside his hole left him, and then Chu Chen's hard and hot penis was pressing against his opening.

Luo Yi had a hard time breathing. When Chu Chen entered him, he felt that the surrounding air had disappeared.

His intestine had long been hungry and thirsty for it. Once Chu Chen's penis entered him, Luo Yi's hole eagerly sucked and swallowed it deep inside.

Chu Chen tried his hardest to not thrust to the deepest part in one go. When he finally put his penis all the way in, both of them were relieved.

Luo Yi seemed to find his instinct to breathe. His chest heaved violently, and the thick penis pulsed in the deepest part of his hole.

Chu Chen was still waiting for Luo Yi to adapt to his size, trying his best to resist the desire to thrust and sweat drenched his forehead.

When Luo Yi saw how hard Chu Chen was trying to endure, his heart melted, and he rubbed his face against him while whispering, "You can move..."

Chu Chen thrust slowly, and as soon as his thrusts became smoother, his thrusting movements became faster and faster.

Again and again, fast and hard.

Luo Yi was dangling back and forth on the sofa by Chu Chen's fucking. Every time he was pushed away with a thrust, Chu Chen dragged him back by grabbing his waist and then ruthlessly penetrated the sensitive spot in his hole with his cock, going all the way to the deepest area.

It didn't take long for Luo Yi to ejaculate.

His dick wobbled up and down, sprayed his semen down his chest and even got it on his face and hair.

Chu Chen looked at Luo Yi's eyelashes with semen on them, his red and swollen mouth that looked incredibly lewd, and he couldn't wait to eat Luo Yi.

How could his Ah Tu look so attractive...

Thinking so, Chu Chen carried Luo Yi onto his lap and let Luo Yi straddle his body.

His cock thrust deeper with this position, and Luo Yi couldn't help moaning. The intense pleasure after ejaculation hadn't faded yet.

At this moment, even the slightest stimulation could make his whole body tremble, not to mention the feeling of getting penetrated.

Chu Chen held Luo Yi in his arms, and his hand reached into his shirt to knead and pinch around as if he wished to merge his and Luo Yi's body.

Though this position limited Chu Chen's thrusting, it also made his cock reach deeper, almost thrusting against Luo Yi's sensitive spot every time.

Because Chu Chen could not fuck freely, he increased his speed, which made Luo Yi moan and lean against Chu Chen, feeling like he was going to break apart. He wasted a lot of energy before he squeezed out a barely complete sentence, “Ooo, Ah Chen... Too fast... So deep.”

Luo Yi wanted to ask him to slow down and not go so deep.

But he didn't realize how deadly he sounded right now. Listening to Luo Yi's moans, Chu Chen couldn't help but want to fuck him to death.

Realizing the thrusting movement in his hole speeding up instead of slowing down, Luo Yi wanted to cry and couldn't help but to bite Chu Chen's shoulder.

He was reluctant to bite Chu Chen hard, but this stimulated Chu Chen and he thrust hard a few more times before stopping.

Chu Chen kissed his neck and said vaguely, “Ah Tu, I want to eat your little nipples...”

Because of their position, the hem of Luo Yi's shirt that slipped to the top of his chest had fallen back down. His shirt looked regular right now.

Luo Yi's brain couldn't process it quickly, and he couldn't figure out why Chu Chen was telling him this.

When Chu Chen raised his head, he saw Luo Yi, who looked dazed. His eyes were full of tears, the tip of his nose was red, and he was gasping lewdly with his lips ajar.

He leaned over to kiss his lips, and Luo Yi subconsciously responded. Between the kisses, Chu Chen said, “Ah Tu, can you unbutton your shirt...”

Although he was asking a question, his hand pulled Luo Yi's hand to the shirt's button.

Luo Yi's hand was trembling, and he clumsily unbuttoned his shirt.

Chu Chen showed his patience and watched as Luo Yi clumsily unbuttoned his shirt while biting his lips and lowering his head.

Perhaps it's because of the angle or because he liked Luo Yi so much that he's obsessed. He even found the tiny trembling of Luo Yi's eyelashes charming beyond belief.

He really likes it...

After Luo Yi unbuttoned his shirt, it exposed his chest with red marks from Chu Chen's kneading.

He raised his eyes to look at Chu Chen with a hesitant look. In the end, he shyly raised his chest forward as if doing so would make Chu Chen eat his nipples easier.

Chu Chen was stunned, but instead of eating his nipples as Luo Yi thought, he suddenly hugged Luo Yi.

Chu Chen buried his face in his neck, and Luo Yi was startled and a little overwhelmed.

“Ah Tu... You’re spoiling me so much...”

Chu Chen’s voice was muffled, like he was being coquettish, and he seemed to sigh.

Luo Yi’s face burned, and he finally muttered softly, “Then don’t keep bullying me...”

Chu Chen had another erection because of Luo Yi’s soft voice, and he said in a hoarse voice, “But I can’t help it...”

Luo Yi could feel the penis inside him grow bigger, and it pumped slowly, teasing his sensitive hole again.

The atmosphere had turned warm and erotic, and the sound of their breathing intertwined, accompanied by water squirting.

In the end, it was Luo Yi who put his hand on Chu Chen’s face, kissing him and saying, “Fuck me faster.”

Any man couldn’t stand hearing such words, not to mention the person who was telling to fuck him faster was Luo Yi.

Chu Chen couldn’t help but growl. Luo Yi was going to drive him crazy, and he forced himself to say, “Ah Tu... Don’t mess with me...”

He was controlling himself so hard, yet Ah Tu was teasing him...

Luo Yi sandwiched his face with his hand and emphasized word by word, “If I tell you to fuck me, then just fuck me! So much nonsense!”

Luo Yi was dominant when saying this, but after that, his face turned red, feeling awkward and shy.

Chu Chen was charmed by him, and he immediately grabbed Luo Yi’s waist to fuck him like a pile driver. He kept asking, “Ah Tu, does it feel good?”

“How about this?”

Luo Yi was annoyed by him, but he couldn't even say a complete sentence, so he used his hand to cover Chu Chen's mouth.

Then the shameless Chu Chen licked and bit his fingers, horny as hell!

In the end, Chu Chen was attracted to Luo Yi's small nipples rising and falling on his chest because of his panting.

As if he hadn't weaned off his addiction, Chu Chen kept sucking and licking those two hard nipples, only to make them swollen and refuse to let go.

Luo Yi ejaculated again because of the fucking and nipples sucking. His extremely tight hole during orgasm gave Chu Chen pleasure. He grabbed Luo Yi's waist, thrusting fiercely, and fucked Luo Yi to the maximum.

Chu Chen finally let go of his nipples and raised his hand to brush Luo Yi's forehead, which was soaked with sweat, while kissing his face.

Luo Yi tensed up when Chu Chen was ejaculating inside him. His toes were curled up together because of the pleasure.

The two embraced, and their faces pressed intimately against each other, quietly enjoying the aftertaste of their orgasms.

## Chapter 26

Luo Yi was so tired that he didn't want to move. Chu Chen was afraid he would be uncomfortable, so he quickly took him to the bathroom to clean while taking a lovey-dovey bath together.

After they finished messing around, the two were starving.

Luo Yi initially didn't want to cook because he was exhausted and didn't want to eat out because the weather was hot, and ordering takeaways needed time. So he rummaged through the refrigerator and found some ingredients to prepare quick dishes. Steaming rice was too slow, so he took the frozen leftover buns from the refrigerator to the steamer first.

Chu Chen gave him a hand while stealing some food. He was cutting a piece of the ham, yet he ate at least a third of it.

Luo Yi glared at him, "If you continue eating, you're not allowed to eat later! "

Chu Chen smiled and leaned over to give him a ham-flavored kiss. He sweetly and coquettishly said, "Ah Tu, it's because I'm hungry..."

Luo Yi was also hungry but not as hungry as Chu Chen. After pushing Chu Chen away, he used heat-insulating gloves to lift the steamer's lid.

He poked the buns with the chopsticks, and the frozen and hard buns became fluffy and soft again.

Luo Yi took one out and put it on a plate for Chu Chen, "Careful. It's hot. Try to see if it's steamed through. "

Chu Chen immediately reached out his hand but was slapped by Luo Yi with the chopsticks, "Use a pair of chopsticks!"

Chu Chen quickly took a pair of chopsticks and took a bite. Luo Yi was too late to remind him it was hot again, and he could only watch Chu Chen as he opened his mouth because it was too hot. Yet he was unwilling to spit out the pieces.

"It's steam through and delicious!" After swallowing the pieces in his mouth, he quickly blew the bun and held it to the side of Luo Yi's mouth.

His eyes shone brightly, "Ah Tu, you should eat too. "

Luo Yi took a bite from the place Chu Chen had just bitten. After checking if it was steamed through, he turned off the fire of the steamer.

His pan-fried mushroom with sliced meat was also ready, so he served them on the side, "If you want to eat the buns, take it on your own..I will scramble an egg and make a soup."

The dishes were scrambled eggs with green peppers and green cabbage ham soup.

Since they're the only two at home, they ate directly in the kitchen after pulling the chairs in and saved the effort of cleaning the dining table.

When Luo Yi held the soup bowl and drank them with small sips, Chu Chen was already eating the third bun. Luo Yi thought about it and said, "I'll gave you a list later. Go to the supermarket and buy something. "

Chu Che nodded while eating the buns, looking silly.

Luo Yi didn't know why, but he suddenly wanted to laugh. Not because he found Chu Chen's silly look funny, but... Well, he just wanted to laugh.

He held the soup bowl while the corners of his mouth couldn't help but curve upward. Then he found his inexplicable smile was silly too, so he covered it up by drinking the soup.

When he raised his eyes, he was Chu Chen smiling at him stupidly on the other side, and Luo Yi asked, "What are you laughing at? "

Chu Chen blinked, "I don't know... I just suddenly wanted to laugh..."

Luo Yi looked at him for a while and finally burst out laughing, and the two of them laughed for a while before finishing their meal.

When Chu Chen was washing the dishes, Luo Yi later wrote a list of things to buy at the supermarket.

Chu Chen saw Luo Yi yawning after finishing packing everything. He quickly said, "Give the list to me. You should go to sleep. "

Luo Yi was a little envious of the lively Chu Chen, wondering if he should follow Chu Chen to play sports. But the thought of the weather as hot as a steamer outside made him wilt.

Chu Chen looked at the wilting Luo Yi, went over and kissed him, "Go to sleep, I'll be back when you wake up! "

Luo Yi snorted, "Who cares? "

When Chu Chen returned from his trip to the supermarket, Luo Yi was still sleeping soundly.

He quickly took a shower, washing off the stink of sweat before carefully climbing onto the bed. He hugged Luo Yi sweetly and slept with him.

When Chu Chen woke up, he found his arms empty and got up to find Luo Yi.

Luo Yi was watering flowers in his mini greenhouse and still wearing only Chu Chen's shirt. He chose a longer one, and it finally covered his entire ass, only revealing his two bare legs.

Chu Chen's eyes involuntarily glanced at his leg. Then he noticed that the pot of plants that Luo Yi was watering was a cactus pot.

A pot of a ubiquitous, most common cactus.

To say if there's something special about this pot of cacti was that. This cactus was massive and must have been around for quite a long time.

Chu Chen was a little embarrassed because.... he gifted this cactus...

One time on Luo Yi's birthday, he bought a pair of limited-edition basketball shoes and ran out of money. So he spent a few dollars purchasing a potted cactus in the gardening store next to the school.

He even told Ah Tu that the cactus looked like a pair of rabbit ears...

Looking back at it now, Chu Chen felt particularly humiliated and guilty.

He gave Ah Tu a few dollars worth of cactus as his birthday gift!

Ah Tu had been taking care of it for so many years, yet not even one flower bloomed!

Chu Chen felt even more guilty. He couldn't remember whether he had made up for Ah Tu's birthday gift later.

But then thought about the fact that he always used his pocket money given by his parents at the beginning of the month and then used Ah Tu's pocket money in the middle of the month. He probably didn't gift something else...

Chu Chen's heart suddenly felt a deep shame...

Luo Yi heard Chu Chen's footsteps and greeted him, "Ah Chen! Come on over here! "

Chu Chen moved towards Luo Yi three steps. Luo Yi was happy, so he noticed nothing wrong with him. He pointed to the oversized pot of cactus that had been growing wildly for several years in front of him and said, "Look! It's going to bloom! "

Only then did Chu Chen discover that the cactus, which had never bloomed before, had somehow grown a few buds out.

The buds had swollen, revealing a delicate bright yellow color that looked eye-catching.

He looked at the bud and then at Luo Yi's excited face, and his heart melted.

He hugged Luo Yi and asked cautiously and fearfully, "Ah Tu... What do you like about me? "

Chu Chen thought about it, but he couldn't think of any advantages he had. He sometimes even forgot about Ah Tu's birthday...

But Ah Tu was different. He's good-looking, intelligent, cooked well and remembered everything about him.

Chu Chen's heart became a mess. Why was it Ah Tu that liked him first...

Did Ah Tu feel sad sometimes without him noticing?

Chu Chen remembered those times when he told Ah Tu what girls he liked and wanted to die.

His Ah Tu was so good, really good! Why didn't he like Ah Tu first!

Chu Chen wanted to cry, and he felt sorry for Luo Yi. He said, "Ah Tu, it should be that I like you first. If only I knew how good it is to like you... It'll be great..."

Luo Yi was stunned when Chu Chen asked him what he liked about him, then he was shocked to find Chu Chen sobbing.

"Don't... Don't cry!"

Chu Chen couldn't stop his tears, "I can't believe I even told you what kind of girl I like... I feel so bad when I think about it..."

Luo Yi didn't know what went wrong with Chu Chen's brain nerves, but listening to him rambling made his nose runny.

Although it was a long time ago, Luo Yi could still remember how he felt then.

Every adjective and fantasy that Chu Chen told him... Was like a blunt knife slowly cutting his flesh, painful and tormenting.

But that's all in the past.

Luo Yi raised his hand to pat Chu Chen's back and whispered, "It doesn't matter who likes each other first. As long as we end up liking each other, that's the best outcome."

Chu Chen said repeatedly in his heart, how could that be the same? If I liked you first, I would be the one to bear all those feelings.

I wouldn't be looking back at it now, thinking about how you might have felt back then and becoming so sad.

If it were me that liked you first, then at this moment, I would feel everything was worth it.

Instead, right now he wanted to beat himself up so badly!

The more Chu Chen thought about it, the sadder he felt. He hugged Luo Yi tightly as if letting him go would make Luo Yi disappear.

Luo Yi sighed.. How silly... But that's what he liked about Chu Chen...

In order to help Chu Chen find his way out of the abyss of pessimistic thinking, he thought about it before saying, "Actually, it's even between us, so it's pretty fair. "

Chu Chen couldn't react in time, "Ah?"

Luo Yi patted him patiently on the back, "When we first met as children, you were the one who greeted me first. "

Chu Chen couldn't remember this at all and asked hesitantly, "...Is that so? "

Luo Yi calmly narrated, "Yeah, then you gave me a nickname because you could only recognize the word "Tu" from my name "Yi".

Chu Chen suddenly recalled and because of this, he was even teased by adults, but he never changed.

Chu Chen was still trying to remember how he got to know Ah Tu, and then he heard Luo Yi say, "At that time, I was thinking... This fellow is so stupid that he can't even read a simple word. "

Chu Chen's attention was immediately diverted, "How am I stupid? How old was I back then? It's normal if I can't read that word!"

"You're almost an elementary school student. You're not a baby anymore. "

"But I'm just five or six years old! Isn't it normal if I can't recognize that word? "

"Of course not, it's because you're just dumber than me. "

Chu Chen wanted to refute, but there's nothing wrong with what Luo Yi said. It was the truth, so he couldn't even refute it!

Chu Chen was angry for a while before saying, "You still like me, even if I'm stupid! "

Luo Yi smiled and nodded in agreement, "Yeah, I'll still like you even if you're stupid. "

He couldn't stop laughing after saying that. Chu Chen pinched his butt grumpily, which exchanged a frightened scream from Luo Yi.

The two were messing around again, almost kicking the cactus at the side.

Luo Yi looked at the buds that were about to bloom and couldn't help but smile again. Chu Chen kissed him, but he was not satisfied. So he pinched Luo Yi's chin and stuck his tongue into his mouth, exchanging a French Kiss.

## Chapter 27

A delicate kiss, sweet and warm.

Chu Chen pressed his forehead against Luo Yi's, whispering while gasping, "Ah Tu, let's tell our parents, okay?"

He really wanted to hug and kiss Ah Tu out in the open.

Luo Yi looked at his shining eyes and almost agreed. Luckily, he hadn't lost his IQ yet and forced himself to say, "Not yet."

Chu Chen was disappointed, like an abandoned big dog. He rubbed himself against Luo Yi and asked with a grievance, "Then how long do I need to wait..."

Luo Yi kissed him, "Let's wait until we graduate from university."

University graduation... In Chu Chen's view, university graduation was so far away that it looked like he had to wait until his next lifetime...

Chu Chen asked pitifully, "Can't it be earlier?"

The thought of waiting for another five or six years made him sad.

Luo Yi kissed him again and comforted him when he saw him like this, "It's best if we wait until we graduate from university. It's too early right now. "

Chu Chen couldn't help but hug Luo Yi tighter, "But I want everyone to know..."

Chu Chen hugged Luo Yi even tighter. Although he knew it was impossible, at least... He wanted those that were close to him to know...

Luo Yi is his Ah Tu!

Luo Yi had to patiently analyze for him, listing out all the potential outcomes that would happen in the future if they confessed now. Chu Chen listened carefully.

"The best outcome is that both of our parents support us."

Chu Chen gulped. However, he had been convincing himself that his parents would agree since his parents liked Ah Tu so much. But when he heard this would be the best outcome, he felt an emptiness.

Luo Yi could feel Chu Chen's entire body tensing up. But since he had already started this topic, there was no way for him to stop now.

"But another situation with a bigger chance of happening is that they will separate the two of us."

Chu Chen's heart seemed to stop beating after hearing that. How could they be separated?

Luo Yi's tone was calm because this situation would obviously happen. Their parents weren't hysterical people.

But if their affairs were exposed, they would be separated as soon as possible, but their parents wouldn't take some drastic measures.

They probably would let them wear out their feelings for each other through time, which was enough to wear out many things.

They're still young, and compared with the next few decades of life, the time they spent together from childhood until now didn't seem long.

Once they were separated, separated from the familiar environment, they met new people and encountered more things.

This young and seemingly more important than the entire world feeling might be something small that one would think back about after they matured.

"It won't happen!"

Chu Chen interrupted Luo Yi in a rough tone, gritting his teeth and saying, "I won't meet someone better than Ah Tu! No matter how good someone else is, if it's not you, then it's pointless!"

His whole body was tense as if he wanted to spit out more words to show his determination, but a sudden thought made him deflate like a ball.

Luo Yi couldn't figure out why his emotions were going up and down instantly. Then he heard Chu Chen asking him aggrievedly and carefully, "Ah Tu... Will you like other people?"

Chu Chen thought about it, and although he found Ah Tu was the best in the entire world, what if... Ah Tu met someone better than him?

The more Chu Chen thought about it, the more he found his scalp numb. He couldn't help but wonder how many shortcomings he had, and he started sweating after thinking about it.

He's not as smart as Ah Tu, not as diligent as Ah Tu, liked to bug him, and always played tricks on him... He wasn't good at studying and always needed someone to urge him...

Luo Yi suddenly laughed, and Chu Chen was stunned. His heart turned cold, "Ah Tu... Why are you laughing?"

Luo Yi smiled while kissing him, but he couldn't help but laugh halfway through the kiss.

Chu Chen wanted to laugh along when he saw Luo Yi laughing happily. But because he didn't know what Luo Yi was laughing at, he felt uneasy.

Luo Yi finally stopped after laughing for a while. He looked at Chu Chen and said, "I read about a saying before."

Chu Chen immediately asked, "What kind of saying?"

"It's very obvious that the two are ugly, but they are still afraid that someone will snatch their significant other away."

Luo Yi paused and glanced at Chu Chen before continuing with a smile, "This is true love."

Chu Chen froze for a moment before he foolishly replied, "But we're not ugly..."

Luo Yi said, "But you're dumb. I like you even though you're dumb... Well, this is true love..."

He said the first half smoothly, but when he was talking about true love, he couldn't help but be a little shy, and the tips of his ears were red.

Chu Chen's heart, which was going up and down, suddenly calmed down. His heart was stuffed with fluff and sweetness.

If feelings could turn into a substance. His heart would be stuffed with rabbit-shaped marshmallows.

Otherwise, how could he feel so soft and sweet?

Luo Yi leaned against Chu Chen with a blushed face and asked in a soft voice, "So you also need to work hard so that we can stay in the same class when school starts, enter the same university after our national exam, and when we graduate, we will always be together..."

Just like what we promised each other, stay together forever and ever.

"Hmm." Chu Chen said, and an infinite fighting spirit surged in his chest. They would always be together.

The two of them hugged each other sweetly, and no one spoke.

After a while, Luo Yi suddenly remembered something and asked him, "Where are the groceries that I asked you to buy?"

Chu Chen thought for a while before he exclaimed, "I forgot to put them inside the refrigerator!"

The two quickly ran out of the green room and packed the groceries. Luo Yi glared at Chu Chen while sorting the groceries.

Chu Chen lowered his head submissively, like an obedient daughter-in-law. He admitted his fault and followed everything Luo Yi said.

After sorting everything out, Luo Yi didn't want to move, so he nestled with Chu Chen on the living room sofa while watching TV.

Chu Chen still couldn't let go of what happened just now and sneaked a glance at Luo Yi from time to time.

If Luo Yi was a dead man, he would be resurrected by how many times Chu Chen looked at him, so he asked, "What's wrong?"

Chu Chen was hesitant but finally asked stiffly, "Should we study now?"

Luo Yi suspected that Chu Chen's brain might be broken for a moment. But then he thought about what he said just now, and he couldn't help but want to laugh.

Luo Yi held back his laughter and said thoughtfully, "Why should we study? Just watch TV. Do you know you need to mix work with rest?"

Chu Chen said an "Oh" before turning his head to continue watching TV. After a while, he couldn't help but look at Luo Yi.

Luo Yi replied in a long tone, "Yes?"

Chu Chen felt like sitting on pins and needles, "Ah Tu... Which university are you going to?"

Luo Yi said in a normal tone, "A University."

This answer didn't surprise Chu Chen at all. Luo Yi's parents were alumni of A University, and after they studied for their PhD, they worked as scientific researchers for the country.

As expected, Chu Chen couldn't sit still anymore, and he couldn't help but ask again, "Ah Tu... How likely do you think I can get into A University?"

Luo Yi didn't even think to answer, "As of now, it's impossible."

Chu Chen felt like the sky was about to collapse. When Luo Yi saw his expression, he quickly said, "I mean, as of now!"

Chu Chen looked at him with expectation, "Then... Is it possible in the future?"

Luo Yi grunted, "Well, if you're obedient, then yes, you can."

Chu Chen leaned over and kissed him. His eyes shone, and he said, "I'll be obedient! "

Luo Yi muttered something before pushing him, "So you need to watch TV now, do you understand?"

Chu Chen pulled him into his arms, "Yes, yes, I'm watching TV. I'm watching TV!"

The TV was broadcasting a recap of a live concert, and the singer had recently become very popular because he successfully proposed to his actor girlfriend at the concert.

What was currently broadcasting was exactly the concert with the proposal.

Luo Yi wanted to take the remote control to change the channel, but Chu Chen held down his hand. Chu Chen then nibbled on his ear and whispered, "I want to look, don't change the channel."

Chu Chen liked this singer, so Luo Yi thought little about it but shrunk his neck because it was itchy.

The scene on the TV was pretty touching. But Chu Chen's breath was right next to Luo Yi's ears, making him feel itchy and uncomfortable, so he put little thought into the TV.

Chu Chen then asked him, "Ah Tu, what do you think?"

"Ah?"

"The marriage proposal."

Luo Yi paid little attention to idols, yet he also knew that these two seemed to be a couple who had been dating since they were studying. They didn't have any messy scandals in all these years.

He looked at the two talented couples and replied, "It's pretty good. "

As soon as Luo Yi said it was pretty good, Chu Chen's mind livened up, thinking if he should develop some talent or something to sing love songs to Ah Tu. That sounded so romantic...

Chu Chen was in his imagination, and his hand unconsciously explored Luo Yi's body.

Because Luo Yi's skin was tender and slippery to the touch, he involuntarily went a little too far...

Luo Yi was enduring it, but as a red-blooded male, he got a reaction after getting touched like that.

When his hand was smacked, Chu Chen was still in his imagination of charming Ah Tu with his love song. Then he found that his hand had already reached inside Luo Yi's shirt.

Because of this action, the shirt Luo Yi was wearing was pulled up, revealing his bare body and long, straight legs.

The fatal thing was that his inner thigh still had red marks that had not disappeared because of Chu Chen's licking and biting before. Luo Yi's tiny penis was already semi-erected...

Chu Chen gulped before his breathing turned ragged.

Luo Yi, in an instant, could feel Chu Chen's erection sticking against his ass. Through those thin pants, he could clearly feel the heat and hardness of his cock.

Luo Yi glared at Chu Chen, but he found Chu Chen looking at himself with extreme anticipation.

Chu Chen leaned over and kissed him on the cheek, “Ah Tu...”

Luo Yi turned around and was a little irritable, “I got it!”

After that, he got up from Chu Chen, kneeled on the side of the sofa, reached out, and ripped open Chu Chen’s pants, letting that hard cock out.

Luo Yi couldn’t help but glare at Chu Chen again before leaning down and taking Chu Chen’s prick into his mouth.

## Chapter 28

Before Luo Yi could continue, he felt the cock in his mouth grow so big that he could barely keep it in his mouth.

He wanted to glare at Chu Chen, but Chu Chen reached out and touched the side of his neck and his ear.

Chu Chen caressed him gently, encouraging him, hoping he would go up and beyond.

Luo Yi shrunk his neck because of the itchiness, but all the senses of his body seemed to be mobilized by this tingling itch.

The taste of the salty fluid spread in his mouth. Although it didn’t taste delicious, it stimulated the secretion of his saliva, which caused Luo Yi to swallow them unconsciously.

This kind of subconscious swallowing action was sucking the life out of Chu Chen. The pleasure made his scalp tingle, and he couldn’t help but gasp.

His gasping made Luo Yi stop, and he tried to suck Chu Chen’s cock in his mouth deeper.

Chu Chen’s thick cock pressed against his throat, making him feel suffocated and reflexively want to vomit.

He couldn’t restrain those physiological reactions, but that didn’t stop Luo Yi, and he sucked even harder.

He's addicted to every reaction from Chu Chen, which meant that he did an excellent job of satisfying Chu Chen...

Luo Yi was obsessed with this realization, and he even used his hand to massage the balls that he couldn't swallow in his mouth.

Chu Chen's back was straight up tight. From his point of view, Luo Yi's fair face was flushed with teary eyes, and his cheeks were bulging because of his dick stuffed in his mouth. Luo Yi looked... so well-behaved and lewd...

The bottom half of his body was naked, and because he was sticking up his ass to give him a blow job, his shirt was pulled up, revealing his beautiful waistline.

Chu Chen marked Luo Yi's body with kisses; some red marks were because he accidentally grabbed him too hard.

The most deadly part was his ass that was sticking up, revealing the little red entrance that he fucked hard just now.

Chu Chen was going to explode, so he grabbed Luo Yi's chin and pulled his dick out from Luo Yi's mouth.

Luo Yi looked up at him, confused. His teary and confused eyes looked like he was seducing Chu Chen to fuck him badly from Chu Chen's point of view!

Chu Chen couldn't restrain himself anymore and picked him up, let him straddle his lap, and lowered his head to kiss the mouth that was sucking his cock just now.

Luo Yi was startled when Chu Chen suddenly picked him up. When Chu Chen kissed him, he obediently opened his mouth to let Chu Chen's tongue enter him.

Chu Chen's hand explored his ass, and his dick was grinding against him back and forth.

Luo Yi couldn't help but moan because of the stimulation, which excited Chu Chen, who pulled his ass closer to him. The two equally hard cocks rubbed against each other, eager to cause a spark.

Luo Yi's body was trembling so hard, and he finally waited until Chu Chen finished kissing before he said while sobbing, "Stop grinding... Come... Come inside...."

He already had nothing left after getting fucked so hard by Chu Chen just now. He wanted to ejaculate but couldn't, yet the intense pleasure remained. This tormenting feeling was seriously driving him crazy!

Chu Chen stopped, and his muscles tensed. He gasped heavily and rapidly and seemed to hesitate.

But Luo Yi raised his waist, stuffing Chu Chen's cock into his ass. As soon as Chu Chen's erection entered his sensitive entrance, his legs immediately went weak until he could barely kneel.

Perhaps that little mouth was already fucked into obedience, or maybe it was used so much because after Luo Yi rubbed himself against Chu Chen's shaft for a while, his ass quickly sucked on Chu Chen's glans.

Luo Yi opened his mouth, and his breathing stopped for a moment.

That place that shouldn't be used to do this kind of thing had become the most sensitive sexual organ on his body at this moment. Just a small part of Chu Chen entering him was enough to make him feel like his soul would fly to heaven.

If he thrust all of his cock inside him... It must feel so good...

Luo Yi's mind was empty, but he instinctively knew this, so he bit his lips and sat down slowly, stuffing Chu Chen's cock into his ass.

The anxiety of being unable to ejaculate and the pleasure and satisfaction of filling his back hole little by little made Luo Yi moan uncontrollably.

"Ah Chen..."

Chu Chen listened to Luo Yi calling out his name with such an adorable and pitiful tone, and he wanted to transform into a beast.

Luo Yi's soft moan crushed the last bit of hesitation, and he straightened his waist, thrusting until he was balls deep inside.

Luo Yi screamed silently. Tears fell down his cheeks, not because of pain but because the pleasure was too strong and turbulent!

That's too much... How could it be so...

So scary... But it feels so good... It feels fantastic...

Luo Yi's body was trembling because of this intense pleasure, but Chu Chen forcefully spread open his inner flesh and violently thrust inside him.

Luo Yi's eyes were full of tears, and he could barely see Chu Chen's face, but he could feel the shirt on him being stripped.

The next moment, Chu Chen sucked his swollen nipples fiercely. It felt tingly, but more pleasure...

Luo Yi moaned unconsciously, straightened his chest to make it more convenient for Chu Chen to eat his nipples, and his asshole involuntarily squeezed tighter.

Chu Chen couldn't stand Luo Yi being so tight, and he almost ejaculated right there and then. But he tried to extend his duration, targeting Luo Yi's sensitive spot.

Luo Yi's hands and feet were weak. His asshole had little lubrication, was dripping wet, hungrily contracting, and trying its best to please the engorged member rapidly thrusting inside.

Finally, Luo Yi cried, straightened his waist, and fell into a crazy orgasm. His cock finally squeezed out a little yellowish urine.

Chu Chen, who had already received a blowjob, was almost on edge, so he grabbed Luo Yi's waist and ejaculated inside Luo Yi.

Luo Yi leaned on Chu Chen to catch his breath and didn't want to move again while recovering from his orgasm.

Chu Chen lowered his head and kissed his forehead, adjusting his posture to allow Luo Yi to lean on him more comfortably.

As soon as Chu Chen moved, his soft dick inside Luo Yi's hole slipped out, which received a few sensitive grunts from Luo Yi.

Chu Chen wanted to cuddle with Luo Yi for a while, but as soon as he heard Luo Yi's grunting, he figured it was better to stop cuddling because they would have another round again.

He already fucked Luo Yi several times today, and they definitely couldn't have another round again. So he quickly picked him up to the bathroom to clean up.

Chu Chen put Luo Yi into the bathtub. Luo Yi lay on the bathtub's edge, raising his ass and revealing an opening that still contained Chu Chen's semen.

Chu Chen gulped, eager to just enter Luo Yi in his position.

He touched the red and swollen little mouth, and his fingers probed in. That tight, soft texture numbed his entire arm, from his fingertips to his shoulder.

Luo Yi couldn't help but lift his ass higher. The residual lust inside his body hadn't calmed down yet, and the itching overwhelmed him.

He turned his head to look at Chu Chen a little helplessly and found that Chu Chen was staring at him without blinking.

Luo Yi then recalled what he had done just now and blushed.

Chu Chen gulped and then frantically took Luo Yi into his arms, "Don't seduce me..."

Chu Chen felt he was such a beast! But then he couldn't control himself with Ah Tu looking like this!

Luo Yi mumbled vaguely, "I didn't mean it... It's you..."

Chu Chen didn't answer him but just held Luo Yi and forcibly calmed himself down.

Luo Yi looked at the result and found that the erect penis was eye-catching...

Luo Yi gulped and then asked hesitantly, "Do you need me to help you lick again?"

Chu Chen's heart leaped when he looked at Luo Yi's red mouth but held back. He quickly cleaned Luo Yi and then carried Luo Yi back to the bed after wrapping him with a towel.

Lying on the bed with a towel wrapped around him, Luo Yi wanted to laugh but also felt warm and fuzzy with affection when looking at Chu Chen's stifled red face.

Luo Yi beckoned Chu Chen over with his finger.

Luo Yi kissed him, and Chu Chen wanted to pinch Luo Yi's ass because of Luo Yi's flirting.

In the end, the two pinched each other and rolled together again. Luo Yi moved around uncomfortably and used his thigh to touch Chu Chen's erect penis. He then whispered, "You don't want it?"

Chu Chen was devastated, "Don't move!"

Luo Yi stopped moving but couldn't help shaking while laughing.

"Don't laugh..."

Luo Yi nodded his head while laughing.

Chu Chen gave up. Fortunately, that flirty atmosphere was gone as soon as Luo Yi laughed. After a while, Chu Chen's penis softened.

The two cuddled each other on the bed, naked. They soon fall asleep because of exhaustion.

They spent their whole summer vacation like this, making Luo Yi not used to wearing clothes when school started.

Chu Chen reached out and pinched Luo Yi's ass while sorting out his clothes.

Although Luo Yi was used to it, he still turned around and glared at Chu Chen.

Chu Chen snuggled up closer and lowered his voice, "Ah Tu... Your ass seems to get bigger..."

Luo Yi subconsciously replied, "Bullshit!"

Chu Chen bit his ears and said, "I'm serious. Your ass looks thicker wearing these pants. Must be because of me constantly kneading it..."

Luo Yi tried feeling it and felt that his pants seemed to be a little tighter than before.

Chu Chen then asked him again, "How is it? It's getting bigger, right?"

Luo Yi wouldn't admit that he also felt his ass had gotten bigger. "It's not!"

Chu Chen said with a grin, "Then I'll work hard to knead it bigger!"

Luo Yi wanted to ask Chu Chen what weird kink that was, but he only snorted in the end, "Crazy..."

## Chapter 29

On the way to school, Luo Yi kept glancing at the glass window, trying to see if his ass was that big.

Chu Chen noticed that a long time ago, but he said nothing because he found Ah Tu acting this way... incredibly adorable...

The way Luo Yi wanted to take a closer look but held himself back because he didn't want someone to notice him was so adorable!

Luo Yi turned around to find Chu Chen looking at him with that silly smile, and he felt like Chu Chen caught him red-handed. But when he saw Chu Chen looking at him with a stupid face, he laughed too.

Chu Chen suddenly said, "Ah Tu, I want to kiss you so bad..."

Luo Yi instantly came back to his senses and wanted to glare at him, but looking at Chu Chen's sparkling eyes, his face blushed.

Luo Yi looked away, took a big step forward, and yelled, "Stop messing around. Let's go! We're going to be late!"

As a result, Chu Chen caught up to him the next second and grabbed his hand.

Chu Chen's palm was boiling as if it passed the temperature on his hand over to his heart.

Although Luo Yi knew that two boys holding hands in the middle of a crowded street was ridiculous, he couldn't pull his hand out of Chu Chen's grip.

Chu Chen suddenly smiled brightly at Luo Yi, revealing a mouthful of white teeth with a glint in his eyes.

Luo Yi could feel his heart beating wildly, and before he could think of anything else, he stumbled because Chu Chen suddenly dragged him, and they started running.

While being dragged forward by him, Luo Yi couldn't help but scold him, "Are you crazy?"

Chu Chen laughed with their hands interlocked, refusing to let go.

Although it was very tiring running like this, Luo Yi thought it might be pretty good if they could continue running like this forever...

Then soon Luo Yi felt he must be out of his mind because running like this was serious... very tiring!

Luo Yi leaned against the school gate, feeling like he was about to suffocate. Why did Chu Chen, that asshole, run so fast! !

Chu Chen was still laughing when he saw Luo Yi having difficulty breathing. He quickly circled him again, "Ah Tu, are you alright?"

Luo Yi rolled his eyes at him, not even wanting to waste the energy to speak.

Since it was the first day of school, the two wasted no more time and quickly got into class.

After a summer vacation, the atmosphere of the entire class was remarkably relaxed. Many students were still chatting and talking when the class teacher came in.

The classroom quieted down only when the class teacher coughed.

“You guys need to get back into study mode. There isn’t a lot of time left. Since you are already in your second year, it’ll soon be time to assign you to different classes and enter the third year immediately. After that is the college entrance examination, and there’s not much time for you to waste, got it?”

As the class teacher rambled on the podium, time went faster, just like how he described it as if they were playing a movie at 2x speed.

The words of their former class teacher were still ringing in their ears when they were assigned to different classes.

Luo Yi and Chu Chen chose Sciences and were assigned to the same class with no obstacles, which made Chu Chen ecstatic.

After they were assigned to their classes, Chu Chen trapped Luo Yi in the toilet cubicle to kiss, and they had a reaction while kissing.

Luo Yi didn’t pay attention, and Chu Chen’s hand suddenly reached inside through the hem of his clothes.

Recently, besides studying and playing basketball, Chu Chen learned guitar. The constant guitar plucking formed a thin layer of calluses on his finger.

Luo Yi’s skin was tender. When those rough calluses interacted with his body, it brought shivers, and his already sensitive nipples became unbearable to touch, not to mention being pinched and played by Chu Chen.

His fleshy nipples turned hard in an instant. Whenever Chu Chen’s fingertips moved a little, Luo Yi trembled sensitively.

Luo Yi would moan out loud if Chu Chen wasn’t kissing him.

His pants were stripped down to his thighs, and his erect penis rubbed against Chu Chen’s.

Chu Chen's hand left Luo Yi's nipples a little reluctantly and slid to his ass, kneading the two thick ass cheeks.

"Ah Tu... I want to thrust inside..."

Chu Chen lowered his voice, and lustful breath sprayed on Luo Yi's cheeks. As he spoke, his fingers reached that little hole capable of sucking his soul out.

Luo Yi couldn't help but gasp. Although he didn't want to admit it, his hole, which was already used to getting fucked, started squirming uncontrollably at the moment, obviously wanting someone to enter it.

He was still a little hesitant since they were still in school. What if they got caught...

Chu Chen kissed his cheek coquettishly, bit his earlobe, and said vaguely, "You said you're going to give me a reward. I brought a condom. I won't cum inside you..."

Saying so, Chu Chen's fingertips had already thrust inside his hole.

The squirming hole happily took Chu Chen's fingers as if it was drooling and gobbling Chu Chen's fingers inside.

His body's reaction was the most honest. Luo Yi could feel his asshole's hungry and thirsty response to Chu Chen's fingers, and he couldn't even refuse.

He bit his lip and pushed his ass towards Chu Chen's hand, allowing his fingers to enter deeper.

Seeing him like this, how could Chu Chen not understand him? His fingers thrust faster and pressed on the prostate from time to time.

When Luo Yi turned around and propped himself up against the wall with his hands, raised his ass, and waited for Chu Chen to penetrate him, his penis was already oozing out a lot of fluid, looking like it was ready to ejaculate soon, and even his squirming asshole was shining with moist.

The sound of plastic torn open sounded behind him, and soon after, Chu Chen's penis, covered with a condom, was pressing against the entrance of Luo Yi's ass.

This touch was no longer unfamiliar to Luo Yi since Chu Chen began enjoying outdoor sex.

After expansion and under the moisture of the lubricating oil on the condom, the thick penis entered him with no resistance.

Luo Yi's entire body was tense. His thighs were trembling uncontrollably, but Chu Chen held his waist, lightly thrusting and rubbing against his sensitive spot.

Luo Yi could barely stand straight because of Chu Chen's grinding. He clenched his teeth to hold back his urge to moan. His erect penis was pressing against his lower abdomen, obviously on the verge of ejaculation.

Chu Chen took another condom and put it on Luo Yi's penis.

Because Chu Chen bought it according to his size, it was too large for Luo Yi's penis, but since it was loosely worn on Luo Yi's penis, it made it convenient for Chu Chen to play around.

Although Chu Chen bought the condom with the thinnest layer, he didn't feel any differences compared to Chu Chen not using a condom to fuck him.

Now that he was wearing this condom that didn't suit his size while Chu Chen was playing around with his dick, he only realized how deadly the pleasure of the condom was to him.

The wrinkled condom because of Chu Chen's playing rubbed against his sensitive glans, and the penis inside his hole thrust restlessly.

Luo Yi's hand no longer had the energy to support himself against the wall. If Chu Chen's hand hadn't wrapped around his waist, he would have slipped to the ground.

Fear of getting heard because of big movements, Chu Chen didn't move around hard but moved fast instead.

Luo Yi was soon fucked into cumming after a while, and the semen that ejaculated filled up the condom, making his whole penis wet.

The feeling of his cock soaking in his semen was bizarre and shameful. When Chu Chen saw his ejaculation, he deliberately thrust against his prostate, and he couldn't help but grunt.

Chu Chen seemed to enjoy continue fucking him when he climaxed, and the constantly stimulated hole because of the orgasm contracted violently to please Chu Chen's penis.

Luo Yi felt like he was about to be driven crazy. He turned around, trying to get Chu Chen to slow down, but as soon as he turned around, Chu Chen kissed him.

The intertwined tongues stopped Luo Yi from saying anything, and the intense pleasure of the orgasm overwhelmed his consciousness into nothing.

Almost instinctively, he only knew to open his mouth to let Chu Chen kiss. He was about to go crazy because of the explosive pleasure in his body, but he still raised his ass for Chu Chen to fuck him deeper.

When Chu Chen finally came, Luo Yi already had another orgasm that weakened his arms and legs. Fortunately, Chu Chen was holding him.

Feeling Chu Chen pulled out from his body, Luo Yi gasped softly because of the friction.

Chu Chen looked at Luo Yi's ass. That overused opening couldn't close, and he could vaguely see the bright red intestinal flesh. Without exception, his entire ass slit was dripping wet.

Chu Chen touched there in fascination, which exchanged a sensitive trembling from Luo Yi, and even his hole contracted a few times frightenedly.

Chu Chen gulped, withdrew his hand, took off the condom full of his semen, tied the knot, and directly stuffed it into the small opening that hadn't completely closed.

It startled Luo Yi. He turned his head and looked at Chu Chen with a frightened and puzzled look.

Chu Chen kissed him on the lips and said in a horny tone, "They're wrapped in a condom so that you won't get sick. Keep it until we go home, alright?"

Luo Yi then realized what Chu Chen had just stuffed inside him, and his face couldn't help but burn. How could... he be so horny...

But Chu Chen used his action to interpret how hornier he could be. Because Luo Yi ejaculated twice in a condom that didn't suit his size, a lot of semen overflowed because of the gap.

The semen dripped down his fair white legs, and Chu Chen straightened up and started licking his leg.

Luo Yi could feel the sensation of getting licked by the tip of Chu Chen's tongue between his legs. His hands weakly rested on Chu Chen's shoulder with his whole body leaning against the wall. His face was flushed, and he started panting.

After Chu Chen licked off the overflowing semen, he took the condom off Luo Yi's penis, pushed the semen to the end, tied a knot, and stuffed it into Luo Yi's ass.

Luo Yi's face turned even redder. Even his ears were burning hot, and he opened his mouth, wanting to say something.

Chu Chen suddenly licked his wet penis because of the semen. That soft, flexible, and warm tongue gently and meticulously cleaned his crotch.

Luo Yi's sight was clouded. He was about to have another reaction because of Chu Chen's licking.

Fortunately, Chu Chen also knew that lunch break wasn't enough for them to have another round, and after licking Luo Yi clean, he got up and kissed him and particularly shamelessly asked for praise, "I'm done licking Ah Tu clean..."

Luo Yi was embarrassed and wanted to argue about who would want his licking, but he couldn't say it out loud. In the end, he could only say something else, "Don't kiss me when you're smelly..."

Chu Chen looked at Luo Yi's red ears and felt adored towards Luo Yi. He hugged and cuddled Luo Yi into his arms and only stopped when Luo Yi was on the verge of exploding.

When they finished cleaning and fixing their clothes, they carefully opened the cubicle door and slipped out when no one was around.

## Chapter 30

After assigning them to different classes, their studying pace became more compact. It shocked Chu Chen when he found that Luo Yi had already made a countdown schedule for the college entrance examination.

He asked weakly, "Ah Tu... Isn't it a little early... to count down..."

Luo Yi glanced at him but didn't stop his hand movements. He continued to write this month's study plan before saying, "There's only one University A in the entire country, and about 3000 new students are enrolled every year, including science majors..."

Chu Chen didn't wait for him to finish and kissed him, stopping what Luo Yi was about to say next. He then bit Luo Yi's lips with dissatisfaction before whispering, "I know. I will study hard."

Luo Yi's mouth turned red and moist because of the kiss. Chu Chen couldn't help but lean over to kiss him again before pressing his forehead against Luo Yi's, "I'll work hard so that we can be together all the time..."

Luo Yi's heart softened, and he gently replied, "Alright."

He added after thinking about it, "I left some time slot for you to rest and play."

Chu Chen replied to him vaguely and then asked in a gloomy tone, "What about the time for that?"

How could Luo Yi not know his personality? He rolled his eyes and then slapped the timetable to his face, "See for yourself."

Chu Chen didn't even need to read the timetable to understand everything just by looking at Luo Yi's slightly flushed cheeks. He couldn't help but smile and kiss him again.

Well, the experience was alright with their study, and rest time balanced. After entering the final year of high school, the legendary hell mode didn't scare Chu Chen that much.

When there were 100 days left until the college entrance examination, Chu Chen was numb. He had already started counting down when there was a year left, so these 100 days of countdowns made him feel indifferent.

Because Luo Yi had a detailed plan for everything, Chu Chen trusted Luo Yi sincerely.

Ah Tu is so intelligent and powerful. If he follows his plan, he'll do well!

It was when the college entrance examination ended and when it was about time to release their result that Chu Chen suddenly became nervous.

Luo Yi won the first prize in the National Biology Olympiad, and he already received his guaranteed admission quota to University A a long time ago. He took the college entrance examination just to accompany Chu Chen.

Luo Yi also checked it for himself and found his performance very stable. There's no problem with entering University A.

Chu Chen insisted on checking his result on his own at first, but his hands were shaking as he looked at the interface of the website, not daring to enter his personal information.

Looking at Chu Chen's shaking but not moving hand, Luo Yi reached out to help him fill in the information, and when he was about to submit it, Chu Chen grabbed his hand.

Luo Yi turned his head to look at him. Sweats rolled down Chu Chen's face, and he asked, "Ah Tu, what if I didn't do well?"

He wanted to ask, what if he couldn't get into University A?

Luo Yi stayed silent for a moment before saying, "Either repeat the entire year or go to University B. It's okay if we don't go to the same university."

Chu Chen looked at Luo Yi's face and suddenly called out to him in an aggrieved tone, "Ah Tu..."

He was so afraid of being separated from Ah Tu, but Ah Tu didn't seem to be afraid at all!

Luo Yi kissed his cheek, "University B is pretty good. We can rent a house outside during our sophomore year. Campus life is pretty relaxing, except we can't take classes together. There's nothing different."

Chu Chen's mouth moved, and Luo Yi interrupted him, "If your result is that bad, then you can repeat the entire year. If the result is alright, then continue studying. You still need to continue studying even if we're not in the same city. We can contact each other through phone calls and video calls. Now that transportation is so convenient, it's easy to meet each other, and there are winter and summer vacations as well."

Luo Yi added, "Then apply to University A for your postgraduate. If you fail there, then wait for a master's degree, doctoral degree, a post-doctorate degree."

Chu Chen gulped, and for a while, he couldn't calculate how many years he needed to study.

Chu Chen's tone was light, "Do I... Do I need to study until I get my post-doctorate degree?"

Luo Yi said, "Not really. I think if you have a higher education, we might have more common topics."

Chu Chen endured the urge to burst into tears and nodded solemnly. To have a common topic with Ah Tu, he will do his best to study hard!

Luo Yi looked at Chu Chen, facing death with equanimity, and suddenly laughed. His gentle eyes curved, and he said, "Silly..."

He said it so softly, like a sigh.

Chu Chen's restless heart gradually settled down. He's Ah Tu, after all...

No matter what happened, Ah Tu would have a solution. He's so intelligent, and his arrangement must be the best.

Chu Chen took a deep breath and said, "Alright, let's get this over with. We already finish the test, so it's useless to be nervous now."

Luo Yi rubbed his cheek against Chu Chen's, and when he was just about to click submit, he heard Chu Chen's mother shouting outside the door, "Xiao Yi! Chen Chen! The results are out!"

It startled the two, and they leaped away from each other. Chu Chen's mother entered, hugged both of them in her arms, and gave them a fierce kiss.

Her eyebrows fluttered, "Xiao Yi is our top provincial student!"

Chu Chen then looked at his mother's big red lips and asked with a confused face, "...What about me?"

Chu Chen's mother suddenly choked for a moment before saying, "Your class teacher said it's... What did she say again? I'm so happy just now, and I forgot about it..."

Chu Chen thought to himself... Luo Yi looks more like my mom's biological son than me...

Then they gathered in front of the computer again and checked Chu Chen's result. After seeing the result, Chu Chen's racing heart finally calmed down.

He turned around to look at Luo Yi, and his eyes lit up like there were stars inside.

Luo Yi was also looking at him, and when he saw Chu Chen looking toward him, he smiled and reached out to point at Chu Chen's face.

Chu Chen smiled and didn't care about his face. He raised his hand to wipe the lipstick mark on Luo Yi's face from his mother's kiss.

Chu Chen's father, on the outside, let the three enjoy their happiness for a while before knocking on the opened bedroom door. After the three turned around to look at him, he said, "Let's... go out for a good meal?"

Chu Chen was the first to jump up, "Let's have a slap-up meal!"

He then turned around and asked Luo Yi, "Ah Tu, what do you want to eat?"

Luo Yi wasn't a picky eater, so he directed the question to Chu Chen's mother, "I'm okay with anything. Auntie, what do you want to eat?"

Chu Chen's mother found Luo Yi very caring, well-behaved, and had good grades. Of course, if he's the biological son, that would be perfect...

Then she remembered, "By the way, Xiao Yi. Hurry and call your parents. Why didn't they take a leave and come back for such an important matter as your college entrance exam's result..."

Chu Chen's father was afraid that her nagging about them would make Luo Yi uncomfortable, so he quickly took her away. He instructed the two children to change their clothes so they could go out to celebrate later.

Chu Chen followed his parents to the door and closed it, locking it along the way. Turning around, he hugged and fiercely kissed Luo Yi. He wanted to do something else if he wasn't afraid that his parents would wait for them for a long time.

Luo Yi took the phone, instructed the excited Chu Chen to change his clothes, and dialed his parent's number, but neither answered.

So he called the unit number they had left before. At least there's a living person at the other end of the phone call. After leaving a message, Luo Yi hung up the phone.

Chu Chen asked cautiously, "They're busy again?"

Luo Yi was already used to it, "Yes, he said they were still in the laboratory and could only call me back at night. Don't be like this. I'm fine..."

Chu Chen couldn't help but hug Luo Yi, "My parents are your parents."

Luo Yi laughed and hugged him back, patting Chu Chen on the back like coaxing a child, "Mmm mm, hurry and change your clothes. Uncle and auntie are still waiting for us."

At night, Luo Yi's parents called him, and although they sounded exhausted, they were calm after knowing Luo Yi's results. This news didn't surprise them at all.

Chu Chen thought about it and figured that it would be a surprise if Luo Yi fucked up the exam.

After Luo Yi hung up the phone, he looked at Chu Chen's expression and realized that he shouldn't be able to get used to this kind of relationship. He shrugged, "They put their focus in different directions."

If it wasn't for Chu Chen, Luo Yi believed that he would have the same attitude as his parents, so he understood them.

Chu Chen lowered his head to kiss his lips, "What's mine is yours. Well, I belong to you too."

Then his hand started exploring Luo Yi's ass, and he asked particularly seductively, "Shouldn't we also celebrate?"

Luo Yi hesitated and asked, "How do you want to celebrate?"

Chu Chen replied shamelessly, "I want to fuck you..."

Luo Yi bit his lips, lifted his head, and kissed Chu Chen. He replied in an exceptionally soft volume, "Then fuck me..."

Chu Chen picked him up, let Luo Yi wrap his legs around his waist, and carried Luo Yi to the bed while kissing.

Chu Chen's lips traveled down Luo Yi's neck, and he said vaguely, "I want to spend my entire summer with you in bed..."

Luo Yi found what Chu Chen said funny, but Chu Chen's crotch thrusting against him made him stop laughing.

Their penises rubbed against each other through their pants, and their cocks were erected in no time. Chu Chen put Luo Yi on the bed and somewhat impatiently ripped off Luo Yi's pants.

Luo Yi gasped and cooperated with Chu Chen, and after the two were naked, his long legs naturally hooked on Chu Chen's waist.

Chu Chen's erection pressed against the sensitive, tiny opening in his ass crack, already squirming and contracting, burning him to the point he couldn't help but shiver.

"Come in..."

Luo Yi's half-squinted eyes invited him in. That seductive expression looked remarkably like a vixen.

Chu Chen felt he could just cum the next second, merely looking at Luo Yi. He couldn't restrain himself, so he positioned his hard cock and pushed it into the hungry little mouth.

The penetration wasn't easy because they skipped foreplay beforehand, but now neither of them wanted to stop.

Luo Yi tried to relax, wanting Chu Chen to enter deeper.

Chu Chen didn't want to hurt Luo Yi, so he didn't thrust to the end. After his head entered Luo Yi, he started moving slowly.

Luo Yi's body had long been trained to be incredibly sensitive, and even such a shallow thrust could bring him great pleasure.

But compared to pleasure, his desire for Chu Chen was stronger. That excitement to be ruthlessly pierced by Chu Chen, and fiercely fucked by Chu Chen, was rising.

He could feel his hole contracting hungrily, and as Chu Chen's thrusting became smoother and smoother, he finally couldn't resist wrapping his arms around Chu Chen's neck and demanded, "Deeper..."

Chu Chen couldn't hold back as well. He straightened his waist and fiercely fucked to the deepest part.

Luo Yi's breathing stopped for a moment. His whole body was tensed as the feeling of getting filled up made his scalp numb. His cock was a steel rod, and he made Chu Chen's abs a wet mess along with the rhythm of Chu Chen's thrusting.

But Chu Chen didn't feel as if it was enough. Spreading Luo Yi's ass cheeks apart, he thrust his cock in deeper.

Luo Yi wanted to say that it was too deep, but Chu Chen kissed him when he opened his mouth.

The two tongues intertwined, and no one cared about the saliva flowing down from the corners of their mouths, but almost instinctively wanted to ask for more from each other.

Chu Chen thrust faster, and there was the sound of flesh hitting each other because of the thrusting and the sound of water squirting. He didn't need to look to know how wet Luo Yi's greedy little mouth was.

The thought of Luo Yi's pitiful appearance after he fucked his ass until it was swollen and ejaculated all of his semen inside his ass excited Chu Chen.

He wanted to cum inside Ah Tu until his ass was full of his semen. He wanted to cum all over his body and fuck Luo Yi until he lost his bladder control...

He licked Luo Yi's lips and said vaguely, "Ah Tu, I'll fuck you until you pee, alright? It feels amazing, right?"

Luo Yi's eyes widened for a moment, and before he could say anything, he felt Chu Chen's dick withdraw from his body.

His whole body was turned over with his stomach facing down, but his legs were separated, and his ass was raised high, in a position waiting to be fucked.

Chu Chen's throbbing shaft, stained with intestinal fluid, rubbed against his ass before squeezing in again, fucking deep without hesitation.

Because of the posture, Chu Chen's cock could reach deeper, and it gave Chu Chen more convenience to thrust as if his only goal was to fuck Luo Yi until he lost his bladder control.

Luo Yi looked up and almost cried out. But the thought of Chu Chen's parents made him endure it abruptly.

But enduring seemed to heighten his senses as if every slightest stimulation of his hole being fucked was magnified a million times.

As if it wasn't enough, Chu Chen reached over from behind to play with his nipples, pinching and kneading.

As pleasure started building up, Luo Yi held back not to scream, and his body's reaction was even more unrestrained.

He couldn't help but shake his ass to cater to Chu Chen's rhythm, unaware if he wanted more or wanted him to end quickly.

The pleasure of the impending orgasm made his hole contract so hard that the spasming tender flesh of his intestine was stretched layer by layer, tightening around the penis inside him when it was about to leave.

Luo Yi didn't hold back and was fucked into cumming. The unbearable orgasm made him lose his mind, and his ass swung harder a few times to meet Chu Chen's increasing thrust.

Chu Chen's fierce thrust quickly defeated the subconscious catering of his ass while holding his waist.

Luo Yi couldn't stand it anymore and buried his face in the blanket. His whole body was twitching convulsively on the bed, and a feeling more violent than the orgasm gradually invaded him.

Luo Yi, who had already cum many times, certainly knew what this feeling meant. He suddenly returned to his senses and realized they were both in bed.

Luo Yi turned around to look at Chu Chen, unaware of how delicious he looked right now.

Chu Chen couldn't stand it and kissed him fiercely, and he thrust inside fiercer.

Luo Yi couldn't take it anymore, and since he couldn't scream, he could only whimper softly, seducing Chu Chen to eat him wholly.

When Luo Yi finally had the opportunity to say something, "I'm... I'm about to pee... No... Don't... On the bed...." He couldn't hold back anymore and peed.

Once the floodgates were opened, it was difficult to close it again. Although he kept murmuring not to pee on the bed, his pulsating shaft was dripping urine out vigorously.

The feeling of losing bladder control intertwined with the pleasure of orgasm made his consciousness blank.

There seemed to be countless fireworks exploding in front of Luo Yi, brilliant and dazzling.

Chu Chen slowed down but continued thrusting against Luo Yi's prostate again and again. He kissed the corner of Luo Yi's teary eyes and said softly, "I'll clean them up... I want to fuck you until you can't pee anymore..."

Luo Yi opened his lips in a bewildered look that made one wonder if he had heard what Chu Chen had just said.

But Chu Chen didn't care if he heard it or not. He did what he promised, not just fucking Luo Yi until he couldn't pee. Luo Yi couldn't even open his eyes at the end.

Luo Yi was dazed when Chu Chen carried him to the bathtub. The warm water was so comfortable that it made him drowsy.

Chu Chen kissed his cheek and whispered, "Ah Tu... We will be together forever and ever..."

Luo Yi closed his eyes and gave him a soft reply.

Then, as promised, they went to university together, studied the same major, took the same class, and were assigned to the same dorm room during freshman year.

They rented an apartment outside during the second semester together and then lived together like an ordinary couple.

Time flew by so fast, and before they knew it, it was almost their graduation.

As a student council member, Luo Yi was the behind-the-scene staff of the graduation party, and Chu Chen, who was better than him at showing off his talent, went straight up to the stage.

Chu Chen's performance was the finale of this graduation party, and before the performance began, he repeatedly instructed Luo Yi to sit closer to the stage.

Since Luo Yi was part of the student council, he got the benefit for himself, so he sat in the second row.

The performance started with an oldie, yet the rock composition of the music sounded sensational.

Chu Chen stood in the middle of the band, his eyes searching among the audience under the stage, and when he locked his eyes with Luo Yi, who was sitting in the front row, he smiled.

Chu Chen was a handsome fellow. Four years of university life made his youthfulness disappear from his face, replaced by a more manly charm. A smile that gave a bad boy vibe immediately sent the young girls under the stage screaming and fainting.

But Chu Chen's gaze was tightly glued to Luo Yi and then sang, following the rhythm of the music, "Your laughter sings praises, your scowl pains my heart.

I don't have time to pay attention to myself and only feel what you feel.

Where are you going? You've taken my soul along with you.

It's crazy for you, so keeping it is useless to me...

Hand — it's not a hand. It's a gentle universe.

And I am the small planet turning in your hand..."

Sitting offstage, listening to Chu Chen repeating the lyrics "I can only love you" repeatedly, Luo Yi felt something in his heart had overflowed.

This man... How could he be so...

Luo Yi recalled that many years ago, on the afternoon of the summer vacation, the silly Chu Chen asked for his opinion on the marriage proposal at a concert on TV.

Because he thought it was pretty good, Chu Chen went to learn the guitar until now. He really stood on the stage, singing a love song to him.

Luo Yi's heart was stuffed with sweetness, satisfaction, and the urge to shed tears.

He couldn't help but sing along softly, "Fire, you are fire. You are the destination for a moth-like me. I've never thought of escaping. Why should I want to escape...."

If Chu Chen were beside him, he would always have infinite courage.

After the graduation ceremony, when Chu Chen wanted to come out of the closet with his parents, Luo Yi nodded and agreed.

Chu Chen glanced at Luo Yi beside him before turning his head and solemnly saying to his parents, "We're adults, we've met more people and have experienced more things, but we still want to be together."

"This is not just a puppy love. We have thought about it and planned our future. We want to be together for the rest of our lives."

"We would buy a house together, commute to work together, cook together, do chores together, and live together like all people who love each other do."

Chu Chen gripped Luo Yi's hand as if he feared that Luo Yi would slip away from his hands.

He said, "Dad, mom. I love him. I won't meet anyone better than him. No one is better than him in my heart."

## Chapter 31: Why do I Like You (Extra)

His phone vibration woke up Chu Chen. Then he immediately opened his eyes and turned off the alarm clock as soon as possible.

Luo Yi moved restlessly in his arms with his eyes still closed.

Chu Chen breathed a sigh of relief. Luo Yi was busy in the laboratory until late at night yesterday, and he didn't want to wake him up so early.

After waiting for a while, looking at Luo Yi sleeping in his arms again, Chu Chen got up carefully, gently took the clothes he placed on the bedside table yesterday and left the bedroom like a thief.

After quickly changing his clothes, Chu Chen went to the guest bathroom to wash his face and brush his teeth.

When he finished, he went to the kitchen to prepare breakfast.

Over the years, although his cooking skills were not as good as Luo Yi, he could handle simple home-cooked dishes.

He was the best at making breakfast because he wanted Luo Yi to sleep a little more when he was busy.

He already set the timing for the millet porridge yesterday. The aroma of the porridge was spreading in the kitchen right now.

Chu Chen took the buns out of the refrigerator and put them on the steamer. He and Luo Yi wrapped those buns. He chopped the meat, while Luo Yi seasoned them.

While waiting for the buns to be steamed, Chu Chen went to the study and turned on his computer to check if his mentor had replied to his email.

Chu Chen and Luo Yi chose to study computer science during their four years of university. After graduation, they went for their post-graduate degree. After his convincing, Luo Yi changed his major and began focusing on bio-engineering, as he preferred. And.. uh.. self-taught programming...

Chu Chen looked at a few codes that Luo Yi had changed on the computer and immediately burst into tears. QAQ Ah Tu is so intelligent that he can't keep up with his rhythm!

He quickly referred to the code Luo Yi had changed and copied them to the one he had written before, and then went back to the kitchen while crying.

Looking at the steamer in front of him, Chu Chen felt that his future might just be a househusband who cooks and writes code at home.

Chu Chen was enthralled by his imagination when he heard the door behind him open. He turned around and saw Luo Yi standing at the door with wide-open eyes.

Chu Chen then asked, "Why are you up? Isn't the experiment over? "

Luo Yi didn't answer him but looked around with squinted eyes before asking, "What are you steaming? "

Only then did Chu Chen remember he was still steaming the buns and hurriedly turned off the gas, taking the steamer off.

And the result...

At the dinner table, Chu Chen looked at the over-steamed buns and found himself particularly useless...

Luo Yi didn't care at all and ate breakfast slowly. When he looked at Chu Chen's pitiful look and only had two sips of porridge after a while, he put down his chopsticks and asked, "What's wrong? "

Chu Chen then answered softly. "I over-steamed the buns...."

Luo Yi said nothing, broke off a piece of the steamed buns and then shoved it into Chu Chen's mouth. He waited until Chu Chen chewed and swallowed it before asking again, "Is it delicious?"

Chu Chen nodded. It was indeed quite delicious because Luo Yi seasoned the fillings. Of course, it tasted delicious.

"That's it then. Ugliness didn't affect the taste, and I didn't like you because your steamed buns are good." After Luo Yi finished speaking, he continued eating breakfast with his head down.

Chu Chen thought about it, and it sounded so reasonable. Then he came over excitedly and kissed Luo Yi fiercely before opening his appetite and eating four buns plus two bowls of millet porridge.

Luo Yi took a spoon and enjoyed the porridge with a small sip. Watching Chu Chen eat like a wolf, he couldn't help but laugh. How silly...

After eating breakfast, Chu Chen actively washed the dishes.

Luo Yi didn't have classes today, and the experiment ended, so he planned to rest at home for the whole day.

Chu Chen was having a break as well. Today was supposed to be their lovey-dovey rest day, but since he was distressed that Luo Yi was tired recently, he didn't want to bother him and urged him to continue sleeping.

Although Luo Yi agreed, he followed Chu Chen to the study and nestled into the sofa in the study.

Chu Chen sat on the gaming chair and looked back at Luo Yi, pretending to be terrified, and asked, "You will not supervise me in programming, aren't you..."

Luo Yi hugged the pillow and lay down on the sofa. Looking at him like this, he couldn't help but laugh out loud and said. "That's right. "

Chu Chen asked in an ambiguous tone, "Is there a reward after I finish? "

Luo Yi hooked his finger at him, and Chu Chen immediately went over to him. Luo Yi kissed him on the mouth and said, "There you go, the reward. "

Chu Chen sucked his lips and kissed for a long time before saying, "Don't seduce me. I'll deal with you once you are well rested. "

Luo Yi couldn't help but keep laughing. Chu Chen bit his lips angrily and felt something would happen if they continued kissing like this, so he reluctantly let him go.

With Luo Yi by his side, Chu Chen concentrated on programming and always turned around to look at Luo Yi from time to time.

When he turned around for the third time, Chu Chen saw Luo Yi fall asleep on the sofa with a pillow in his arms, breathing steadily.

Chu Chen took out the thin blanket he had prepared in the cabinet, covered him and increased the air conditioning temperature before sitting back in his chair.

But his gaze was still on Luo Yi.

Luo Yi now, compared to the appearance of a teenager, no longer had a childish demeanor and looked handsome and gentle. In short, Chu Chen found him very good-looking.

Looking at Luo Yi, Chu Chen's heart was flooded with sweetness. This is his Ah Tu...

Chu Chen stared at Luo Yi and wished that time would stop at this moment.

But gradually, Luo Yi's sleep wasn't peaceful anymore. As if he had a nightmare, his brows were furrowed, and his breathing turned chaotic.

Chu Chen quickly went over and hugged him, carefully patting his back like coaxing a child, "Don't be afraid... Ah Tu, don't be afraid... Ah Tu is a good boy..."

And he, in Luo Yi's dream, was indeed a child.

At the wedding ceremony, there were many people he didn't know and didn't want to know.

The young Chu Chen went to his side and asked, "What are you looking at? Do you know all these words? "

He remembered clearly that he found Chu Chen annoying. Kids were annoying and stupid. How come they couldn't understand such a simple thing?

Chu Chen pestered him, "My name is Chu Chen. What is your name? "

He didn't want to speak, but Chu Chen kept asking. He was annoyed, so he turned the book where his name was written on the title page, "My name. "

The young Chu Chen stared at those two words long before asking, "What rabbit? "

Luo Yi glared at him. He didn't want to talk to an idiot!

But Chu Chen, this idiot, continued saying, "My parents call me Chen Chen. You can call me Chen Chen. Can I call you Ah Tu? Calling you Tu Tu is too girly..."

Luo Yi was just about to speak when their parents came, so he could only hold back.

But Chu Chen held his hand, and he couldn't shake it off.

Chu Chen then said, "Ah Tu is so pretty! I want to play with Ah Tu!"

The adults laughed because Chu Chen couldn't recognize Luo Yi's name and called him Ah Tu, yet he insisted on the name. Although he wasn't embarrassed, Luo Yi was embarrassed for him!

After a long time, Chu Chen's parents finally took them away, and Luo Yi could read a book by himself quietly.

But when he looked up again, the entire auditorium was empty, and he didn't know where his parents had gone too!

Although he believed he could go home without his parents, he was still scared when many people were suddenly gone.

Luo Yi clutched the book, standing dumbfounded and didn't know what to do. He was afraid his parents wouldn't find him if he walked away.

As time passed, the fear and anxiety worsened. Luo Yi rummaged through his small pocket, which contained some money his parents gave.

He hadn't been here before, so he wondered if the money was enough to take the cab home.

While he had a bee in his bonnet, a panicked voice suddenly shouted, "Ah Tu!"

Luo Yi looked up reflexively, and Chu Chen dashed towards him. His face was full of sweat, but he called him in a cheerful tone, "Ah Tu!"

Luo Yi wanted to tell him that his name wasn't Ah Tu, but Chu Chen's small, sweaty hand had taken his hand.

His palms were hot and sticky with sweat, which made him uncomfortable.

But Chu Chen said, “Ah Tu, I came to find you...”

He smiled so brightly that his eyes looked like there were stars inside them.

Luo Yi suddenly felt aggrieved because of this idiot. Chu Chen’s parents would hold his hand, laugh and listen to Chu Chen saying something silly, patting his head and saying, “Chen Chen is such a good boy. ”

Luo Yi pouted. He’s well-behaved too and also much more intelligent than that idiot...

But why was he left alone here...

Luo Yi’s tears started rolling down. He was so scared just now. He was alone...

Chu Chen probably didn’t expect him to cry and hurriedly comforted him, but Luo Yi couldn’t stop crying.

Chu Chen had no choice, so he hugged and kissed Luo Yi before saying, “Huggies will make you stop crying. Kisses will protect you from pain. Ah Tu is a good boy... Ah Tu is such a good boy...”

Chu Chen used what his mother coaxed him with when he cried to coax Luo Yi.

A child’s body temperature was already high, not to mention Chu Chen just ran all the way here. His body was sweaty and so hot that it started smoking.

But Luo Yi, who was being hugged, didn’t feel uncomfortable and hot anymore.

On the contrary, he felt warm, as if something missing in his heart had suddenly been filled.

This warmth was something that he remembered for a long time and probably couldn’t forget in his lifetime.

When Luo Yi woke up from his dream, he found Chu Chen had fallen asleep while hugging him. It’s a bit cramped with the two squeezing on the small sofa, but it felt warm.

He stared blankly at the handsome man in front of him for a long time before closing his eyes again and snuggling inside Chu Chen’s arms.

The sleeping Chu Chen naturally hugged him tightly, and his breathing was soft and steady.

Luo Yi mentally sighed, “How warm...”

## Chapter 32: Turning into a Rabbit (Extra)

When Luo Yi woke up, he found the blanket covering his head. Feeling stuffy and uncomfortable, he raised his hand to pull the blanket.

But...

Luo Yi suddenly woke up. Why was his hand so short? Why was the blanket so heavy? And his fingers weren't flexible...

After struggling to get out of the blanket, he finally got a good look at his furry little paws.

Luo Yi tried to move his hands, and the little furry paws in front of him also moved.

So... Did he turn into a small animal with hairy paws?

Before Luo Yi could digest this situation, he heard something getting out of the blanket, and he spun his head. He then saw Chu Chen getting out of the blanket with messy hair and yawning.

Luo Yi had never seen Chu Chen in a giant size before...

Chu Chen rubbed his eyes, and when he saw no one around him, he thought Luo Yi was already up, so he was prepared to get up.

Before he could lift the blanket, he heard a soft, beastly sound.

Chu Chen was stunned and subconsciously looked in the source's direction.

Then he saw a tiny, white, and round-eyed rabbit.

Chu Chen's heart suddenly trembled because of the cuteness overload, and he reached out to hold the rabbit in front of him. He whispered, “Little rabbit, are you calling me?”

Then he muttered, “I never knew a rabbit could make such a sound...”

Finally, Luo Yi showed him that rabbits would make a sound and bite when anxious.

The rabbit suddenly bit Chu Chen. While Chu Chen was startled, he almost threw out the rabbit in his hand.

But after he felt the small soft body of it, he reluctantly held back.

Chu Chen inhaled and hurriedly put the rabbit down, checking his bite mark, "Fortunately, there's no open wound. I wonder if I need to take a shot if a rabbit bites me..."

Luo Yi was furious. He didn't know what he had turned into just now, but after what Chu Chen said, he knew he had become a rabbit.

A rabbit!

Luo Yi believed it must be because Chu Chen often called him Ah Tu. That's why he turned into a rabbit!

Thinking about this, he shouted angrily at Chu Chen again.

Perhaps it was because his body was too small or something else, but this shouting wasn't enough to express Luo Yi's mood because it sounded timid.

When Chu Chen heard that, he suddenly couldn't remember the sadness of being bitten just now. He lay on the bed, looked at the little rabbit in front of him, and said, "I'm sorry. I shouldn't have picked you up without your consent just now. You're afraid of heights, little rabbit?"

Luo Yi found Chu Chen talking to a rabbit with this tone was.... simply retarded!

And the retarded Chu Chen left him.

Chu Chen scratched his hair. He didn't know what to do with this little rabbit that turned up, and they had no plans to raise a pet before...

Thinking of this, Chu Chen wanted to ask Luo Yi first, so he didn't care about the anxious cry from the little rabbit when he left.

Chu Chen wandered around the house and didn't see Luo Yi.

Looking at the door, the kitchen table, the study table, and even the refrigerator, he didn't see any small notes left by Luo Yi.

Chu Chen returned to flip through his phone and found no messages from Luo Yi.

Chu Chen felt something was wrong. Ah Tu wasn't home early in the morning, and he didn't leave a note for him...

QAQ, I felt abandoned!

After Chu Chen was aggrieved for a while, he prepared breakfast. After heating everything, he suddenly remembered the rabbit on the bed again.

Chu Chen's eyes wandered around the house and found a cardboard box to put a mat inside. He then put the rabbit inside the box.

"Good little rabbit!"

Chu Chen said and touched Luo Yi's fuzzy little head. Luo Yi looked at Chu Chen, who knew nothing, giggled, and locked him on the balcony.

Luo Yi lay on the mat in discouragement, feeling that Chu Chen was really... silly...

On the other hand, Chu Chen sent a message to Luo Yi. He didn't want to call him because he feared a phone call would disturb Luo Yi's experiment.

Thinking that Luo Yi went out saying nothing, there must be something urgent in the laboratory.

At noon, Chu Chen washed a little green vegetable from the rabbit, dried it, and put it in the box to eat.

Chu Chen looked at the rabbit that wouldn't eat the vegetable leaves and couldn't help but mutter at the rabbit calling out to him, "Do rabbits like to make noise so much?"

Looking at the balcony door being closed again, Luo Yi lowered his head to deal with the vegetable leaves in front of him.

Not to eat, of course.

He wanted to let this fool know he had turned into a rabbit! ! !

Luo Yi chewed the vegetable leaves into a green mush and, tolerating the disgusting mess, used his furry paws to dip into the vegetable juice and started writing on the cardboard box.

In the room, Chu Chen found Luo Yi's mobile phone on the bedside table while tidying up the bed.

Chu Chen looked at Luo Yi's mobile phone in his hand, and his heartbeat raced. He felt uneasy but couldn't tell why.

He couldn't imagine Luo Yi would forget his mobile phone at home.

Because this kind of thing had never happened before.

Since he was a child, Chu Chen had hardly seen Luo Yi forget about anything. Thinking about it, Chu Chen put the phone in his pocket and went out.

In his mind, something big must have happened if Luo Yi had forgotten his mobile phone.

He went to the laboratory first, and after knowing that Luo Yi never went to the lab today, Chu Chen called his parents and then called Luo Yi's parents.

After hanging up the phone, Chu Chen rushed home like crazy.

On the balcony, he saw a sleeping, soft, white, tiny rabbit.

The rabbit's right paw was mysteriously green, and a few characters were written inside the box.

"I'm Luo Yi. "

Chu Chen slumped on the balcony floor. He reached out and picked up the soft little rabbit, carefully calling out, "Ah Tu?"

Hearing the sound, Luo Yi opened his eyes confusedly and was startled to see Chu Chen's face so close to his own. He instinctively kicked with his short legs.

Chu Chen murmured, "I must be dreaming... How could Ah Tu really turn into a rabbit..."

"....."

Chu Chen placed Luo Yi on the coffee table in the living room, and soon after, he brought water and a towel to wash his paws.

Having wet little paws was very uncomfortable. Luo Yi used a lot of willpower to stop licking his paws.

Chu Chen asked, "Can I use a hair dryer?"

Luo Yi was trying to figure out how to express himself.

Chu Chen said, "Shout once if you want, shout twice if you don't want it."

Luo Yi called out once, and Chu Chen collapsed on the sofa while covering his face.

Luo Yi's cute sound charmed Chu Chen, "Ah Tu is so adorable..."

Luo Yi seriously wanted to bite him to death.

Chu Chen couldn't help himself with the overloaded cuteness. Before getting the hair dryer, he crazily held little Luo Yi and kissed his soft mouth.

Luo Yi was so angry that he already went numb. Chu Chen was skipping happily while getting the hairdryer.

But no one expected that as soon as he turned on the hair dryer, Luo Yi was so scared that his hair stood on end.

He couldn't control his body and took two steps back, then squatted and fell on the glass coffee table, almost flipping over the edge.

Luo Yi never imagined that he would find a hair dryer so scary one day! Just hearing the sound made him tremble uncontrollably! He couldn't help but shake just by listening to the sound!

Chu Chen immediately turned off the hair dryer and quickly squatted down to see what was wrong with Luo Yi.

As soon as he touched him, he could constantly feel the small and soft body trembling. Although the trembling wasn't severe, it broke his heart.

Chu Chen held him in one of his hands, and his other hand gently stroked Luo Yi's soft little body, "Ah Tu, don't be afraid. Don't be afraid, don't be afraid. I'm here. I'm here..."

Luo Yi weakly called out to him but still couldn't stop trembling, and it took a while before stopping.

Chu Chen squatted in front of the coffee table, gently stroking him.

Luo Yi looked up at Chu Chen. His face was a little too big for him now.

But because of this, Luo Yi saw the intense worry in Chu Chen's eyes.

He couldn't speak, so he rubbed his little head against Chu Chen's palm, trying to express that he was okay.

That little movement made Chu Chen's heart melt. This is his Ah Tu...

After such an incident, Chu Chen no longer dared to use the hair dryer on Luo Yi, but he was afraid that Luo Yi's wet paws would affect his health, so he took the tissue from the table and slowly wiped it for him.

Chu Chen looked at the small claw that was the exact size of his pinky, and he really didn't dare to use any force.

After finally getting his paws dry, Chu Chen took Luo Yi back to the bedroom and turned on the laptop that he usually played with before going to bed, opened a document, and put him on top of the keyboard.

So Luo Yi used his tiny paws to tap the keyboard one by one. He was a little depressed about not having a pad on his rabbit paws.

If he had it, he probably could use the touchscreen input...

Luo Yi sighed and slowly typed everything he wanted Chu Chen to handle.

After finishing everything, Luo Yi, who hadn't eaten since morning, had no strength and lay on the keyboard.

Chu Chen was distressed but didn't know what to feed Luo Yi. Vegetable leaves? Or rice?

Luo Yi calmly chose a diet suitable for his body, so he gnawed the green vegetable leaves that Chu Chen washed for him.

He didn't feel hungry when so many things were on his mind before, but now when he was chewing the vegetables... He found green vegetables pretty delicious...

Luo Yi stuffed the vegetable leaves into his mouth, but he did not know how cute he looked when he ate fast and calmly!

Chu Chen looked at Luo Yi's mouth, which was moving fast, and reached out to poke it.

Luo Yi was stunned and stopped chewing. He raised his eyes to look at Chu Chen.

Chu Chen had a weird expression that was screaming, "So cute! I'm going to die from overloading cuteness." Luo Yi wanted to suffocate himself.

Luo Yi didn't want to look at him being a retard, so he turned around, pointed his butt at Chu Chen, and continued eating.

But what Luo Yi didn't know was that his back was as deadly as his eating!

Chu Chen looked at the furry, round back, and his tone became soft, "Ah Tu... You're so round..."

Luo Yi angrily turned around to glare at him, but he couldn't express his emotion at all in his current appearance.

Instead, his action made the short rabbit's tail under his ass exposed...

Then Chu Chen couldn't control his sinful hand, getting bitten again.

Luo Yi moved his body and hid the small tail under his ass.

Chu Chen squatted in front of him, trying to please Luo Yi, "Ah Tu, can I touch it? Just one time? I swear I won't look around anymore!"

Luo Yi exclaimed angrily and firmly hid his tail again.

This man is such a pervert! Touch his ass, touch his tail! And even pulled up his tail to look!

If it weren't for his furry face right now, Luo Yi's face would have been as red as a tomato!

Chu Chen is so annoying!

After both of them had calmed down, they thought about how Luo Yi turned into a rabbit and then thought about how to turn back.

Of course, Luo Yi was the only calm one. When Chu Chen looked at the soft little rabbit that was pondering on the situation, from time to time, even typing something to record his idea, too much cuteness attacked him. He could barely know his direction.

It's not like he didn't want to help, but because Luo Yi coldly rejected him.

"Could it be like the story where the prince turns into a frog? And a kiss will change everything back?"

Chu Chen's eyes glistened, and he was about to pounce on Luo Yi and kiss him until he fainted the next moment.

Luo Yi calmly adjusted the font size of the document to the maximum and then typed, "Fuck off". It clearly expressed his emotions without punctuation.

Chu Chen could only fall back on the bed in disappointment and let out a grunt of dissatisfaction.

After ruling out what he might have eaten or touched something he shouldn't have, Luo Yi could only narrow things down to the fact that he might suddenly become a rabbit.

Thinking about this, he wanted to bite Chu Chen again.

Come to think of it, the only thing that connected him to the rabbit was Chu Chen's daily persistence in calling him Ah Tu...

Then Chu Chen received another dissatisfied rabbit ass pointing towards him. Unfortunately, he could only look at it and wasn't allowed to touch it...

Luo Yi was lying there tiredly, and he could only wait and see if he would suddenly change back again for now.

Realizing Chu Chen beside him hadn't moved for a while, Luo Yi turned his face to look at him and found Chu Chen was holding a mobile phone, clicking around, and reading something.

Luo Yi moved over a little and saw Chu Chen was shopping for... pet supplies...

When he saw Chu Chen put a pink ribbon bow collar into the shopping cart, Luo Yi's heart was numb.

Luo Yi turned around and ignored Chu Chen, and he ended up falling asleep with his stomach facing down.

Chu Chen looked away from his mobile phone and saw the little rabbit in front of him sleeping. The small tail hidden under his ass was also exposed.

He couldn't resist reaching out and gently touching it in exchange for a shudder from that little short tail.

Chu Chen's heart softened with that trembling, and he carried Luo Yi to the pillow so he could sleep more comfortably.

The round little rabbit shrunk into a fluffy ball on the soft pillow. Chu Chen looked at his little belly, rising and falling with his breathing, and exhaled along with it.

It's not like he wasn't nervous when Luo Yi turned into a rabbit.

How could he not be nervous in such a situation that broke common sense? He was far more panicked inside than he had shown on the outside.

But his Ah Tu must be more afraid than him. If he panicked, what about Ah Tu?

Chu Chen leaned closer and stroked his face against the little rabbit.

He was terrified, afraid that Luo Yi would never change back to human forever, but overthinking it was truly meaningless.

Chu Chen also laid down with his hand next to the pillow, touching Luo Yi, but not enough to crush him.

Chu Chen thought as long as they could always be together, how Luo Yi looked or was like didn't matter since he was his Ah Tu...

Luo Yi slept soundly, while Chu Chen woke up from time to time.

Because Luo Yi's size was too small now. Chu Chen was afraid he would crush him if he weren't careful.

After seeing the little rabbit sleeping on the pillow, his heart would settle down, close his eyes, and continue sleeping.

As soon as he opened his eyes again, Luo Yi's quiet, sleeping face shook Chu Chen.

Under the dimly lit night light, Luo Yi's facial contours appeared gentler and peaceful, and his long eyebrows trembled slightly.

Chu Chen couldn't react as if he hadn't seen Luo Yi for a long time.

After returning to his senses, he jumped up and quickly woke Luo Yi up.

Luo Yi was sleeping soundly and wasn't angry when he woke up, but he looked at Chu Chen in confusion and asked, "What's wrong?"

He was stunned just as he finished asking. His eyes went wide, and he looked down at his human form, thinking that everything that had happened before might have been a dream he had when he fell asleep.

Chu Chen hugged him, "Ah Tu! You've turned back into a human!"

Chu Chen hugged him tightly as if he wanted to embed Luo Yi into his body.

Luo Yi's heart went soft because of this force, and he hugged Chu Chen back, "Yah, I changed back."

He swept his gaze over to the clock at the end of the bed. He couldn't help but think, could this be the fairy tale of magic disappearing at midnight?

But soon, Luo Yi found a big problem. He turned back into a human, and there wasn't something missing from his body, but...

There's a short furry rabbit's tail on his ass!

Chu Chen stared at Luo Yi's thick ass with that extra little tail and couldn't help... but reach out... and poke it...

Luo Yi, stunned, flinched, covered his tail in a panic, and looked at Chu Chen with widened eyes.

Chu Chen gulped and said, "Your tail... moves..."

Luo Yi's eyes widened larger because his hand covering the tail could also feel the short tail moving in his palm.

Luo Yi was stunned by this slight movement. Why did he still have a tail after turning back to human?

He couldn't help but wonder if the tail would stay there or disappear after a while.

But obviously, no matter what was on his mind, it didn't matter because he had a rabbit's tail on his butt.

This tail significantly impacted Luo Yi because he could no longer wear pants normally.

Although the tail was very tiny... The tail was really.... sensitive...

Luo Yi felt that his body was about to explode whenever he accidentally touched the tail, not to mention putting on his pants properly.

But from Chu Chen's point of view... That tail looked... super duper erotic...

He wanted to touch Ah Tu's ass, and he also wanted to feel that short tail!

Then Chu Chen shamelessly touched them. Of course, Chu Chen didn't directly touch the rabbit's tail.

He became extremely clingy and rubbed against Luo Yi, saying with a pitiful tone, "Ah Tu.... We haven't done it for a long time..."

While saying this, Chu Chen's hand started kneading Luo Yi's thick ass.

Luo Yi's body softened at this touch. They indeed hadn't had sex for quite a while.

He was busier with his laboratory job and was more exhausted than usual. Chu Chen was distressed about it, and the most they did was touch and miss and did nothing else.

Not just Chu Chen that was holding back. He wanted it too...

But... Luo Yi still couldn't let go that there was a rabbit's tail on his butt...

When Chu Chen touched his tail, he reflexively dodged, "Don't touch my tail!"

That soft, trembling muttering provoked Chu Chen's erection, and his penis pressed against Luo Yi's ass the next moment.

Chu Chen rested his chin on Luo Yi's shoulder, kissing his neck and earlobe while his hot and seductive breath fanned across Luo Yi, "Ah Tu..."

Luo Yi's body reacted because of Chu Chen's touching and kissing. He turned around to exchange a wet and passionate kiss with Chu Chen.

The atmosphere instantly reached its peak, and everything else just proceeded smoothly.

Luo Yi was lying on the bed, and his legs were spread apart with his ass sticking up. His two ass cheeks were spread apart roughly by Chu Chen and fiercely licked at the small squirming entrance hidden between them.

Luo Yi's legs went numb because of the licking, and his erect penis was dripping as if it was about to ejaculate the next moment.

While licking Luo Yi's ass, Chu Chen's eyes couldn't help but look at the rabbit's tail, which was trembling from time to time because of Luo Yi's emotions.

The reaction of the tail was interesting. Whenever he deliberately licked deeper, the rabbit's tail would look rounder and fluffier with bristle hair.

But Chu Chen knew Luo Yi acted that way because it was too pleasurable.

Chu Chen straightened up and pressed his long, hard, and aching shaft against the soft anus opening that turned soft because of his licking.

Luo Yi's breathing stalled, and his whole body tightened like a bowstring.

But that hungry little mouth obediently took in Chu Chen's invasive glans as if it couldn't wait to swallow it whole.

The rabbit's tail was also trembling as if it was urging something.

Chu Chen grabbed Luo Yi's waist and, little by little, slowly and irrefutably thrust inside.

Luo Yi couldn't help but open his mouth and breathe sharply as if doing so would relieve the stimulation of his canal being stretched open.

The thick and long cock was swallowed whole, and since Chu Chen was already familiar with all the sensitive points inside Luo Yi, his every thrust could reach that deadly spot.

"Ah Chen... Ah..."

Luo Yi had always been ashamed of moaning out loud, but those little movements that leaked after suppressing them were seriously deadly.

Chu Chen found Luo Yi's soft moan so lethal that he could come right then. His hands kneading Luo Yi's body couldn't wait to just knead Luo Yi's body into him.

Luo Yi's skin was fair since his movements were a little rough. Luo Yi's body turned red after a while.

Luo Yi felt pain, but compared to the pleasure, this pain was almost negligible compared to the pleasure.

He obviously couldn't help moaning after being together for a long time. They did this so many times.

But Chu Chen could always hear the shyness that couldn't be concealed from Luo Yi's suppressed voice.

Chu Chen felt he was about to turn into a beast because of Luo Yi's moaning. He leaned over, bit Luo Yi's nape, and said vaguely, "Little rabbit, do you like this big tail?"

Luo Yi heard what he said and was so shy that his toes were curled together, and his asshole was also gradually tightening.

Because of the stimulation, Chu Chen's hand finally touched the rabbit's tail, which exploded into a round sphere shape.

Luo Yi's whole body was trembling, and he came without screaming.

Luo Yi's hole tightened because of his orgasm, strangling Chu Chen's dick until his scalp turned numb, and he had difficulty thrusting inside.

He took a deep breath, slowly withdrew from Luo Yi's body, and then turned Luo Yi over and let him lie on his back on the bed.

After experiencing such an orgasm, Luo Yi's teary eyes were clouded. His lips were red, and his two nipples were rising and falling violently with his chest because of his rapid breathing.

Everything here was fatal from Chu Chen's point of view.

His penis between his legs was still wet and drenched with semen.

Chu Chen leaned over and pulled Luo Yi's legs apart, exposing that little mouth hidden between Luo Yi's dripping wet ass, which was swollen and then ruthlessly thrust inside.

Luo Yi tilted his head back and screamed silently. His cock, which had just released, hardened again.

Chu Chen leaned down to kiss Luo Yi's red and swollen lips, sucking his soft, fragrant tongue as if he couldn't wait to eat him there.

Luo Yi was immersed in this maddening pleasure. His legs wrapped around Chu Chen's waist, sending his hungry little mouth toward Chu Chen's stiff member.

When Chu Chen finally came inside him, Luo Yi's mind had long since gone blank.

A violent orgasm invaded his consciousness, making him feel like he was floating in the clouds and tumbling with the waves.

When Chu Chen finally pulled his cock out, he subconsciously clenched his ass tighter, unaware of whether he didn't want it to leave or something else.

But his little mouth was fucked hard and had a hard time closing. The feeling of losing control of his ass couldn't help but make Luo Yi whimper.

The warm semen dripped down his ass crack, and Luo Yi could not stop it.

Chu Chen held him in his arms, and he heard Luo Yi murmur, "My tail... My tail is wet..."
